# ARLINGTON HEIGHTS HERALD

VOLUME 18, NUMBER 47 | Published Every Friday by H. C. PADDOCK SONS | Entered as second class matter under act of March 3, 1879, at Arlington Heights, Ill. | ARLINGTON HEIGHTS, ILL. | FRIDAY, JULY 20, 1945 | 2 SECTIONS — 12 PAGES | $2.00 PER YEAR

# Village Board Passes $110,000 Budget

## Growing town threatens water shortage here

### Village engineer preparing plans for new well

History is repeating itself at Arlington Heights. When it became evident that Arlington Heights was passing the 5,000 population mark the village board started plans for a new deep well. That new well is in operation today, but population figures are now approaching the 7,000 mark and another new well is needed.

The village administration is looking toward the future and is not waiting until a water famine becomes existent before seeking additional water. The village board Monday evening instructed Fred Oswald, representing the village engineers to submit plans for the drilling of a deep well on the site of the former east side well, south of Recreation Park.

Present water consumption is 500,000 gallons a day and it is difficult to build up a reserve.

**Says "no" to Stonegate**

The board was in receipt of a letter from the Stonegate Community Club asking for permission to erect six traffic horses for the purpose of slowing traffic in Stonegate as a protection to the children in that section of town. The request reads in part: "The people of Stonegate have constructed six traffic horses, painted white with diagonal black stripes which we want to place at an angle half way across the street at places where children play most. Inasmuch as we have no sidewalks the children will play in the street and the horses may save a child's life."

The board took the stand that if it gave permission for the horses' the municipality would be liable for damages that might result to car or truck. Their answer was "no".

**Asks gifts for USS Illinois**

The board is in receipt of a letter from the Illinois Squadron of the Navy Club of the U. S. A. suggesting that the community of Arlington Heights be included among those who will make possible a gift or gifts for the welfare and comfort of the crew of the mighty USS Illinois which will be launched next year. The letter also suggested that a committee of citizens be appointed to receive contributions for that purpose. The letter will be referred to the Lions Club and Chamber of Commerce.

**Authorize foreclosure**

The village clerk was authorized to sign a letter, assuring the State's Attorney that the village would be a party to proceedings leading to proposed foreclosure of special assessments against certain parcels of property in various sections of the village.

**Building commissioner explains permit**

Paul Taege, Arlington Heights building commissioner, appeared before the board and explained reasons for the issuance of a permit for the erection of a canopy for truck loading purposes at the rear of the property on East Davis street used by the Arlington Packaging Co. The permit, stated Mr. Taege had the approval of the Fire Chief Jahn. It is temporary and for the length of the duration. The company is dealing in a war time commodity.

Chief Jahn has informed the Herald that he has inspected the packaging plant and has found its operation to be in a manner that meets fire prevention rules.

Police department reported nine arrests and collection of fines totaling $86. Health officer, Mrs. Augustine G. Lippold reported that there had been six cases of scarlet fever during June, but all afflicted had recovered.

The village board on the recommendation of the Arlington Plan Commission accepted, contingent on a similar acceptance by Mt. Prospect, of the "demarkation" agreement made by the plan commissions of Arlington and Mt. Prospect.

Oscar E. Johnson and Louis E. Bornkamp were appointed special police, taking the positions vacated by Martin Heidorn and Henry Martens.

The board, after a four hour session, adjourned at midnight, wondering who was to blame for the long meeting. Without a better "goat" some of the members named the building commissioner. "He would have made a good preacher," is the way Trustee Griffith put it. Commissioner Taege blames the $110,000 appropriation ordinance. "You can't spend that much money in less than four hours," says he.

## Elmer F. Laurin new president of high school board

Elmer F. Laurin is the new president of Arlington Heights high school board of education, which met Friday evening and chose him to fill the vacancy caused by the resignation of Clarence I. Davis. Mr. Laurin has served five years as a member and was re-elected for his third term at the April election. The board took no action to fill the membership vacancy occasioned by the elevation of Mr. Laurin.

Mr. Laurin is chairman of the finance committee and a member of the grounds and building committees. In the estimation of the board members his experience and knowledge of board affairs well qualify him to the position.

## July 15 frost killed 70 acres of corn here

About 70 acres of corn north of Palatine was frozen Sunday night, July 15, when the coldest July night in history hit this territory.

First reports Monday morning of frozen corn in the middle of July were treated with suspicion but the facts bare out the early reports. Frost was so heavy that the corn turned black.

Einer Erickson reported loss of three acres, F. W. Boyer 40 acres and Chester Wind 20 acres. These farms are between Dundee and Lake-Cook county line roads west of Route 53.

The corn was planted on rich but low peat lands and much of it was knee high or better. This heavy damage from a July frost sets an all time record for this territory.

C. A. Hughes, farm adviser says that a July frost heavy enough to destroy corn is very, very unusual, but should serve as a warning to farmers. They will be extremely lucky if this year's corn will have time to ripen and they should do their best with their other crops.

## New Lions club officers installed

Roy Jones, new district governor of District 1-F, installed the newly elected officers of the Palatine Lions Club Tuesday night. Otto Wulbecker, as zone chairman, introduced Lion Jones, who cancelled a personal engagement in order to make the acquaintance of the Arlington Heights boys.

The new president is Oril Cline with Frank Sesterhenn as sec'y. The other officers are Clifford Crane treasurer, Wm. Franke, tail twister, William Lathen, lion tamer. New directors are Al Jasper, Dr. Dunn and Hugo Thal.

Virgil Horath retired as president after serving two years, part of which was by proxy while he was in the navy. Hereafter a president can only serve one year.

## Wants to shed official titles for private life

Wm. W. Luehring, who in official life of Arlington Heights is:

Superintendent of Streets.
Superintendent of Water Works.
Mileage Administrator.
Safety Engineer.
Traffic Engineer.
Police Officer.
and Fireman,

wants to shed all official titles and return to private life after sixteen years employment as the village jack-of-all-trades. He probably knows the "innards" of municipal service better than any other man.

Mr. Luehring for the third time this month tried to resign Monday night. As he expressed it in the words of the late President Coolidge, "I do not choose to run" the affairs of Arlington any longer.

Mr. Luehring was not present at the board meeting when his last resignation was read. The aldermen wanted reasons and the resignation did not give any, so the verdict of the aldermen was "impossible".

One of the trustees suggested that the matter be turned over to the War Labor Board which might have jurisdiction because of the service the municipality gives to war plants.

The principle question now is, can Bill quit without an o. k. from the village board? Alderman Studtman, who succeeded in talking Bill out of resigning twice this month, refused to accept any responsibility in the matter.

As the Herald tried to get in touch with Mr. Luehring Tuesday, he was incommunicado. The municipal office said he was home ill. At home they said he was not home.

As Bill has about all the titles that one man can stand up under and as the village has unofficially promised to buy him a street sweeper, a traffic lane marker and a tractor, the Herald can't see what more he wants, unless it is an opportunity to drive that new truck which he purchased early this month before Alderman Studtman talked him out of resigning the first time.

## Mail carrier catches a whopper

Ralph Stippick, Arlington mail carrier, returned Friday from a fishing trip to Haugen, Wisconsin. He brought back a tale of a 12-pound fish (or was it the tail?). A mail carrier always tells the truth even when on a fishing trip, said Ralph when the reporter tried to question him.

Regardless of the fish he may or might have caught, the trip did him a lot of good. He has a new spring to his step and a smile broader than ever. (We wonder if it would do an editor as much good if he did likewise.)

*On to Tokyo*

## Douglas asked to increase production

### Need 1,000 more workers; 17,000 now employed

Paddock Publications and a selected group of other community newspapers in Chicago and suburban areas, in a series of stories of which this is the first, have been asked to release for the first time hitherto secret information about the construction of the famous C-54 Skymaster airplanes and the uses to which they are being put.

Release of the secret information comes at a time when the Douglas Aircraft Company plant at Park Ridge has been asked to reach and maintain a new peak in production, and to add a minimum of 1,600 new workers to its present working force of 17,000 men and women, each of whom has been trained in a profession destined to become one of peacetime's greatest industries.

John C. Buckwalter, manager of the Douglas Company's Park Ridge plant, revealed that the plant's production quota had been increased each month for the past two months. He said at least 1,000 new workers must be found within the next three weeks, and a total of not less than 1,600 will have to be added by September 1.

Added to Mr. Buckwalter's plea for new workers was one from Donald W. Douglas, president of the company, in which he quoted from a message received from Robert P. Patterson, undersecretary of war, who said:

"Urgently request every effort be put forth to recruit 1,600 additional workers badly needed for C-54 production. The C-54 is being used extensively in air evacuation of wounded and for cargo transport work in the Pacific. Two such important programs cannot be allowed to falter due to lack of equipment. Increased output of C-54 aircraft is vital to successful prosecution of the war against Japan and to the best possible care of our wounded soldiers."

Need for unskilled workers to be trained as general assemblers on the airplane disclosed many interesting secret details in its construction. A paramount need as explained by Buckwalter is for riveters and tube benders.

"More than 1,000,000 rivets go into each C-54, and more than three miles of wire are used in every one," he said. "There is a mile or more of control cable alone, and enough aluminum tubing to span the Mississippi river at its widest point. The airplane is two stories high and its wing span of 117½ feet is nearly as long as the average city building lot.

"We think of the C-54 as being all-metal, but actually it has 1,179 square feet of plywood in it, enough to make a standard basketball court."

The Douglas plant, exclusively, at work making the C-54, the largest cargo-transport plane now in full production, has its own convenient employment office, one at the plant at Higgins and Mannheim roads, and one at 4070 Milwaukee ave. It also maintains interviewers in United States Employment service offices at 4207 W. Armitage ave, 4812 W. Madison st., 654 W. North ave., 4556 Kenmore ave., and 4810 W. 22nd st.

*New state laws*

## Ban jay-walking, give cities gas money for roads

Three new laws of special interest to motorists were passed by the Illinois Legislature which adjourned on June 30th. They are: (1) a financial responsibility law much more drastic than the past one; (2) an Act prohibiting "jaywalking" by pedestrians—i. e., crossing streets between intersections; and (3) granting Chicago authority to fix speed limits within its own borders providing a traffic survey is first made and the rates of speed are sign-posted.

The new Financial Responsibility Act provides that the operator of every motor vehicle which is in any manner involved in an accident in this state, in which there is property damage amounting to more than $50, personal injury or death, must file a report with the Department of Public Works and Buildings, and, if the owner or operator of such motor vehicle is not "financially responsible", the Secretary of State is required to suspend the driver's license and the registration of all motor vehicles under that operator's name until financial responsibility is shown.

"Financial responsibility," under the law, means a $5,000/$10,000 public liability and property damage insurance policy, or deposit of bonds or cash with the Secretary of State, explains the Illinois Automobile Club.

Another Bill passed, which is of interest to motorists living in cities throughout the state, permits municipalities to use up to 15 per cent of the gasoline tax money allotted to them on other than arterial streets. This means that all municipalities can have some state money to help maintain streets in residential areas.

## Harry Levine, Public Service employee dead

Harry Levine, an employee of the Public Service Co. 24 years died Tuesday morning shortly after the arrival of a physician called by his wife. He had awakened feeling ill. Within a half hour he had passed away due to a heart ailment.

Mr. Levine had a wide acquaintance throughout Arlington Heights and neighboring communities. His work as a "trouble shooter" took him to many homes throughout this area. During the more recent years he worked solely out of Arlington.

The Lions Club might be called Mr. Levine's hobby. He had been a member nearly 20 years. He had served as an officer and also as its president. He missed few meetings. Interested in young people he had served on boy scout committees and was always willing to do his share of community work.

His family has lost a loving husband and father, the Public Service Co. a loyal and efficient employee and Arlington Heights a real citizen who bore the respect and friendship of all those with whom he came in contact.

## Redwings to seek fifth in row this Sunday

Sunday afternoon the Arlington Redwings will try for their fifth victory in a row against the strong Stevens Hotel team which is rated as one of the best semi-pro teams in the Chicago territory.

The Stevens team is composed of players from the South Chicago area and operates under the sponsorship of the Stevens Hotel.

The fact that this organization is backing the team indicates that it must be a good club.

Real baseball will return this week end to replace the almost unbelievable exhibition of last Sunday when the Redwings swamped the colored Union Giants 33-1. The Giants had been rated as a good colored team, but no one at the game here could figure out why.

As the Redwings try to run their victory string up to five games, Schaefer will be pitching against the strongest club to come to Arlington this year. The game will start at 3:00 as usual.

## Increase funds needed for many public services

Arlington Heights village board passed its annual appropriation ordinance Monday evening. The budget calls for an increase of $11,000 over the previous year. The increase would have been much larger, but savings of nearly $7,000 were effected by elimination of items not deemed necessary this year. A part of the increase is due to present day costs and increases in salaries. The major items increased are in the sewer and street departments and a provision for the possible expenditure of $1,500 to remedy conditions at the refuse disposal plant.

The operation of the Police Pension Fund that becomes fully operative this year calls for a budget of $1,500. Another large item, $2,000, is for establishment of a retirement and benefit fund for the other municipal employes which was authorized by the voters at the April election. An additional amount will be contributed by the employees themselves.

While an increase of $11,000 may seem large, a considerable part of it is due to the growing pains that Arlington Heights is experiencing. While the building commissioner's salary is paid solely out of permit fees, the budget anticipates that they will amount to $1,000 and includes that amount therein. Last year's budget called for $100.

A direct appropriation is made this year for the first time to pay the fees of the board of appeals and plan commission and expenses totaling $500.

Much of the increase in the sewer and water departments is due to the labor and supplies required to service the coming building programs. The fees paid for these new houses will cancel a large part of such extra expenses.

The largest new item in the budget is $6,000 for new equipment for the street department. The board has not yet ordered the equipment, but the superintendent has recommended the purchase of a street marker, a street sweeper and other items. The board intends to build up a fund for such purposes.

The grand total of this year's budget is $110,410, compared with $98,895 a year ago. The appropriation ordinance appears on page two of this issue.

**RAINBOW INN DANCE CANCELLED THIS WEEK**

The dance scheduled for Saturday, July 21, at Rainbow Inn, Higgins and Roselle roads, has been cancelled on account of the Roselle Rural Fire League picnic.

## Arlington police benefit funds now in operation

The establishment of a Police Pension Fund has a lot of red tape, but under state laws it is compulsory in all villages and cities over 5,000 inhabitants. Arlington Heights is putting the plan in operation this year. The 1945-46 budget adopted Monday night calls for $1,500.00.

In addition to this amount other income is allocated to this fund. The collection of such fees during the 1944-45 budget year makes the picture as of April 30, 1945, as follows:

| | |
|---|---|
| 75% of dog licenses | $ 302.25 |
| 10% of all other licenses | 662.25 |
| All special retail fees | 60.00 |
| 10% of village fines | 79.80 |
| 3% of police salaries (contributed by police officers) | 275.40 |
| From general taxes | 380.74 |
| Total | $1,760.04 |

The police officers benefit from the fund in case of total disability, death or when they reach the retirement age. The fund will be in charge of a local board of pension fund trustees of five members. Two will be appointed by the mayor, two by the police officers themselves and the fifth by the beneficiaries.

Under the plan it is expected that the local fund will grow in size and baring accidents will reach a very sizeable amount before there will be any direct beneficiaries.

## Potatoes prosper above the ground

Potatoes that grow above the ground instead of in the ground is the record discovered this week on a small farm in Forest River subdivision. The small plot of ground, owned by Emma Habeck, who is aided in her endeavors by George Blei, is located on Anita ave., 1 block south of Foundry road.

The potatoes were planted in 3 long rows with all but one bush growing in the customary fashion—in the ground. However, one rebel bush, which believes in plenty of sunlight, is growing 3 potatoes above the ground, in the air.

Perhaps this is just another indication of the advancement of science because of the war. After all, think of the time saved in not having to dig potatoes out of the ground.

## Lions club gives Troop 7 a week's outing

Arlington Heights boy scout troop 7, sponsored by the Lions club, spent the week of July 8th at Fox Isle, near Waterfort, Wis. This trip, made under the direction of assistant scout master Lester McAuliffe, was a reward to the boys for having won the youth parade convention in Chicago in May.

This is the first time the trophy has been won by an Arlington Heights boy scout troop. The trophy will be presented to them by the legion at a later date.

Boating, fishing and swimming were the highlights of the camping trip with other scouting skills and handicraft featured.

Bernard Brock caught the largest fish, a big mouth bass, measuring 19½ inches in length and weighing 5½ pounds. The residents of Fox Isle stated it was the largest fish caught there for many years. His reward was a fine sheath knife.

Another trip is being planned for a later date at Fox Isle, an ideal spot to spend a week at camp.

The following boys made the trip: Richard Morrow, Bernard Brock, Roger Kennedy, Harold Dotts, David Meineke, Marvin Prellberg, Jr., John Deininger, Bruce Stoneking, Aubrey Neville, John Cooper, David Kurtz, Fred Lewke and James Blackburn. Mr. McAuliffe, assistant scout master, directed the camp.

## Palatine farmer, 66, dies suddenly while working in field

August Lass, of Palatine, well known farmer and truck gardener of northern Cook county, died suddenly Friday, July 13, while cultivating corn in his field. He had waved his hand in greeting to a neighbor, Supervisor John Meyer, a few minutes earlier. Grandchildren who missed Mr. Lass at his cultivator, notified their mother, who, calling Mr. Meyer, found his lifeless body on the ground. The horse had not moved.

Mr. and Mrs. Lass have always been very hard workers, starting the day during the summer at five o'clock and not stopping until after dark. He had not been outwardly ill, but recently complained of tiredness. Mr. Lass was a resident of North Northfield until 1925.

## Schlaeger host to town collectors

County Treasurer Victor L. Schlaeger, was host to the township collectors, officials of his office and some personal friends at a buffet dinner at the Morrison Hotel Tuesday evening.

Mr. Schlaeger told the town collectors that he was giving the party as an appreciation of the fine cooperation the town collectors had always given his office and that business was out for the evening, that everyone was there to enjoy themselves and that the crowd was to throw any inhibitions out of the window and have a good time. The crowd took the boss at his word and had a grand evening.

After a sumptuous buffet dinner the gathering was entertained by talent from the civic opera, by a fine magician and by a young lady playing the concertina, who led the collectors in community singing and the boys joined in with a vengeance and "When Irish Eyes Are Smiling", "It's a Long Long Trail", "Don't Fence Me In", "My Wild Irish Rose" and a host of other old stand bys rang out with a volume that could be heard up and down Madison st.

The town collectors have considered Victor L. Schlaeger as the most cooperative county treasurer that they ever worked with and they didn't hesitate to tell him so Tuesday evening.

The treasurer and the collectors will meet shortly to discuss tax matters and the collection of the second installment of 1944 taxes.

**FALSE ALARM**

The fire department was called to 910 N. Dunton avenue Wednesday afternoon when a coat caught fire. The coat was thrown outside the house and the call goes down as a false alarm which means half pay for the firemen who answered the call.

Blazing grease in a frying pan is blamed for the fire call. Neighbors saw black smoke coming thru a door and called the department.

## Farmers report bumper hay crops

Regardless of the height of corn today, the local hay crop is tremendous. H. W. Moehling & Son, who do a lot of baling for individual farmers, report that Herman Busse secured 90 bales of clover to the acre and Wm. Freise secured 140 bales of timothy to the acre.

## Girl Scouts and Brownies day camp successful

One hundred and forty-five Girl Scouts and Brownies of Arlington Heights and Mt. Prospect have cooked out of doors, blazed trails and explored the Forest Preserves of Elk Grove on snoop hikes.

Eighty-four girls attended Day Camp Brownie week—July 9 thru July 19. Sixty-one Girl Scouts are registered for the week of July 16 thru July 19.

Outdoor cooking has been the favorite activity of most of the girls. Living in the out-of-doors underlies most of the activities. One little Brownie requested "Please, could she cook or wash dishes on her birthday?"

The wonderful meals cooked out-of-doors will remain always one of the pleasant camp memories. The favorite menu was blushing bunny on toast, a concoction of thick tomato soup and melted cheese, celery sticks filled with peanut butter, bread and butter, fruit and milk.

Each unit has looked forward to taking its turn carrying the flag for the opening and closing general assemblies. At the closing assembly for each week the units presented a stunt. The girls displayed surprising ingenuity and dramatic ability. Mrs. E. E. Brooks has taught singing games and helped the girls with their stunts. Mrs. William Walton has helped them with outdoor sketching and spatter printing. Brownie week Mrs. Daniel Vittum was the Story Telling Lady.

By camping together the girls have developed a sense of comradeship, loyalty and mutual aid and a deep appreciation of the gifts of each to the whole. Many new friendships have been made because the members of each troop have been in different units. The unit leaders for Girl Scout week are Mrs. R. D. Siggelkow, Mrs. J. A. Wilkieson, Miss Ingrid Schueren, Mrs. I. K. Allshouse, Mrs. C. W. Garman, Mrs. T. L. Archibald, Mrs. A. L. Ashcraft, Mrs. W. M. Hubbard, Mrs. E. Byrd, Mrs. F. C. Utterback, Miss Joan Mary Cahill, Mrs. K. W. Kennedy, Mrs. A. W. Blashke.

This is the first summer the Girl Scout Council of Arlington Heights has had a day camp. It has been outstandingly successful. It was planned, developed and carried out by the Girl Scout Council, the camp committee, the camp director and the staff of leaders. Mrs. G. A. Glow is camp chairman of the council. The other committee members are Mrs. H. D. Gilman, Mrs. H. B. Evans, Mrs. D. E. Schueren, Mrs. W. N. Walton. Many of the Girl Scout and Brownie mothers have volunteered to drive the girls to and from camp. The Girl Scout Council wishes to thank those mothers who have given so generously of their time and precious gasoline.

*Then let this be the aim of all our building,*
*A finer race of womanhood to come,*
*Straight-backed, wide eyed, with better understanding*
*Of life and fair habiliments of home.*
*A broader sense of beauty, comprehending,*
*The source of greening leaf and creamy foam*
*Of blossoms in resplendent burgeoning,*
*That promise seen in each recurrent spring.*

## Housewives and butchers urged to break black mart

### Meat ceiling price lists available at ration boards

Housewives of this area are being armed with a "simple but powerful weapon" to help smash the black market in meat, it was announced by the chairman of war price and rationing board.

He referred to the convenient-sized ceiling price lists for all cuts and grades of meat that are now available to consumers at board headquarters. The lists show top prices for meats sold in OPA Group 1 and 2 stores, those independently owned and with annual gross sales of less than $250,000.

"By using her little meat price list, or looking at the large ceiling price posters in every store, any housewife can satisfy herself that she is paying no more than the ceiling price.

"This supplying of legal price lists by the board is one part of the Grocer-Consumer Anti-Inflation campaign that enlists the aid both of food retailers and of shoppers in eliminating overceiling sales of food."

Urging shoppers to report to the board's price panel any instances of overcharging, the chairman pointed out that a black market exists wherever meat is sold at overceiling prices or without collection of ration points.

"I know we can count on the housewives to boycott the black market out of existence," said the chairman.

"Above-ceiling prices are the black market's profits. Take away those profits and the black market will die. Then large amounts of meat will no longer go to the unscrupulous few and supplies will be spread more evenly among the retail stores and customers."

### Must not accept loose stamps is plea to retailers

"Don't accept loose ration stamps," was the warning given all food retailers today by the chairman of war price and rationing board.

He said the fight against counterfeit food stamps is on in earnest and that a retailer's best protection is to insist that all customers tear their stamps from their books in his presence, as provided by rationing regulations.

"This is a friendly warning to help retailers stay in business.

"A seller of food is debited in his ration bank account for every fake stamp sent from his store, now that OPA is examining all used stamps under ultra violet rays to see if they are good.

"A storekeeper can be debited right out of business by fake stamps and he is also subject to suspension proceedings that prevent him from buying or selling rationed foods."

The chairman said it is his suggestion that every storekeeper put up a sign telling his customers that all stamps must be torn from books in his presence. Most counterfeits, he added, are circulated loosely.

Fake stamps throw rationing out of balance, making for unfairness in distributing scarce foods, the chairman pointed out. Some are sure to get more than their share in using counterfeits and others are sure to be cheated.

## Navy studies plan to use prisoners of war to operate laundry

German prisoners of war may be washing clothes in a laundry to be set up on the auxiliary field south of Arlington Heights. United States Navy is studying the plan, but ran into difficulties Monday evening.

A navy lieutenant appeared before the Arlington Heights village board. While awaiting a hearing he heard the trustees discuss the need of a new well and was halfway prepared for the refusal that the village board had to give to his plan.

The navy asked that the village construct a three-quarters of a mile extension of water main from the nearest hydrant to the field and be prepared to furnish 210 gallons a minute eight hours a day. The navy's contribution to the construction of the plan would only be the priorities needed to get the material. The cost of the extension is estimated at $15,000.

The navy had investigated far enough to know that Arlington has a connection with the Arlington Jockey Club well, which might be used if the water was furnished.

## RATION DATES

**Sugar No. 36 valid, exp. Aug. 31. Fuel oil, 1 through 5 valid indefinitely. New period 1 also valid.**

**Processed foods, T2 through Z2 and A1-N1 valid. T2-X2, exp. July 31. Z2-Z2 and A1-C1 exp. Aug. 31. D-1-H1 exp. Sept. 30. J1-N1 exp. Oct. 31.**

**Meat, K2 through Z2 and A1-E1 valid. K2-P2 exp. July 31. Q2-U2 exp. Aug. 31. V2-Z2 exp. Sept. 30. A1-E1 exp. Oct. 31.**

**Gas, A book, No. 16 valid, 6 gals. each, exp. Sept. 21.**

**Shoe, airplane stamps 1, 2 and 3 valid, used indefinitely.**

# ARLINGTON HEIGHTS HERALD

VOLUME 18, NUMBER 47 | Published Every Friday by H. C. PADDOCK SONS | Entered as second class matter under act of March 3, 1879, at Arlington Heights, Ill. | ARLINGTON HEIGHTS, ILL. | FRIDAY, JULY 20, 1945 | 2 SECTIONS — 12 PAGES | $2.00 PER YEAR

# Village Board Passes $110,000 Budget

## Growing town threatens water shortage here

### Village engineer preparing plans for new well

History is repeating itself at Arlington Heights. When it became evident that Arlington Heights was passing the 5,000 population mark the village board started plans for a new deep well. That new well is in operation today, but population figures are now approaching the 7,000 mark and another new well is needed.

The village administration is looking toward the future and is not waiting until a water famine becomes existent before seeking additional water. The village board Monday evening instructed Fred Oswald, representing the village engineers to submit plans for the drilling of a deep well on the site of the former east side well, south of Recreation Park.

Present water consumption is 500,000 gallons a day and it is difficult to build up a reserve.

**Says "no" to Stonegate**

The board was in receipt of a letter from the Stonegate Community Club asking for permission to erect six traffic horses for the purpose of slowing traffic in Stonegate as a protection to the children in that section of town. The request reads in part: "The people of Stonegate have constructed six traffic horses, painted white with diagonal black stripes which we want to place at an angle half way across the street at places where children play most. Inasmuch as we have no sidewalks the children will play in the street and the horses may save a child's life."

The board took the stand that if it gave permission for the horses the municipality would be liable for damages that might result to car or truck. Their answer was "no".

**Asks gifts for USS Illinois**

The board is in receipt of a letter from the Illinois Squadron of the Navy Club of the U. S. A. suggesting that the community of Arlington Heights be included among those who will make possible a gift or gifts for the welfare and comfort of the crew of the mighty USS Illinois which will be launched next year. The letter also suggested that a committee of citizens be appointed to receive contributions for that purpose. The letter will be referred to the Lions Club and Chamber of Commerce.

**Authorize foreclosure**

The village clerk was authorized to sign a letter, assuring the State's Attorney that the village would be a party to proceedings leading to proposed foreclosure of special assessments against certain parcels of property in various sections of the village.

**Building commissioner explains permit**

Paul Taege, Arlington Heights building commissioner, appeared before the board and explained reasons for the issuance of a permit for the erection of a canopy for truck loading purposes at the rear of the property on East Davis street used by the Arlington Packaging Co. The permit, stated Mr. Taege had the approval of the Fire Chief Jahn. It is temporary and for the length of the duration. The company is dealing in a war time commodity.

Chief Jahn has informed the Herald that he has inspected the packaging plant and has found its operation to be in a manner that meets fire prevention rules.

Police department reported nine arrests and collection of fines totaling $86. Health officer, Mrs. Augustine G. Lippold reported that there had been six cases of scarlet fever during June, but all afflicted had recovered.

The village board on the recommendation of the Arlington Plan Commission accepted, contingent on a similar acceptance by Mt. Prospect, of the "demarkation" agreement made by the plan commissions of Arlington and Mt. Prospect.

Oscar E. Johnson and Louis E. Bornkamp were appointed special police, taking the positions vacated by Martin Heidorn and Henry Martens.

The board, after a four hour session, adjourned at midnight, wondering who was to blame for the long meeting. Without a better "goat" some of the members named the building commissioner. "He would have made a good preacher," is the way Trustee Griffith put it. Commissioner Taege blames the $110,000 appropriation ordinance. "You can't spend that much money in less than four hours," says he.

## Elmer F. Laurin new president of high school board

Elmer F. Laurin is the new president of Arlington Heights high school board of education, which met Friday evening and chose him to fill the vacancy caused by the resignation of Clarence I. Davis. Mr. Laurin has served five years as a member and was re-elected for his third term at the April election. The board took no action to fill the membership vacancy occasioned by the elevation of Mr. Laurin.

Mr. Laurin is chairman of the finance committee and a member of the grounds and building committees. In the estimation of the board members his experience and knowledge of board affairs well qualify him to the position.

## July 15 frost killed 70 acres of corn here

About 70 acres of corn north of Palatine was frozen Sunday night, July 15, when the coldest July night in history hit this territory.

First reports Monday morning of frozen corn in the middle of July were treated with suspicion but the facts bare out the early reports. Frost was so heavy that the corn turned black.

Einer Erickson reported loss of three acres, F. W. Boyer 40 acres and Chester Wind 20 acres. These farms are between Dundee and Lake-Cook county line roads west of Route 53.

The corn was planted on rich but low peat lands and much of it was knee high or better. This heavy damage from a July frost sets an all time record for this territory.

C. A. Hughes, farm adviser says that a July frost heavy enough to destroy corn is very, very unusual, but should serve as a warning to farmers. They will be extremely lucky if this year's corn will have time to ripen and they should do their best with their other crops.

## New Lions club officers installed

Roy Jones, new district governor of District 1-F, installed the newly elected officers of the Palatine Lions Club Tuesday night. Otto Wulbecker, as zone chairman, introduced Lion Jones, who cancelled a personal engagement in order to make the acquaintance of the Arlington Heights boys.

The new president is Oril Cline with Frank Sesterhenn as sec'y. The other officers are Clifford Crane treasurer, Wm. Franke, tail twister, William Lathen, lion tamer. New directors are Al Jasper, Dr. Dunn and Hugo Thal.

Virgil Horath retired as president after serving two years, part of which was by proxy while he was in the navy. Hereafter a president can only serve one year.

## Wants to shed official titles for private life

Wm. W. Luehring, who in official life of Arlington Heights is:

Superintendent of Streets.
Superintendent of Water Works.
Mileage Administrator.
Safety Engineer.
Traffic Engineer.
Police Officer.
and Fireman,

wants to shed all official titles and return to private life after sixteen years employment as the village jack-of-all-trades. He probably knows the "innards" of municipal service better than any other man.

Mr. Luehring for the third time this month tried to resign Monday night. As he expressed it in the words of the late President Coolidge, "I do not choose to run" the affairs of Arlington any longer.

Mr. Luehring was not present at the board meeting when his last resignation was read. The aldermen wanted reasons and the resignation did not give any, so the verdict of the aldermen was "impossible".

One of the trustees suggested that the matter be turned over to the War Labor Board which might have jurisdiction because of the service the municipality gives to war plants.

The principle question now is, can Bill quit without an o. k. from the village board? Alderman Studtman, who succeeded in talking Bill out of resigning twice this month, refused to accept any responsibility in the matter.

As the Herald tried to get in touch with Mr. Luehring Tuesday, he was incommunicado. The municipal office said he was home ill. At home they said he was not home.

As Bill has about all the titles that one man can stand up under and as the village has unofficially promised to buy him a street sweeper, a traffic lane marker and a tractor, the Herald can't see what more he wants, unless it is an opportunity to drive that new truck which he purchased early this month before Alderman Studtman talked him out of resigning the first time.

## Mail carrier catches a whopper

Ralph Stippick, Arlington mail carrier, returned Friday from a fishing trip to Haugen, Wisconsin. He brought back a tale of a 12-pound fish (or was it the tail?). A mail carrier always tells the truth even when on a fishing trip, said Ralph when the reporter tried to question him.

Regardless of the fish he may or might have caught, the trip did him a lot of good. He has a new spring to his step and a smile broader than ever. (We wonder if it would do an editor as much good if he did likewise.)

*On to Tokyo*

## Douglas asked to increase production

### Need 1,000 more workers; 17,000 now employed

Paddock Publications and a selected group of other community newspapers in Chicago and suburban areas, in a series of stories of which this is the first, have been asked to release for the first time hitherto secret information about the construction of the famous C-54 Skymaster airplanes and the uses to which they are being put.

Release of the secret information comes at a time when the Douglas Aircraft Company plant at Park Ridge has been asked to reach and maintain a new peak in production, and to add a minimum of 1,600 new workers to its present working force of 17,000 men and women, each of whom has been trained in a profession destined to become one of peacetime's greatest industries.

John C. Buckwalter, manager of the Douglas Company's Park Ridge plant, revealed that the plant's production quota had been increased each month for the past two months. He said at least 1,000 new workers must be found within the next three weeks, and a total of not less than 1,600 will have to be added by September 1.

Added to Mr. Buckwalter's plea for new workers was one from Donald W. Douglas, president of the company, in which he quoted from a message received from Robert P. Patterson, undersecretary of war, who said:

"Urgently request every effort be put forth to recruit 1,600 additional workers badly needed for C-54 production. The C-54 is being used extensively in air evacuation of wounded and for cargo transport work in the Pacific. Two such important programs cannot be allowed to falter due to lack of equipment. Increased output of C-54 aircraft is vital to successful prosecution of the war against Japan and to the best possible care of our wounded soldiers."

Need for unskilled workers to be trained as general assemblers on the airplane disclosed many interesting secret details in its construction. A paramount need as explained by Buckwalter is for riveters and tube benders.

"More than 1,000,000 rivets go into each C-54, and more than three miles of wire are used in every one," he said. "There is a mile or more of control cable alone, and enough aluminum tubing to span the Mississippi river at its widest point. The airplane is two stories high and its wing span of 117½ feet is nearly as long as the average city building lot.

"We think of the C-54 as being all-metal, but actually it has 1,179 square feet of plywood in it, enough to make a standard basketball court."

The Douglas plant, exclusively, at work making the C-54, the largest cargo-transport plane now in full production, has its own convenient employment office, one at the plant at Higgins and Mannheim roads, and one at 4070 Milwaukee ave. It also maintains interviewers in United States Employment service offices at 4207 W. Armitage ave, 4812 W. Madison st., 654 W. North ave., 4556 Kenmore ave., and 4810 W. 22nd st.

*New state laws*

## Ban jay-walking, give cities gas money for roads

Three new laws of special interest to motorists were passed by the Illinois Legislature which adjourned on June 30th. They are: (1) a financial responsibility law much more drastic than the past one; (2) an Act prohibiting "jaywalking" by pedestrians—i. e., crossing streets between intersections; and (3) granting Chicago authority to fix speed limits within its own borders providing a traffic survey is first made and the rates of speed are sign-posted.

The new Financial Responsibility Act provides that the operator of every motor vehicle which is in any manner involved in an accident in this state, in which there is property damage amounting to more than $50, personal injury or death, must file a report with the Department of Public Works and Buildings, and, if the owner or operator of such motor vehicle is not "financially responsible", the Secretary of State is required to suspend the driver's license and the registration of all motor vehicles under that operator's name until financial responsibility is shown.

"Financial responsibility," under the law, means a $5,000/$10,000 public liability and property damage insurance policy, or deposit of bonds or cash with the Secretary of State, explains the Illinois Automobile Club.

Another Bill passed, which is of interest to motorists living in cities throughout the state, permits municipalities to use up to 15 per cent of the gasoline tax money allotted to them on other than arterial streets. This means that all municipalities can have some state money to help maintain streets in residential areas.

## Harry Levine, Public Service employee dead

Harry Levine, an employee of the Public Service Co. 24 years died Tuesday morning shortly after the arrival of a physician called by his wife. He had awakened feeling ill. Within a half hour he had passed away due to a heart ailment.

Mr. Levine had a wide acquaintance throughout Arlington Heights and neighboring communities. His work as a "trouble shooter" took him to many homes throughout this area. During the more recent years he worked solely out of Arlington.

The Lions Club might be called Mr. Levine's hobby. He had been a member nearly 20 years. He had served as an officer and also as its president. He missed few meetings. Interested in young people he had served on boy scout committees and was always willing to do his share of community work.

His family has lost a loving husband and father, the Public Service Co. a loyal and efficient employee and Arlington Heights a real citizen who bore the respect and friendship of all those with whom he came in contact.

## Redwings to seek fifth in row this Sunday

Sunday afternoon the Arlington Redwings will try for their fifth victory in a row against the strong Stevens Hotel team which is rated as one of the best semi-pro teams in the Chicago territory.

The Stevens team is composed of players from the South Chicago area and operates under the sponsorship of the Stevens Hotel.

The fact that this organization is backing the team indicates that it must be a good club.

Real baseball will return this week end to replace the almost unbelievable exhibition of last Sunday when the Redwings swamped the colored Union Giants 33-1. The Giants had been rated as a good colored team, but no one at the game here could figure out why.

As the Redwings try to run their victory string up to five games, Schaefer will be pitching against the strongest club to come to Arlington this year. The game will start at 3:00 as usual.

## Increase funds needed for many public services

Arlington Heights village board passed its annual appropriation ordinance Monday evening. The budget calls for an increase of $11,000 over the previous year. The increase would have been much larger, but savings of nearly $7,000 were effected by elimination of items not deemed necessary this year. A part of the increase is due to present day costs and increases in salaries. The major items increased are in the sewer and street departments and a provision for the possible expenditure of $1,500 to remedy conditions at the refuse disposal plant.

The operation of the Police Pension Fund that becomes fully operative this year calls for a budget of $1,500. Another large item, $2,000, is for establishment of a retirement and benefit fund for the other municipal employes which was authorized by the voters at the April election. An additional amount will be contributed by the employees themselves.

While an increase of $11,000 may seem large, a considerable part of it is due to the growing pains that Arlington Heights is experiencing. While the building commissioner's salary is paid solely out of permit fees, the budget anticipates that they will amount to $1,000 and includes that amount therein. Last year's budget called for $100.

A direct appropriation is made this year for the first time to pay the fees of the board of appeals and plan commission and expenses totaling $500.

Much of the increase in the sewer and water departments is due to the labor and supplies required to service the coming building programs. The fees paid for these new houses will cancel a large part of such extra expenses.

The largest new item in the budget is $6,000 for new equipment for the street department. The board has not yet ordered the equipment, but the superintendent has recommended the purchase of a street marker, a street sweeper and other items. The board intends to build up a fund for such purposes.

The grand total of this year's budget is $110,410, compared with $98,895 a year ago. The appropriation ordinance appears on page two of this issue.

**RAINBOW INN DANCE CANCELLED THIS WEEK**

The dance scheduled for Saturday, July 21, at Rainbow Inn, Higgins and Roselle roads, has been cancelled on account of the Roselle Rural Fire League picnic.

## Arlington police benefit funds now in operation

The establishment of a Police Pension Fund has a lot of red tape, but under state laws it is compulsory in all villages and cities over 5,000 inhabitants. Arlington Heights is putting the plan in operation this year. The 1945-46 budget adopted Monday night calls for $1,500.00.

In addition to this amount other income is allocated to this fund. The collection of such fees during the 1944-45 budget year makes the picture as of April 30, 1945, as follows:

| | |
|---|---|
| 75% of dog licenses | $ 302.25 |
| 10% of all other licenses | 662.25 |
| All special retail fees | 60.00 |
| 10% of village fines | 79.80 |
| 3% of police salaries (contributed by police officers) | 275.40 |
| From general taxes | 380.74 |
| Total | $1,760.04 |

The police officers benefit from the fund in case of total disability, death or when they reach the retirement age. The fund will be in charge of a local board of pension fund trustees of five members. Two will be appointed by the mayor, two by the police officers themselves and the fifth by the beneficiaries.

Under the plan it is expected that the local fund will grow in size and baring accidents will reach a very sizeable amount before there will be any direct beneficiaries.

## Potatoes prosper above the ground

Potatoes that grow above the ground instead of in the ground is the record discovered this week on a small farm in Forest River subdivision. The small plot of ground, owned by Emma Habeck, who is aided in her endeavors by George Blei, is located on Anita ave., 1 block south of Foundry road.

The potatoes were planted in 3 long rows with all but one bush growing in the customary fashion—in the ground. However, one rebel bush, which believes in plenty of sunlight, is growing 3 potatoes above the ground, in the air.

Perhaps this is just another indication of the advancement of science because of the war. After all, think of the time saved in not having to dig potatoes out of the ground.

## Lions club gives Troop 7 a week's outing

Arlington Heights boy scout troop 7, sponsored by the Lions club, spent the week of July 8th at Fox Isle, near Waterfort, Wis. This trip, made under the direction of assistant scout master Lester McAuliffe, was a reward to the boys for having won the youth parade convention in Chicago in May.

This is the first time the trophy has been won by an Arlington Heights boy scout troop. The trophy will be presented to them by the legion at a later date.

Boating, fishing and swimming were the highlights of the camping trip with other scouting skills and handicraft featured.

Bernard Brock caught the largest fish, a big mouth bass, measuring 19½ inches in length and weighing 5½ pounds. The residents of Fox Isle stated it was the largest fish caught there for many years. His reward was a fine sheath knife.

Another trip is being planned for a later date at Fox Isle, an ideal spot to spend a week at camp.

The following boys made the trip: Richard Morrow, Bernard Brock, Roger Kennedy, Harold Dotts, David Meineke, Marvin Prellberg, Jr., John Deininger, Bruce Stoneking, Aubrey Neville, John Cooper, David Kurtz, Fred Lewke and James Blackburn. Mr. McAuliffe, assistant scout master, directed the camp.

## Palatine farmer, 66, dies suddenly while working in field

August Lass, of Palatine, well known farmer and truck gardener of northern Cook county, died suddenly Friday, July 13, while cultivating corn in his field. He had waved his hand in greeting to a neighbor, Supervisor John Meyer, a few minutes earlier. Grandchildren who missed Mr. Lass at his cultivator, notified their mother, who, calling Mr. Meyer, found his lifeless body on the ground. The horse had not moved.

Mr. and Mrs. Lass have always been very hard workers, starting the day during the summer at five o'clock and not stopping until after dark. He had not been outwardly ill, but recently complained of tiredness. Mr. Lass was a resident of North Northfield until 1925.

## Schlaeger host to town collectors

County Treasurer Victor L. Schlaeger, was host to the township collectors, officials of his office and some personal friends at a buffet dinner at the Morrison Hotel Tuesday evening.

Mr. Schlaeger told the town collectors that he was giving the party as an appreciation of the fine cooperation the town collectors had always given his office and that business was out for the evening, that everyone was there to enjoy themselves and that the crowd was to throw any inhibitions out of the window and have a good time. The crowd took the boss at his word and had a grand evening.

After a sumptuous buffet dinner the gathering was entertained by talent from the civic opera, by a fine magician and by a young lady playing the concertina, who led the collectors in community singing and the boys joined in with a vengeance and "When Irish Eyes Are Smiling", "It's a Long Long Trail", "Don't Fence Me In", "My Wild Irish Rose" and a host of other old stand bys rang out with a volume that could be heard up and down Madison st.

The town collectors have considered Victor L. Schlaeger as the most cooperative county treasurer that they ever worked with and they didn't hesitate to tell him so Tuesday evening.

The treasurer and the collectors will meet shortly to discuss tax matters and the collection of the second installment of 1944 taxes.

**FALSE ALARM**

The fire department was called to 910 N. Dunton avenue Wednesday afternoon when a coat caught fire. The coat was thrown outside the house and the call goes down as a false alarm which means half pay for the firemen who answered the call.

Blazing grease in a frying pan is blamed for the fire call. Neighbors saw black smoke coming thru a door and called the department.

## Farmers report bumper hay crops

Regardless of the height of corn today, the local hay crop is tremendous. H. W. Moehling & Son, who do a lot of baling for individual farmers, report that Herman Busse secured 90 bales of clover to the acre and Wm. Freise secured 140 bales of timothy to the acre.

## Girl Scouts and Brownies day camp successful

One hundred and forty-five Girl Scouts and Brownies of Arlington Heights and Mt. Prospect have cooked out of doors, blazed trails and explored the Forest Preserves of Elk Grove on snoop hikes.

Eighty-four girls attended Day Camp Brownie week—July 9 thru July 19. Sixty-one Girl Scouts are registered for the week of July 16 thru July 19.

Outdoor cooking has been the favorite activity of most of the girls. Living in the out-of-doors underlies most of the activities. One little Brownie requested "Please, could she cook or wash dishes on her birthday?"

The wonderful meals cooked out-of-doors will remain always one of the pleasant camp memories. The favorite menu was blushing bunny on toast, a concoction of thick tomato soup and melted cheese, celery sticks filled with peanut butter, bread and butter, fruit and milk.

Each unit has looked forward to taking its turn carrying the flag for the opening and closing general assemblies. At the closing assembly for each week the units presented a stunt. The girls displayed surprising ingenuity and dramatic ability. Mrs. E. E. Brooks has taught singing games and helped the girls with their stunts. Mrs. William Walton has helped them with outdoor sketching and spatter printing. Brownie week Mrs. Daniel Vittum was the Story Telling Lady.

By camping together the girls have developed a sense of comradeship, loyalty and mutual aid and a deep appreciation of the gifts of each to the whole. Many new friendships have been made because the members of each troop have been in different units. The unit leaders for Girl Scout week are Mrs. R. D. Siggelkow, Mrs. J. A. Wilkieson, Miss Ingrid Schueren, Mrs. I. K. Allshouse, Mrs. C. W. Garman, Mrs. T. L. Archibald, Mrs. A. L. Ashcraft, Mrs. W. M. Hubbard, Mrs. E. Byrd, Mrs. F. C. Utterback, Miss Joan Mary Cahill, Mrs. K. W. Kennedy, Mrs. A. W. Blashke.

This is the first summer the Girl Scout Council of Arlington Heights has had a day camp. It has been outstandingly successful. It was planned, developed and carried out by the Girl Scout Council, the camp committee, the camp director and the staff of leaders. Mrs. G. A. Glow is camp chairman of the council. The other committee members are Mrs. H. D. Gilman, Mrs. H. B. Evans, Mrs. D. E. Schueren, Mrs. W. N. Walton. Many of the Girl Scout and Brownie mothers have volunteered to drive the girls to and from camp. The Girl Scout Council wishes to thank those mothers who have given so generously of their time and precious gasoline.

*Then let this be the aim of all our building,*
*A finer race of womanhood to come,*
*Straight-backed, wide eyed, with better understanding*
*Of life and fair habiliments of home.*
*A broader sense of beauty, comprehending,*
*The source of greening leaf and creamy foam*
*Of blossoms in resplendent burgeoning,*
*That promise seen in each recurrent spring.*

## Housewives and butchers urged to break black mart

### Meat ceiling price lists available at ration boards

Housewives of this area are being armed with a "simple but powerful weapon" to help smash the black market in meat, it was announced by the chairman of war price and rationing board.

He referred to the convenient-sized ceiling price lists for all cuts and grades of meat that are now available to consumers at board headquarters. The lists show top prices for meats sold in OPA Group 1 and 2 stores, those independently owned and with annual gross sales of less than $250,000.

"By using her little meat price list, or looking at the large ceiling price posters in every store, any housewife can satisfy herself that she is paying no more than the ceiling price.

"This supplying of legal price lists by the board is one part of the Grocer-Consumer Anti-Inflation campaign that enlists the aid both of food retailers and of shoppers in eliminating overceiling sales of food."

Urging shoppers to report to the board's price panel any instances of overcharging, the chairman pointed out that a black market exists wherever meat is sold at overceiling prices or without collection of ration points.

"I know we can count on the housewives to boycott the black market out of existence," said the chairman.

"Above-ceiling prices are the black market's profits. Take away those profits and the black market will die. Then large amounts of meat will no longer go to the unscrupulous few and supplies will be spread more evenly among the retail stores and customers."

### Must not accept loose stamps is plea to retailers

"Don't accept loose ration stamps," was the warning given all food retailers today by the chairman of war price and rationing board.

He said the fight against counterfeit food stamps is on in earnest and that a retailer's best protection is to insist that all customers tear their stamps from their books in his presence, as provided by rationing regulations.

"This is a friendly warning to help retailers stay in business.

"A seller of food is debited in his ration bank account for every fake stamp sent from his store, now that OPA is examining all used stamps under ultra violet rays to see if they are good.

"A storekeeper can be debited right out of business by fake stamps and he is also subject to suspension proceedings that prevent him from buying or selling rationed foods."

The chairman said it is his suggestion that every storekeeper put up a sign telling his customers that all stamps must be torn from books in his presence. Most counterfeits, he added, are circulated loosely.

Fake stamps throw rationing out of balance, making for unfairness in distributing scarce foods, the chairman pointed out. Some are sure to get more than their share in using counterfeits and others are sure to be cheated.

## Navy studies plan to use prisoners of war to operate laundry

German prisoners of war may be washing clothes in a laundry to be set up on the auxiliary field south of Arlington Heights. United States Navy is studying the plan, but ran into difficulties Monday evening.

A navy lieutenant appeared before the Arlington Heights village board. While awaiting a hearing he heard the trustees discuss the need of a new well and was halfway prepared for the refusal that the village board had to give to his plan.

The navy asked that the village construct a three-quarters of a mile extension of water main from the nearest hydrant to the field and be prepared to furnish 210 gallons a minute eight hours a day. The navy's contribution to the construction of the plan would only be the priorities needed to get the material. The cost of the extension is estimated at $15,000.

The navy had investigated far enough to know that Arlington has a connection with the Arlington Jockey Club well, which might be used if the water was furnished.

## RATION DATES

**Sugar No. 36 valid, exp. Aug. 31.**
**Fuel oil, 1 through 5 valid indefinitely. New period 1 also valid.**
**Processed foods, T2 through Z2 and A1-N1 valid. T2-X2, exp. July 31. Z2-Z2 and A1-C1 exp. Aug. 31. D-1-H1 exp. Sept. 30. J1-N1 exp. Oct. 31.**
**Meat, K2 through Z2 and A1-E1 valid. K2-P2 exp. July 31. Q2-U2 exp. Aug. 31. V2-Z2 exp. Sept. 30. A1-E1 exp. Oct. 31.**
**Gas, A book, No. 16 valid, 6 gals. each, exp. Sept. 21.**
**Shoe, airplane stamps 1, 2 and 3 valid, used indefinitely.**

# Church Notes

**ARLINGTON HEIGHTS FIRST PRESBYTERIAN CHURCH**
**Cor. N. Dunton at Eastman St.**

Sunday school 9:45 a. m.
Church 11 a. m. The minister will be a guest speaker. There will be a vocal solo by Beverly Pink.

**ARLINGTON HEIGHTS ST. PETER LUTHERAN CHURCH**
**"Church of the Lutheran Hour"**
**Pastors**
**Harry C. Fricke, 723 N. State**
**Luther V. Stephan**
**316 N. Highland**
**Faculty**

Arnold Bathje, principal; Ottomar Kolb, Theodore Preuss, Karl L. Busse, Ruth Wilkens, Mrs. Paul Weinrich, A. W. Obermann, H. C. Landeck, honorary teacher.

Divine services:
Worship (German) 9:30 a. m.
Worship (English) 11:00 a. m.
Holy Communion 7:30 p. m.

Registration for Holy Communion in the church vestry on Friday from 3:30 to 5 p. m. and 7:00 to 8:00 p. m.

We are happy to welcome several veterans who have served in the ETO. M-Sgt. Arthur Meyer, who served some two years in Africa and Italy, attended divine service last Sunday. 1st Lt. Glenroy Grewe, a fighter pilot based in Italy with 36 missions to his credit, returned to call on Pastor Fricke Monday. Glenroy spent 10 months in a German prisoner of war camp in Rostock until he was liberated by the Russians.

Pfc. Theodore Decker is home for a 30 day furlough with his mother, Mrs. Clare Decker, 1429 N. Dunton ave. Teddy won the Silver Star for capturing single handed 36 German soldiers.

The local branch of the Child Welfare Association will meet for a lawn party Thursday, July 26, at 2 p. m. at the home of Mrs. Chas. Klehm, Railroad ave.

Our young people will play volley ball on the school grounds Wednesday evening.

Marine Sgt. Melvin Garms is also with us after a long distinctive service in the Pacific area.

**ST. JOHN EVANGELICAL CHURCH**
**Cor. N. Evergreen Ave. and St. James Streets**
**Arlington Heights**
**W. F. Kamphenkel, Pastor**
**Fred W. Baehler, Organist**

Sunday, July 22, 1945:
Church school 9:15 a. m.

Bring your children and spend a delightful hour of worship, study and inspirational fellowship.

Morning worship 10:30 a. m.

Sermon Subject: "Which of them Will Love Him Most?"

Come! Bring your friends! "I was glad when they said unto me Let us go into the House of the Lord!"

Special Music! Miss Betty Lou Scamehorn, soloist.

**Calendar of Activities**

Sunday school teachers and officers workers conference first Monday of the month at 8:00 p. m.

Youth Fellowship first Tuesday of month at 7:30 p. m.

Martha Circle of Women's Guild meeting first Thursday of month at 1:30 p. m.

Church council meeting first Friday of month at 8:00 p. m.

Friendly Circle of Women's Guild meeting second Tuesday of Month at 7:45 p. m.

No choir rehearsals during July and August.

**FIRT CHURCH OF CHRIST SCIENTIST**
**N. Dunton at Fremont**

Church services:
Sunday at 11 o'clock.
Sunday school, Sunday at 9 a. m.

Wednesday evening meetings are held at 8:00 o'clock and include testimonies of Christian Science healings.

The Reading Room is located in the church building and is open to the public Wednesday and Thursday afternoon from 1:30 to 4:30 p. m.

**CHRISTIAN SCIENCE CHURCHES**

The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 15, was:

**"GOD"**

The Golden Text was:

"The Lord hath prepared his throne in the heavens; and his kingdom ruleth over all" (Ps. 103: 19).

Among the citations which comprised the Lesson-Sermon was the following from the Bible:

"I will mention the lovingkindnesses of the Lord, and the praises of the Lord, according to all that the Lord hath bestowed on us, and the great goodness toward the house of Israel, which he hath bestowed on them according to his mercies, and according to the multitude of his lovingkindnesses . . . Doubtless thou art our father, though Abraham be ignorant of us, and Israel acknowledge us not: thou, O Lord, art our father, our redeemer; thy name is from everlasting" (Isa. 63: 7, 16).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy:

"Life, Truth and Love constitute the triune Person called God,—that is, the triply divine Principle, Love. They represent a trinity in unity, three in one,—the same in essence, though multiform in office: God the Father-Mother; Christ the spiritual idea of sonship; divine Science or the Holy Comforter. These three express in divine Science the threefold, essential nature of the infinite. They also indicate the divine Principle of scientific being, the intelligent relation of God to man and the universe. Father-Mother is the name for Deity, which indicates His tender relationship to His spiritual creation" (pp. 331, 332).

**Flavors Muffin**

A teaspoon of peanut butter dropped in each muffin pan before the batter is added gives a nice flavor to the muffin.

## Delinquent use stamp buyers pay $5 penalty

Those who have failed to purchase a federal auto tax sticker will now have to pay at least $10, announces the collector of internal revenue.

There is a charge of $5 for the sticker and an additional $5 which the government calls an "offer and compromise."

Persons who have not been using their automobiles and now decide to start again, may purchase the sticker for $5, with no added penalty.

**ST. JAMES CATHOLIC**
**North State Road**
**Rev. Geo. Stier, Pastor**

Masses:
Sunday, 7, 8:30, 10:00, 11:30.

Confession heard every Saturday from 4 to 5:30 p. m., 7:30 to 9 p. m.

Confessions are heard from 4 to 5:30 and from 7:30 to 9 every first Friday of the month and the Saturday, Thursday before the day befor Holidays and Obligation.

Masses on Sunday are at 7:00, 8:30, 10:00 and 11:30; on Holidays of Obligation at 5:45, 7:15 and 9; on week days at 8 a. m.

Holy communion will be distributed at all masses, also, on the first Friday of the month at 6, 6:30 and 7:00 a. m.

Devotions to Our Lady of Perpetual Help on the second and fourth Tuesday of every month at 7:45 in the evening.

Baptism are by appointment.

Rosary Sodality meets in the church on the first Sunday of the month at 2 p. m. Members receive Holy Communion at the 7:00 mass on the first Sunday of the month.

Young Peoples club meets in the hall on the first Tuesday of the month at 7 p. m.

Holy Name Society meets in the hall on the second Tuesday of the month at 7:00 p. m. Members receive Holy Communion at the 7:00 mass on the second Sunday of the month.

## Explain setup on vets' state unemployment cash

### Fewer than 1% of vets receiving GI allowance

Of 142,000 Illinois veterans released from the armed services up to June 30, fewer than one per cent drew readjustment allowance for unemployment, State Director of Labor Robert L. Gordon reported today. During June, 1,414 veterans received 6,901 readjustment allowance checks totaling $136,391, while during the first six months of 1945 approximately 4,500 World War II veterans received 30,373 checks totaling $598,814.

"Since the first of the year," said Director Gordon, "the monthly discharge rate has been steadily increasing. From a January rate of 2,500 the figures climbed to 7,700 in June. Many of those recently returned to civilian life need a longer period of adjustment. While in 1944 unemployed veterans were usually reabsorbed into industry or business within 3½ weeks, they now need approximately 6 weeks."

**Vet must qualify**

To qualify for readjustment allowance benefits, a veteran must have a certificate of discharge other than dishonorable and have served in the military or naval forces of the United States for 90 days or more, and after September 16, 1940. A veteran released from service because of illness or disability incurred in line of duty may claim readjustment allowance during a period of unemployment provided he has served 16 days in the military or naval forces and after September 16, 1940.

In addition, all veterans claiming readjustment allowance pay must be totally unemployed, or partially unemployed and have been paid less than $23 in the week for which benefits are claimed. And he must register for work at the United States Employment Service, be able to work full time at regular job and be available to accept suitable work if a job is found for him.

Maximum amount of readjustment allowance payable to any veteran is $20 a week and the maximum period for which he may draw such allowance is 52 weeks, based on length of service. Readjustment allowance may be paid for intermittent periods of unemployment or for one continuous period until two years after the end of the war.

**Self-employed veterans**

If self-employed in any profession, trade or business, a veteran, whose net income from such enterprise is less than $100 in any month may file claim for readjustment allowance in an amount equal to the difference between his net income and $100.00. He must submit a report of his income and expenses for the month, and file his claim by the 20th of the following month. Self-employed claimants are not required to report weekly at the local unemployment compensation office. Each monthly claim, however, must be filed there in person.

The Division of Placement and Unemployment Compensation serves as agent for the Veterans Administration in clearing and handling readjustment allowance claims.

### Less units, higher cost in 1945 home building

Permits for all building in the first six months of 1945 show that construction has proceeded this year at about the same rate as last, the figures for the entire year of 1944 having amounted to $76,842,110, and for the half year of 1945 to $36,509,411. The latter projected for the year is $73,018,822.

The construction of home units in 1945 thus far is at a higher rate than in 1944 as to cost but much lower in number. In fact, in number of units 1945 is on the 1943 level.

The outstanding home record in the first half of 1945 was that of Franklin Park, for which community V. J. Esposito, controller, reported 213 homes started, with an estimated cost of $1,108,700. Bellwood was next with 114 homes, $629,350 and Hammond third with 103 homes, $587,200.

Arlington Heights ranked sixth with 55 homes valued at $331,350, Bensenville eighth with 51 homes at $281,950, and Palatine ninth with 50 homes valued at $267,775.

## It Happened Here

On street car, bus or I. C., all of which she uses frequently, she is the recipient of confidences, some tragic, some comic, some merely human; perfect strangers fall into talk with her and unburden themselves with no other excuse than that fortune has provided them with an attentive listener. She was sitting in the bus station when a large and beaming colored woman sat down beside her, took one look and began: "I'se so happy I has to talk to some one. My son's comin' home, yas'm, he's comin' home. Been gone three years, he has; only fifteen when he jined up but so big they never knowed. He sez to me, 'Mom, I know you won't tell no lie but if you jses won't say anything, that's all'. 'Gwan', I sez, 'they won't take you, nohow.' But they tuk him and now he's comin' home—comin' home a better christian than when he went away." She waited in the little shop while the shoe repair man detained her with an account of his recent vacation. "Yes, went to Maryland where my nephew is in naval training, and I nearly froze to death. People were wearing fall overcoats and I wished I'd taken mine. You wouldn't expect it to be that cold in Maryland. You say you won't need your shoes until fall? Just for telling me that, I'll do your husband's first of the lot."

—S'AMUSER.

**Jap Railroads**

In 1927 there was 11,328 miles of railroads in operation in Japan. Of the railroads then in operation 8,008 miles owned by the government and 3,320 miles privately owned were of the 3 foot, 6 inch gauge with a small additional mileage of other gauges.

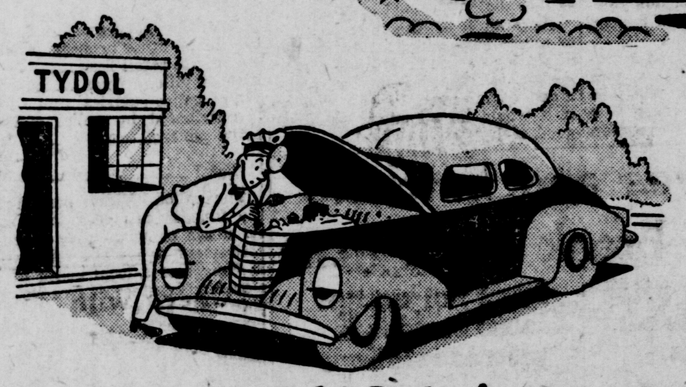
# Ways to Beat the Car Shortage

**1. Of course you MIGHT return** to chauffeuring a soap-box scooter, if that car of yours doesn't last . . . and last a good long while.

Just figure your new-car chances this way: 16,000,000 new cars are wanted. It'll take at least 4 years to make that many. And *yours* may be one of the last.

The bird in hand is worth two in the bush. So—

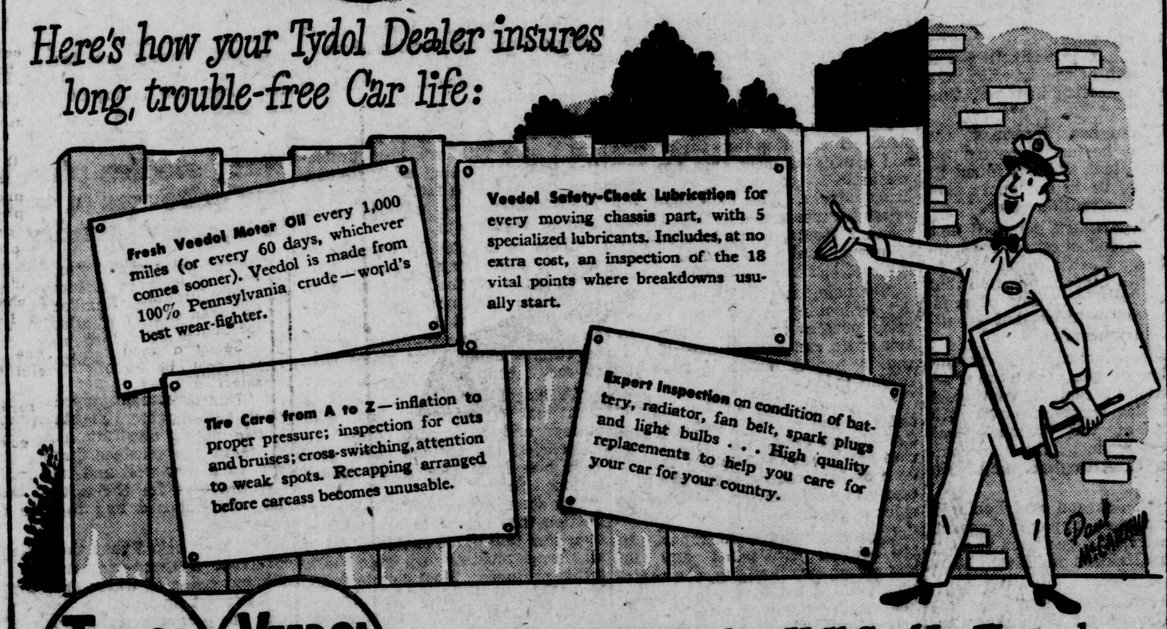


**2. Guard your present car's life.** Take it regularly to the neighborhood wear-fighting champion—your Tydol dealer.

With the superb lubricants he uses, his up-to-date equipment, his all-around care, he'll not only guard its life—he'll ADD to it!

There's no time to lose. See your Tydol dealer *now*.

*Here's how your Tydol Dealer insures long, trouble-free Car life:*



**Fresh Veedol Motor Oil** every 1,000 miles (or every 60 days, whichever comes sooner). Veedol is made from 100% Pennsylvania crude—world's best wear-fighter.

**Veedol Safety-Check Lubrication** for every moving chassis part, with 5 specialized lubricants. Includes, at no extra cost, an inspection of the 18 vital points where breakdowns usually start.

**Tire Care from A to Z**—inflation to proper pressure; inspection for cuts and bruises; cross-switching, attention to weak spots. Recapping arranged before carcass becomes unusable.

**Expert Inspection** on condition of battery, radiator, fan belt, spark plugs and light bulbs . . . High quality replacements to help you care for your car for your country.

Youth Fellowship first Tuesday of month at 7:30 p. m.

Martha Circle of Women's Guild meeting first Thursday of month at 1:30 p. m.

Church council meeting first Friday of month at 8:00 p. m.

Friendly Circle of Women's Guild meeting second Tuesday of Month at 7:45 p. m.

No choir rehearsals during July and August.

**FIRT CHURCH OF CHRIST SCIENTIST**

N. Dunton at Fremont

Church services:

Sunday at 11 o'clock.

Sunday school, Sunday at 9 a. m.

Wednesday evening meetings are held at 8:00 o'clock and include testimonies of Christian Science healings.

The Reading Room is located in the church building and is open to the public Wednesday and Thursday afternoon from 1:30 to 4:30 p. m.

**CHRISTIAN SCIENCE CHURCHES**

The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 15, was:

"GOD"

The Golden Text was:

"The Lord hath prepared his throne in the heavens; and his kingdom ruleth over all" (Ps. 103: 19).

Among the citations which comprised the Lesson-Sermon was the following from the Bible:

"I will mention the lovingkindnesses of the Lord, and the praises of the Lord, according to all that the Lord hath bestowed on us, and the great goodness toward the house of Israel, which he hath bestowed on them according to his mercies, and according to the multitude of his lovingkindnesses . . . Doubtless thou art our father, though Abraham be ignorant of us, and Israel acknowledge us not: thou, O Lord, art our father, our redeemer; thy name is from everlasting" (Isa. 63: 7, 16).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy:

"Life, Truth and Love constitute the triune Person called God,—that is, the triply divine Principle, Love. They represent a trinity in unity, three in one,—the same in essence, though multiform in office: God the Father-Mother; Christ the spiritual idea of sonship; divine Science or the Holy Comforter. These three express in divine Science the threefold, essential nature of the infinite. They also indicate the divine Principle of scientific being, the intelligent relation of God to man and the universe. Father-Mother is the name for Deity, which indicates His tender relationship to His spiritual creation" (pp. 331, 332).

**Flavors Muffin**

A teaspoon of peanut butter dropped in each muffin pan before the batter is added gives a nice flavor to the muffin.

## Delinquent use stamp buyers pay $5 penalty

Those who have failed to purchase a federal auto tax sticker will now have to pay at least $10, announces the collector of internal revenue.

There is a charge of $5 for the sticker and an additional $5 which the government calls an "offer and compromise."

Persons who have not been using their automobiles and now decide to start again, may purchase the sticker for $5, with no added penalty.

**ST. JAMES CATHOLIC**

North State Road

Rev. Geo. Stier, Pastor

Masses:

Sunday, 7, 8:30, 10:00, 11:30.

Confession heard every Saturday from 4 to 5:30 p. m., 7:30 to 9 p. m.

Confessions are heard from 4 to 5:30 and from 7:30 to 9 every first Friday of the month and the Saturday, Thursday before the day befor Holidays and Obligation.

Masses on Sunday are at 7:00, 8:30, 10:00 and 11:30; on Holidays of Obligation at 5:45, 7:15 and 9; on week days at 8 a. m.

Holy communion will be distributed at all masses, also, on the first Friday of the month at 6, 6:30 and 7:00 a. m.

Devotions to Our Lady of Perpetual Help on the second and fourth Tuesday of every month at 7:45 in the evening.

Baptism are by appointment.

Rosary Sodality meets in the church on the first Sunday of the month at 2 p. m. Members receive Holy Communion at the 7:00 mass on the first Sunday of the month.

Young Peoples club meets in the hall on the first Tuesday of the month at 7 p. m.

Holy Name Society meets in the hall on the second Tuesday of the month at 7:00 p. m. Members receive Holy Communion at the 7:00 mass on the second Sunday of the month.

## Explain setup on vets' state unemployment cash

### Fewer than 1% of vets receiving GI allowance

Of 142,000 Illinois veterans released from the armed services up to June 30, fewer than one per cent drew readjustment allowance for unemployment, State Director of Labor Robert L. Gordon reported today. During June, 1,414 veterans received 6,901 readjustment allowance checks totaling $136,391, while during the first six months of 1945 approximately 4,500 World War II veterans received 30,373 checks totaling $598,814.

"Since the first of the year," said Director Gordon, "the monthly discharge rate has been steadily increasing. From a January rate of 2,500 the figures climbed to 7,700 in June. Many of those recently returned to civilian life need a longer period of adjustment. While in 1944 unemployed veterans were usually reabsorbed into industry or business within 3½ weeks, they now need approximately 6 weeks."

**Vet must qualify**

To qualify for readjustment allowance benefits, a veteran must have a certificate of discharge other than dishonorable and have served in the military or naval forces of the United States for 90 days or more, and after September 16, 1940. A veteran released from service because of illness or disability incurred in line of duty may claim readjustment allowance during a period of unemployment provided he has served 16 days in the military or naval forces and after September 16, 1940.

In addition, all veterans claiming readjustment allowance pay must be totally unemployed, or partially unemployed and have been paid less than $23 in the week for which benefits are claimed. And he must register for work at the United States Employment Service, be able to work full time at regular job and be available to accept suitable work if a job is found for him.

Maximum amount of readjustment allowance payable to any veteran is $20 a week and the maximum period for which he may draw such allowance is 52 weeks, based on length of service. Readjustment allowance may be paid for intermittent periods of unemployment or for one continuous period until two years after the end of the war.

**Self-employed veterans**

If self-employed in any profession, trade or business, a veteran, whose net income from such enterprise is less than $100 in any month may file claim for readjustment allowance in an amount equal to the difference between his net income and $100.00. He must submit a report of his income and expenses for the month, and file his claim by the 20th of the following month. Self-employed claimants are not required to report weekly at the local unemployment compensation office. Each monthly claim, however, must be filed there in person.

The Division of Placement and Unemployment Compensation serves as agent for the Veterans Administration in clearing and handling readjustment allowance claims.

## Less units, higher cost in 1945 home building

Permits for all building in the first six months of 1945 show that construction has proceeded this year at about the same rate as last, the figures for the entire year of 1944 having amounted to $76,842,110, and for the half year of 1945 to $36,509,411. The latter projected for the year is $73,018,822.

The construction of home units in 1945 thus far is at a higher rate than in 1944 as to cost but much lower in number. In fact, in number of units 1945 is on the 1943 level.

The outstanding home record in the first half of 1945 was that of Franklin Park, for which community V. J. Esposito, controller, reported 213 homes started, with an estimated cost of $1,108,700. Bellwood was next with 114 homes, $629,350 and Hammond third with 103 homes, $587,200.

Arlington Heights ranked sixth with 55 homes valued at $331,350, Bensenville eighth with 51 homes at $281,950, and Palatine ninth with 50 homes valued at $267,775.

## It Happened Here

On street car, bus or I. C., all of which she uses frequently, she is the recipient of confidences, some tragic, some comic, some merely human; perfect strangers fall into talk with her and unburden themselves with no other excuse than that fortune has provided them with an attentive listener. She was sitting in the bus station when a large and beaming colored woman sat down beside her, took one look and began: "I'se so happy I has to talk to some one. My son's comin' home, yas'm, he's comin' home. Been gone three years, he has; only fifteen when he jined up but so big they never knowed. He sez to me, 'Mom, I know you won't tell no lie but if you jses won't say anything, that's all'. 'Gwan', I sez, 'they won't take you, nohow.' But they tuk him and now he's comin' home—comin' home a better christian than when he went away." She waited in the little shop while the shoe repair man detained her with an account of his recent vacation. "Yes, went to Maryland where my nephew is in naval training, and I nearly froze to death. People were wearing fall overcoats and I wished I'd taken mine. You wouldn't expect it to be that cold in Maryland. You say you won't need your shoes until fall? Just for telling me that, I'll do your husband's first of the lot."

—S'AMUSER.

**Jap Railroads**

In 1927 there was 11,328 miles of railroads in operation in Japan. Of the railroads then in operation 8,008 miles owned by the government and 3,320 miles privately owned were of the 3 foot, 6 inch gauge with a small additional mileage of other gauges.

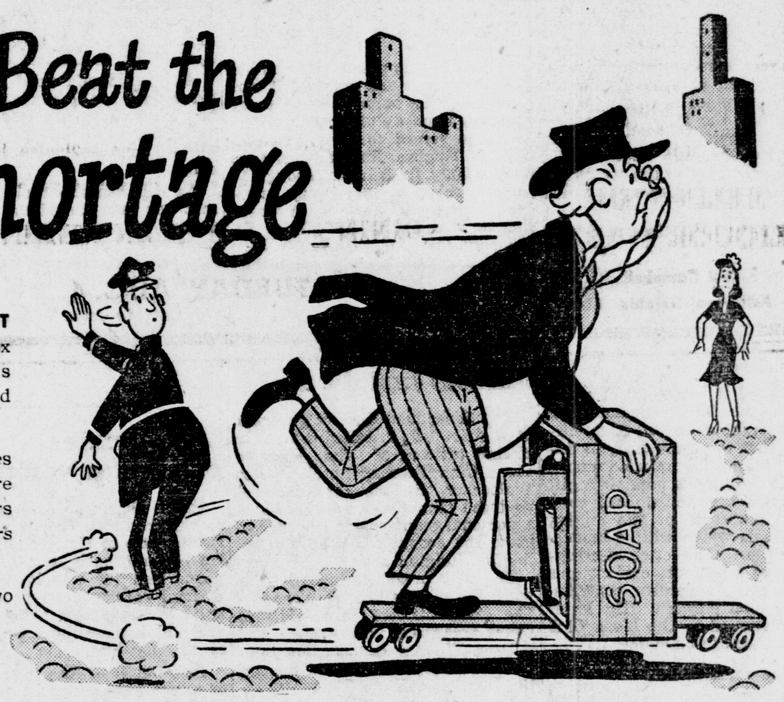
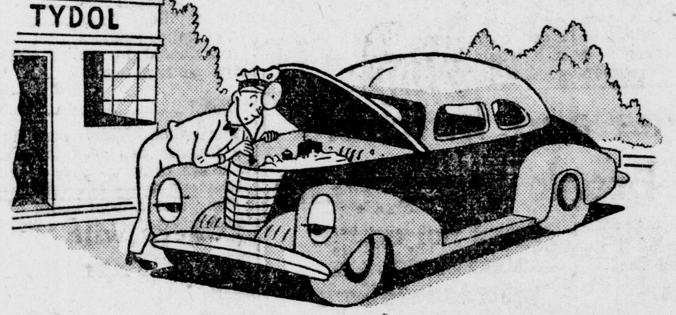
# Ways to Beat the Car Shortage



**1. Of course you MIGHT return** to chauffeuring a soap-box scooter, if that car of yours doesn't last . . . and last a good long while.

Just figure your new-car chances this way: 16,000,000 new cars are wanted. It'll take at least 4 years to make that many. And *yours* may be one of the last.

The bird in hand is worth two in the bush. So—

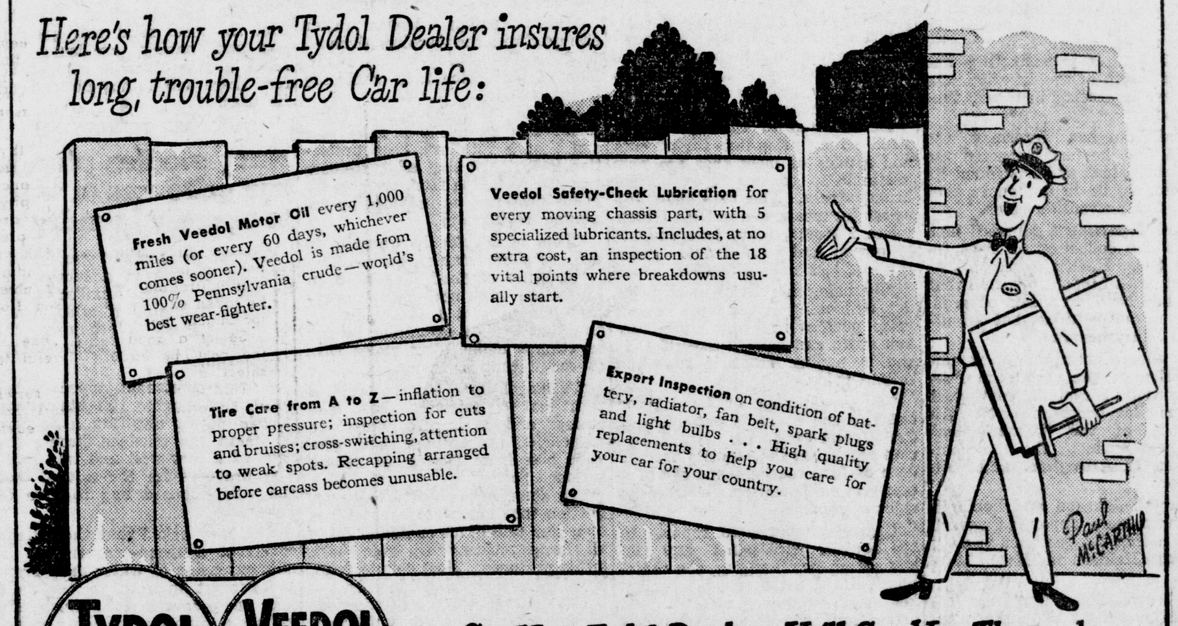


**2. Guard your present car's life.** Take it regularly to the neighborhood wear-fighting champion—your Tydol dealer.

With the superb lubricants he uses, his up-to-date equipment, his all-around care, he'll not only guard its life—he'll ADD to it!

There's no time to lose. See your Tydol dealer *now*.

*Here's how your Tydol Dealer insures long, trouble-free Car life:*



**Fresh Veedol Motor Oil** every 1,000 miles (or every 60 days, whichever comes sooner). Veedol is made from 100% Pennsylvania crude—world's best wear-fighter.

**Veedol Safety-Check Lubrication** for every moving chassis part, with 5 specialized lubricants. Includes, at no extra cost, an inspection of the 18 vital points where breakdowns usually start.

**Tire Care from A to Z**—inflation to proper pressure; inspection for cuts and bruises; cross-switching, attention to weak spots. Recapping arranged before carcass becomes unusable.

**Expert Inspection** on condition of battery, radiator, fan belt, spark plugs and light bulbs . . . High quality replacements to help you care for your car for your country.

# OBITUARIES

## Harry R. Levine

Harry Levine passed away very suddenly at his residence at 709 S. Highland ave., Arlington Heights, Tuesday morning, July 17, at the age of 52 years, 4 months and 9 days.

He was united in marriage to Miss Grace Bosey in 1917 at Geneva. This couple made their home in Arlington Heights for quite a number of years.

Mr. Levine was a member of the Arlington Heights Lions Club for a good many years. He also served this organization as president.

He leaves to mourn his sudden departure, his wife Grace and a son, Laverne, who at present is a Gunners Mate 1c in the United States Coast Guard; a daughter-in-law, and one grandchild, Larry; his mother, Mrs. Mary Levine at Yucaipa, Calif.; two sisters, Mrs. Gladys Kimbel of Yucaipa, Calif., and Mrs. Hazel Lawry, New Zealand.

Services will be held at Karstens funeral home Friday afternoon, July 20, at 2:30 p. m. the Rev. W. F. Kamphenkel officiating. Interment Arlington Heights cemetery.

## August Lass

Funeral services were held at St. Paul church, Palatine Monday afternoon for August Lass, of Palatine, who died suddenly Friday, July 13. Interment was in Randhill cemetery.

There remain his wife, two sons, Phillip of Arlington Heights, Allen of Chicago; five daughters, Mrs. Alma Hamann and Rose Ingram of Palatine, Mrs. Mable Williams of Des Plaines, Mrs. Mildred Sell and Mrs. Adeline Dierking of Chicago and 21 grandchildren. One son, Emil, died a year ago. Also surviving are two brothers, William of Glenview and Louis of Morton Grove.

Mr. Lass was born in the Town of Northfield April 19, 1879. He married Miss Minnie Mueller August 17, 1901. They resided on the Sass homestead in Northfield where Mr. Sass was born until 1925 when they came to Palatine.

## Gustave Dreyer

Funeral services for Gustave Dreyer, Niles, were held Tuesday afternoon at the Oehler funeral home, Des Plaines, to Niles church. Interment was in Union Ridge cemetery.

Mr. Dreyer passed away suddenly with a heart attack at his home late Saturday afternoon at the age of 72 years.

He leaves his wife and five children, one of whom is Henry Dreyer, Arlington Heights.

## Sophie Moehling

Sophie K. Moehling was born March 31, 1895, in Elk Grove township. She was confirmed at the St. Peter Ev. Lctheran church at Arlington Heights April 4, 1909, by Rev. C. M. Noack.

After an illness of several months she passed away Thursday evening, July 12, at the age of 50 years, 3 months and 11 days.

She leaves to mourn her early departure her loving father Herman Moehling and 1 brother, Henry H.

Funeral services were held from Karstens funeral home Monday afternoon, July 16 to St. Peter Ev. Lutheran church, Arlington Heights. Interment Elk Grove Lutheran cemetery.

IN MEMORIAM
HELLBERG, RICHARD

In loving memory of our darling son and brother, Dickie, who passed away ten years ago today, July 19.

Loving thoughts of you are with us,
And of the happy long ago;
Still aching are the hearts that loved you,
Loved you, miss you, want you so.

Loving Mother, Daddy and Sister Carole.

CARD OF THANKS

May we take this method of thanking our pastor, neighbors and friends for their kind expressions of sympathy in our bereavement. These expressions have been deeply appreciated.

Mrs. August Greinke,
Harry and Rudy.

CARD OF THANKS

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us a precious memory. Our sincere thanks and gratitude for all those comforting acts.

Mrs. Herman Moehling
and Henry.

CARD OF THANKS

With deepest gratitude we extend this word of thanks for the many kind acts of sympathy expressed by thoughtful friends. These kindnesses have meant much to us. Mrs. Louis H. Wahl
and family.

## High School Crowd

*Editor's Note — Charles Schiller has offered to edit a column during the summer devoted to the doing of the high school crowd.. Some of the items may seem a little personal to some, but the Herald thinks that if the items portray what the high school crowd thinks and does, it will be enlightening and perhaps remind a few has-beens of the time when they were also young and happy. We hope no offense will be taken.*

by CHARLES SCHILLER

In spite of the hot weather tennis is still a popular past time. The other day JOAN PATE and ROBIN CASSCADIN were playing a pretty fast and furious game, though smart ANN COX preferred to watch from the shade. Here's a girl who knows enough to come in out of the sun!

Have you noticed that NORMAN HANSEN is getting to be quite a play boy? It's a shame but I can't print the list of his conquests, most of them have been rather hush, hush.

BOB BOTTERMAN played 18 holes of golf the other day followed by LOIS KNAACK. When I saw Lois that night she pleaded weariness of the legs but did not want to go home because, "It's 85 degrees in my bed room!" Good reason, I thought.

Question! What well known girl had an usher drag OZZIE ALDRICH out of the show and then carried him off for the evening? (No, he wasn't struggling so you could notice it).

I was just thinking over last summer and decided my pleasantest memory was PAT PAGE sitting on the edge of the pool in a blue swim suit. Need I say, more?

If you have been wondering where NORMAN HANSEN'S shadow, BOB SHELKOP has been lately, the answer is he's taken a trip to Michigan on his gasoline scooter! Some people's children! Might as well start walking to the loop!

Say, have you all seen the luscious DODY HOGREVE at the pool? That sun tan and blonde hair make a combination that's hard to beat, and on her it sure looks good!

On my last visit to the pool DOUG SCHIMMEL was sitting morosely on the shower room floor. When I asked if he felt well he said "yes and no." Seems our little Doug, in a playful mood, pushed some one in the pool and that nasty ALAN STROKER told him to make himself scarce. The big bully!

BOB NELSON and a few other members of the "old guard" have been gracing the pool lately. We younger fellas don't get much attention from the fair sex with such heavy competition around.

I hear tell one of the gals was having difficulties at the pool the other day. Seems that when her suit gets wet it becomes partially transparent. However gallant Alan STROKER came to the rescue with his jacket. Curses, foiled again!

## Few new cars to 'common man'

In an appeal to passenger car owners to conserve their automobiles, Col. J. Monroe Johnson, director of the Office of Defense Transportation, warned that it will be at least three years before many millions of private car owners and prospective car owners who want new automobiles will be able to get them. Colonel Johnson said this fact "has not been generally realized in the first rosy flush of enthusiasm over the limited resumption of passenger car production." Although it is expected that 240,000 passenger cars will be built this year, Colonel Johnson commented that this number will replace less than one per cent of the Nation's automobiles. "None of the cars produced in the near future will go to the average driver," he added. "They'll go, instead, to the most essential drivers — doctors, police, taxi drivers, war workers and others.

## Check with the doctor

by C. W. LUSSMAN
of Sieburg Pharmacy

If your job suddenly seems too much for you, if you find yourself getting irritated at trifles, if people get on your nerves for no good reason, check with the doctor.

It may be a too active thyroid, or a lack of thyroid activity. No other disturbance stands in more need of a physician's careful eye. There are remedies, but these must be prescribed only after the doctor's personal scrutiny of your individual trouble, and they must be taken exactly as ordered. Not too much, not too little.

Select a good doctor, one of the best, be equally careful to select a good druggist.

This is the 352nd of a series of Edtiorial advertisements appearing in this paper each week.

# Fishing normal in forest preserves

Maple Lake at 95th Street and Wolf Road, near Willow Springs, offers the best fishing in the forest preserves this year. 32 boats are available for hire. This 50-acre lake is accessible by the busline on Archer Avenue and some veteran anglers maintain that their catches of largemouth black bass, bluegills and warmouth bass have equalled those they obtain in Wisconsin. Several large bass have been caught, including one 4-pounder. There is a big crop of bass fingerlings, now 5 to 8 inches long, which will provide even better fishing next year.

The bluegills are biting well and are larger than in recent years, averaging 5 to the pound. Some good strings of warmouth bass and yellow perch have been taken. Earlier in the season, black crappies 8 inches or more in length were caught, and many unusually large bullheads.

During the past week the following fish were caught in the Des Plaines River between Touhy Ave. and Lake County: 80 crappies, 3 pickerel from 4 to 6 pounds, 50 bullheads from ½ to 1¼ pounds, one bass weighing 1 3-4 pounds, and 30 carp weighing up to four pounds. These indicate that fishing in this river is almost normal. When hundreds of carp were observed dead at Dam No. 1, due to suffocation under the thick, snow-blanketed ice that covered the river all last winter, a complete kill of all species had been feared.

At McGinnes Slough, near Orland Park, a few bullheads survived, sufficient to restock that shallow lake, but none are being caught.

An almost complete winter-kill in the Skokie Lagoons is evidenced by the fact that no fish are being caught except a few bullheads and carp below the dam at Willow Road. The Illinois Department of Conservation, at our request, placed a number of large breeder bass in these lagoons this spring, and will add several thousand bass fingerlings as soon as available. Bluegills will be added later this summer, and crappies next summer.

SEEING is BELIEVING

When you stop your car on our Brake Tester and actually *see* how your brakes behave, you know without anyone telling you, whether they need attention or not.

Our Brake Tester is like four horizontal scales—each one telling just how much braking energy is applied to its wheel. When we adjust, reline or overhaul your brakes, they are tested and proven on this same Tester, so you know exactly how they will act on the road.

Car owners who have used our brake service are enthusiastic in saying they can *feel* the difference. It's a mighty sweet sensation, too, to know you can depend on your brakes—any time, under any conditions. Why not bring your brake work to us, and experience it?

How big is the job of beating the Jap?

No one knows. No one can say with certainty how big the job of licking him is—*but this is how big the Jap is, this may give you an idea:*

**The Jap has a giant empire**—Somehow we have always looked upon Japan as a small nation, a "little Island." But—the Japanese empire is vast, huge, one of the largest in the world. It is nearly 5,000 miles long. It is over 3,000 miles wide. 400,000,000 people now live under Japanese rule—three times as many people as there are in the United States.

**The Jap has great production**—Japan's home islands are industrialized to an eye-widening degree. So are vast areas Japan has held for the past twenty years. The Japs are building planes, ships, guns and tanks in huge numbers. Japanese workers work 16 hours a day, 7 days a week. The fiber of the Jap is tough stuff. How big is the job of beating him? No one can say. But *this is how big the Jap is —this may give you an idea.*

x 4,000,000
+ 2,000,000

**The Jap has a huge army**—Japan can put in the field from 4,000,000 to 5,000,000 war-hardened fighters. 2,000,000 more can be quickly called. How many is six million soldiers? *Three times as many as there were* Germans fighting *the allied armies* in western Germany.

**The Jap has ample resources**—In their home islands and the vast territories the Japs have taken are all the things that Japan needs to conduct a long and vicious war. The figures on Japan's resources are startling—in many cases, greater than ours.

**Says Admiral Halsey:** "The Japanese are hard fighters. It will take all the force America can muster to beat them. The task may be long, how long no one can say. But we can say this: It can be shortened only if every American worker sticks to his job of backing American fighters. *It will take the best every one of us can do to beat Japan.*"

This explanation of the war ahead is published in cooperation with the Armed Forces by

NO ENEMY BOMBS ON AMERICAN FARMS—

BUT

THERE WERE OVER 17,000 FATALITIES ON THE FARM FRONT LAST YEAR

NATIONAL FARM SAFETY WEEK
JULY 22-28

If you are an inexperienced hand, an older man, or a woman, patriotically helping to fight the battle on the food front, it will be wise to remember that farm work can be dangerous work—that you may suffer a serious injury, or even the loss of life—unless you are careful.

**The Careful Farmer's Work Is Healthful, Interesting and Safe!** Fortunately, much of the danger in farm work can be eliminated by the individual farm worker. By taking a few simple, precautionary measures—by being careful . . . you make your very important contribution to the war effort without risk of injury to yourself or others.

**Warning!** Most farm accidents are traceable to nothing other than carelessness—to "chance-taking." The worker who doesn't bother to "make sure", who "guesses" that he'll be safe enough, is the one who gets seriously injured. It's just good common sense to make safety a year 'round rule so that your life, your farm, and your future will be protected.

Don't Gamble! These safety tips may save you from serious injury—may even save your life!

1. Don't wear loose, floppy clothing working around machinery.
2. Do stop machinery before attempting to make repairs.
3. Don't handle animals unless you know the proper methods.
4. Do put tools away. They'll serve you better—save you trouble.
5. Don't smoke around barns. Farm fires cost $90,000,000 annually.
6. Do apply first aid immediately. Keep a first aid kit handy.

# OBITUARIES

## Harry R. Levine

Harry Levine passed away very suddenly at his residence at 709 S. Highland ave., Arlington Heights, Tuesday morning, July 17, at the age of 52 years, 4 months and 9 days.

He was united in marriage to Miss Grace Bosey in 1917 at Geneva. This couple made their home in Arlington Heights for quite a number of years.

Mr. Levine was a member of the Arlington Heights Lions Club for a good many years. He also served this organization as president.

He leaves to mourn his sudden departure, his wife Grace and a son, Laverne, who at present is a Gunners Mate 1c in the United States Coast Guard; a daughter-in-law, and one grandchild, Larry; his mother, Mrs. Mary Levine at Yucaipa, Calif.; two sisters, Mrs. Gladys Kimbel of Yucaipa, Calif., and Mrs. Hazel Lawry, New Zealand.

Services will be held at Karstens funeral home Friday afternoon, July 20, at 2:30 p. m. the Rev. W. F. Kamphenkel officiating. Interment Arlington Heights cemetery.

## August Lass

Funeral services were held at St. Paul church, Palatine Monday afternoon for August Lass, of Palatine, who died suddenly Friday, July 13. Interment was in Randhill cemetery.

There remain his wife, two sons, Phillip of Arlington Heights, Allen of Chicago; five daughters, Mrs. Alma Hamann and Rose Ingram of Palatine, Mrs. Mable Williams of Des Plaines, Mrs. Mildred Sell and Mrs. Adeline Dierking of Chicago and 21 grandchildren. One son, Emil, died a year ago. Also surviving are two brothers, William of Glenview and Louis of Morton Grove.

Mr. Lass was born in the Town of Northfield April 19, 1879. He married Miss Minnie Mueller August 17, 1901. They resided on the Sass homestead in Northfield where Mr. Sass was born until 1925 when they came to Palatine.

## Gustave Dreyer

Funeral services for Gustave Dreyer, Niles, were held Tuesday afternoon at the Oehler funeral home, Des Plaines, to Niles church. Interment was in Union Ridge cemetery.

Mr. Dreyer passed away suddenly with a heart attack at his home late Saturday afternoon at the age of 72 years.

He leaves his wife and five children, one of whom is Henry Dreyer, Arlington Heights.

## Sophie Moehling

Sophie K. Moehling was born March 31, 1895, in Elk Grove township. She was confirmed at the St. Peter Ev. Lctheran church at Arlington Heights April 4, 1909, by Rev. C. M. Noack.

After an illness of several months she passed away Thursday evening, July 12, at the age of 50 years, 3 months and 11 days.

She leaves to mourn her early departure her loving father Herman Moehling and 1 brother, Henry H.

Funeral services were held from Karstens funeral home Monday afternoon, July 16 to St. Peter Ev. Lutheran church, Arlington Heights. Interment Elk Grove Lutheran cemetery.

IN MEMORIAM
HELLBERG, RICHARD

In loving memory of our darling son and brother, Dickie, who passed away ten years ago today, July 19.

Loving thoughts of you are with us,
And of the happy long ago;
Still aching are the hearts that loved you,
Loved you, miss you, want you so.

Loving Mother, Daddy and Sister Carole.

CARD OF THANKS

May we take this method of thanking our pastor, neighbors and friends for their kind expressions of sympathy in our bereavement. These expressions have been deeply appreciated.

Mrs. August Greinke,
Harry and Rudy.

CARD OF THANKS

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us a precious memory. Our sincere thanks and gratitude for all those comforting acts.

Mrs. Herman Moehling
and Henry.

CARD OF THANKS

With deepest gratitude we extend this word of thanks for the many kind acts of sympathy expressed by thoughtful friends. These kindnesses have meant much to us. Mrs. Louis H. Wahl
and family.

## High School Crowd

*Editor's Note — Charles Schiller has offered to edit a column during the summer devoted to the doing of the high school crowd.. Some of the items may seem a little personal to some, but the Herald thinks that if the items portray what the high school crowd thinks and does, it will be enlightening and perhaps remind a few has-beens of the time when they were also young and happy. We hope no offense will be taken.*

by CHARLES SCHILLER

In spite of the hot weather tennis is still a popular past time. The other day JOAN PATE and ROBIN CASSCADIN were playing a pretty fast and furious game, though smart ANN COX preferred to watch from the shade. Here's a girl who knows enough to come in out of the sun!

Have you noticed that NORMAN HANSEN is getting to be quite a play boy? It's a shame but I can't print the list of his conquests, most of them have been rather hush, hush.

BOB BOTTERMAN played 18 holes of golf the other day followed by LOIS KNAACK. When I saw Lois that night she pleaded weariness of the legs but did not want to go home because, "It's 85 degrees in my bed room!" Good reason, I thought.

Question! What well known girl had an usher drag OZZIE ALDRICH out of the show and then carried him off for the evening? (No, he wasn't struggling so you could notice it).

I was just thinking over last summer and decided my pleasantest memory was PAT PAGE sitting on the edge of the pool in a blue swim suit. Need I say, more?

If you have been wondering where NORMAN HANSEN'S shadow, BOB SHELKOP has been lately, the answer is he's taken a trip to Michigan on his gasoline scooter! Some people's children! Might as well start walking to the loop!

Say, have you all seen the luscious DODY HOGREVE at the pool? That sun tan and blonde hair make a combination that's hard to beat, and on her it sure looks good!

On my last visit to the pool DOUG SCHIMMEL was sitting morosely on the shower room floor. When I asked if he felt well he said "yes and no." Seems our little Doug, in a playful mood, pushed some one in the pool and that nasty ALAN STROKER told him to make himself scarce. The big bully!

BOB NELSON and a few other members of the "old guard" have been gracing the pool lately. We younger fellas don't get much attention from the fair sex with such heavy competition around.

I hear tell one of the gals was having difficulties at the pool the other day. Seems that when her suit gets wet it becomes partially transparent. However gallant Alan STROKER came to the rescue with his jacket. Curses, foiled again!

## Few new cars to 'common man'

In an appeal to passenger car owners to conserve their automobiles, Col. J. Monroe Johnson, director of the Office of Defense Transportation, warned that it will be at least three years before many millions of private car owners and prospective car owners who want new automobiles will be able to get them. Colonel Johnson said this fact "has not been generally realized in the first rosy flush of enthusiasm over the limited resumption of passenger car production." Although it is expected that 240,000 passenger cars will be built this year, Colonel Johnson commented that this number will replace less than one per cent of the Nation's automobiles. "None of the cars produced in the near future will go to the average driver," he added. "They'll go, instead, to the most essential drivers — doctors, police, taxi drivers, war workers and others.

## Check with the doctor

**by C. W. LUSSMAN**
**of Sieburg Pharmacy**

If your job suddenly seems too much for you, if you find yourself getting irritated at trifles, if people get on your nerves for no good reason, check with the doctor.

It may be a too active thyroid, or a lack of thyroid activity. No other disturbance stands in more need of a physician's careful eye. There are remedies, but these must be prescribed only after the doctor's personal scrutiny of your individual trouble, and they must be taken exactly as ordered. Not too much, not too little.

Select a good doctor, one of the best, be equally careful to select a good druggist.

This is the 352nd of a series of Editorial advertisements appearing in this paper each week.

# Fishing normal in forest preserves

Maple Lake at 95th Street and Wolf Road, near Willow Springs, offers the best fishing in the forest preserves this year. 32 boats are available for hire. This 50-acre lake is accessible by the busline on Archer Avenue and some veteran anglers maintain that their catches of largemouth black bass, bluegills and warmouth bass have equalled those they obtain in Wisconsin. Several large bass have been caught, including one 4-pounder. There is a big crop of bass fingerlings, now 5 to 8 inches long, which will provide even better fishing next year.

The bluegills are biting well and are larger than in recent years, averaging 5 to the pound. Some good strings of warmouth bass and yellow perch have been taken. Earlier in the season, black crappies 8 inches or more in length were caught, and many unusually large bullheads.

During the past week the following fish were caught in the Des Plaines River between Touhy Ave. and Lake County: 80 crappies, 3 pickerel from 4 to 6 pounds, 50 bullheads from ½ to 1¼ pounds, one bass weighing 1 3-4 pounds, and 30 carp weighing up to four pounds. These indicate that fishing in this river is almost normal. When hundreds of carp were observed dead at Dam No. 1, due to suffocation under the thick, snow-blanketed ice that covered the river all last winter, a complete kill of all species had been feared.

At McGinnes Slough, near Orland Park, a few bullheads survived, sufficient to restock that shallow lake, but none are being caught.

An almost complete winter-kill in the Skokie Lagoons is evidenced by the fact that no fish are being caught except a few bullheads and carp below the dam at Willow Road. The Illinois Department of Conservation, at our request, placed a number of large breeder bass in these lagoons this spring, and will add several thousand bass fingerlings as soon as available. Bluegills will be added later this summer, and crappies next summer.

SEEING is BELIEVING

When you stop your car on our Brake Tester and actually *see* how your brakes behave, you know without anyone telling you, whether they need attention or not.

Our Brake Tester is like four horizontal scales—

each one telling just how much braking energy is applied to its wheel. When we adjust, reline or overhaul your brakes, they are tested and proven on this same Tester, so you know exactly how they will act on the road.

Car owners who have used our brake service are enthusiastic in saying they can *feel* the difference. It's a mighty sweet sensation, too, to know you can depend on your brakes—any time, under any conditions. Why not bring your brake work to us, and experience it?

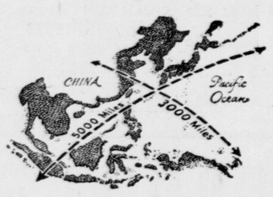
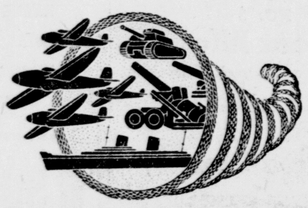
How big is the job of beating the Jap?

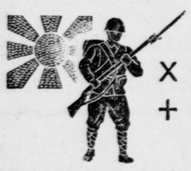
No one knows. No one can say with certainty how big the job of licking him is—*but this is how big the Jap is, this may give you an idea:*





**The Jap has a giant empire**—Somehow we have always looked upon Japan as a small nation, a "little Island." But—the Japanese empire is vast, huge, one of the largest in the world. It is nearly 5,000 miles long. It is over 3,000 miles wide. 400,000,000 people now live under Japanese rule—three times as many people as there are in the United States.

**The Jap has great production**—Japan's home islands are industrialized to an eye-widening degree. So are vast areas Japan has held for the past twenty years. The Japs are building planes, ships, guns and tanks in huge numbers. Japanese workers work 16 hours a day, 7 days a week. The fiber of the Jap is tough stuff. How big is the job of beating him? No one can say. But *this is how big the Jap is —this may give you an idea.*



x 4,000,000
+ 2,000,000

**The Jap has a huge army**—Japan can put in the field from 4,000,000 to 5,000,000 war-hardened fighters. 2,000,000 more can be quickly called. How many is six million soldiers? *Three times as many as there were* Germans fighting *the allied armies* in western Germany.

**The Jap has ample resources**—In their home islands and the vast territories the Japs have taken are all the things that Japan needs to conduct a long and vicious war. The figures on Japan's resources are startling—in many cases, greater than ours.

**Says Admiral Halsey:** "The Japanese are hard fighters. It will take all the force America can muster to beat them. The task may be long, how long no one can say. But we can say this: It can be shortened only if every American worker sticks to his job of backing American fighters. *It will take the best every one of us can do to beat Japan.*"

This explanation of the war ahead is published in cooperation with the Armed Forces by

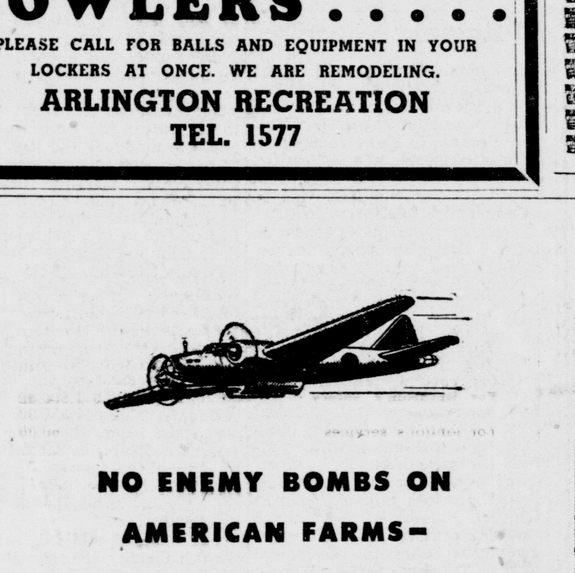
NO ENEMY BOMBS ON AMERICAN FARMS—

BUT

THERE WERE OVER 17,000 FATALITIES ON THE FARM FRONT LAST YEAR



NATIONAL FARM SAFETY WEEK
JULY 22-28

If you are an inexperienced hand, an older man, or a woman, patriotically helping to fight the battle on the food front, it will be wise to remember that farm work can be dangerous work—that you may suffer a serious injury, or even the loss of life—unless you are careful.

**The Careful Farmer's Work Is Healthful, Interesting and Safe!** Fortunately, much of the danger in farm work can be eliminated by the individual farm worker. By taking a few simple, precautionary measures—by being careful . . . you make your very important contribution to the war effort without risk of injury to yourself or others.

**Warning!** Most farm accidents are traceable to nothing other than carelessness—to "chance-taking." The worker who doesn't bother to "make sure", who "guesses" that he'll be safe enough, is the one who gets seriously injured. It's just good common sense to make safety a year 'round rule so that your life, your farm, and your future will be protected.

Don't Gamble! These safety tips may save you from serious injury—may even save your life!

1. **Don't** wear loose, floppy clothing working around machinery.
2. **Do** stop machinery before attempting to make repairs.
3. **Don't** handle animals unless you know the proper methods.
4. **Do** put tools away. They'll serve you better—save you trouble.
5. **Don't** smoke around barns. Farm fires cost $90,000,000 annually.
6. **Do** apply first aid immediately. Keep a first aid kit handy.

# Scout officials meet

On Wednesday evening, July 11, District 2 committeemen held their monthly meeting at Camp Baden Powell, formerly known as Taylor Woods. Byron Foote, the chairman, called the meeting to order at 8:40.

Al Baker reported everything was in readiness for the picnic to be held at Camp Baden Powell July 29 at 2 p. m. for Scouters and their families, who will bring basket lunches, while the Council will provide ice cream and pop. Games, croquet, peanut race, sack race, and tug of war are features of the program.

The Roundtable will meet July 20 at Baden Powell at 8:00 p. m. Wives are invited. If you do not play cards why not bring your darning or what have you. Al Baker promises refreshments will be served after the meeting.

**Organization and extension**

Otto Pfeifer reports cubbing at St. Marys, Wheeling and Forest River is making good progress.

Will Davis called our attention to an accident in Des Plaines to a scout who was seriously burned by fire crackers setting his clothing on fire. But due to their first aid training his two scout pals quickly extinguished the flames, rushed for help, getting the injured boy to the hospital in time to save the boys life.

**Camping and activities**

Ed Fletcher admitted it was a tough job getting those heavy logs, ties and kindling wood out to the camp and we wish to express our thanks to all who gave assistance.

Ten scouts of Troop 23 Mt. Prospect negotiated the Lincoln Trail successfully. This is an unusually large group to complete the 22 mile hike and they deserve a lot of credit for this outstanding achievement.

Stan Huntington led a discussion on some of the camping problems involved in making Camp Baden Powell a permanent all season camp.

We wish to extend our hearty thanks to the Des Plaines Villas Civic Club who donated soft balls, bats, and bases for our scouts to use.

**Advoncement**

Scouts are advancing and many will receive hard earned badges at the next Court of Honor to be held the second Friday in September.

From now on District 2 Courts of Honor will be on a permanent time basis, and will be held quarterly on the second Friday of December, March, June and September of the scout fiscal year.

## Dinner dance given employees of packing firm

The management of the Arlington Packaging Co. entertained their one hundred employees at a dinner dance Thursday, July 12, at the Mount Prospect Country Club.

The dinner climaxed the successful termination of the gigantic U. S. Signal Corps contract with the local concern. Over two hundred local girls and women answered the call for assistance in helping the company deliver the terms of the contract, which consisted of upward of seven million packages of dehydrating agent, which is being used to protect the delicate instruments of war from moisture while on their voyage from the European theatre of war to various Japanese positions.

Clarence A. Schroeder of Palatine serving as master of ceremonies, vividly portrayed the fine character of their general manager Ray Chmelik, who in a brief talk complimented not only the guests at the party, but also the numerous girls and women that had in their spare hours, so ably assisted the company during the five week period covered by the contract. He also related to the amusement of the audience how the company first organized with three women and a park bench in a local empty store building.

Paul Hacker, plant superintendent of the Northbrook branch and Henry Diederich, assistant plant superintendent were guests of honor at the dinner. Mr. Hacker complimented the employees on their noble accomplishment and praised the community at large for the manner in which the local concern was received.

The high light of the evening came when John Intravartolo, foreman of the day shift, presented, in the name of the employees, a solid walnut, Bank of England styled swivel chair.

Though the Signal Corps contract is now completed, the plant is operating at full force, with no immediate relief in sight.

## At Ravinia

Two notable artists will share the musical spotlight in a joint Ravinia debut during the fourth week of the woodland concerts. Massimo Fressia, brilliant young Italian-born conductor of the New Orleans Symphony, and Erica Morini, gifted Austrian violinist, will be the newcomers to Ravinia Park.

Freccia will be guest conductor of the Chicago Symphony Orchestra for four concerts beginning Tuesday, July 24. Erica Morini will be soloist at two of the concerts—Tuesday evening (July 24) and Saturday evening (July 28).

In addition to his own 'first' appearance at Ravinia, the young conductor will present to his North Shore audiences several musical 'firsts.' On Tuesday evening (July 24) Freccia will include in his program Giuseppe Martucci's "Notturno" from "Piccolo Pezzi" which has not previously been played at Ravinia. At his Saturday night (July 28) concert, he will present Castelnuovo-Tedesco's "Overture" to "The Taming of the Shrew" which will be the Italian composer's first Ravinia programming and a first performance of the work by the Chicago Symphony Orchestra. At the same concert, Erica Morini will add to the Ravinia repertoire Glazounow's "Concerto for Violin."

On Sunday afternoon (July 29), Freccia will conduct the first Chicago performance of the contemporary Spanish composer Joaquin Turnina's string quartet "La Oracion del Torero".

# Jr. Legion nine wins and loses

**Geo. C. Poole "Fords" 8**
**Des Plaines Croations 1**

On July 6 Big Al Stroker made his debut as a pitcher for the "Fords", winning from the Des Plaines Croations 8-1. Big Al, standing 6' 3" and weighing 230 pounds, expressed a willingness to learn to pitch at the start of the legion season and in this short span of time has shown great improvement. Al pitched 5 innings, allowed only 3 hits and issued no walks. Feeling that the game was won and knowing "Chuck" Bracke needed work to prepare for the game with the Kilbourn Park Yanks, this change was made for the last two innings.

The Arlington hitting was light. Seven hits were distributed thru the lineup with no player getting more than one hit.

The Legion games are all played under the rules and sanction of the Illinois High School Assn. and official games are 7 innings.

**Kilbourn Park "Yanks" 1**
**Geo. C. Poole "Fords" 0**

Last Saturday night at the Park Ridge playground, one of the greatest junior baseball games of all time was played. That statement is made because of two facts which developed with the progress of the game. Fact number 1 was an extra inning, no hit pitching job by Sepke of the Yanks. The second fact was "Chuck" Bracke's pitching and superb defensive play by the "Fords".

Truly great plays were made by Bob Wille, Gail Back, Al Griffith and Bill Wille. Bob Wille's play at 2nd base, especially after he was accidentally spiked in the 3rd inning, was top quality. He was middle man or started two of the four double plays which were made and had 2 putouts on runners at 2nd base.

The story of the game was all in the 8th inning. The 1st batter walked and the second batter hit to short center. The 3rd batter sacrificed these runners to 2nd and 3rd. Sepke, the pitcher, was to be intentionally walked to fill the bases and make double plays possible. With the count of two balls to the batter the runner on third broke away from the bag. Due to tension and inexperience Bracke paused after starting to throw which was a balk. The men managing and coaching the "Fords" feel that the run which scored was their fault and that the wrong play was called in view of the boys inexperience. The next two batters were disposed of quickly.

The Arlington 8th was also crowded with excitement and tension. With one out, Aldrich was safe on an error by the 1st baseman. Elmer Wille forced Aldrich at 2nd. Griffith popped a nice high which the second baseman booted and then Esp, the catcher, walked, filling the bases. Then happened the thing which is percentage play in baseball—the batter struck out.

The "Fords", while defeated for the 9th district championship, can be justly proud of the way they played the game.

The "Yanks" starting lineup had 7 regulars of last year's Carl Schurz H. S. team and 2 regulars from the Lane Tech State championship team. Beaten fairly the "Fords" hope the "Yanks" continue to the state championship. The majority of their players attended the cubs baseball school last August.

There was a might have been for Arlington in this game. In the 5th inning Vic Lesch cracked the only hard hit ball by either team. Had it been 10 feet either side of where it was hit, the tabulations would have shown a home run—but it was just another out on a beautiful catch by Brevick, the Yanks left fielder.

## Anti-saloon league man to preach at Methodist church

The Rev. Mr. G. J. Hinshaw, northern field representative of the Anti-Saloon League of Illinois, will occupy the pulpit of the Methodist Meeting House Sunday, July 22. Mr. Hinshaw will tell of the new educational program now being used in scores of high schools thruout the state.

Mr. Hinshaw had a notable ministry in the Presbyterian church before he felt led to do the work of the Anti-Saloon League. It is the opinion of the leaders of this movement that much of the delinquincy of the present day is due to the excessive use of alcoholic beverages. Bishop J. Ralph Magee recently accepted the presidency of the Illinois Anti-Saloon League.

# 2nd Lt. Rosemary Petersen weds Lt. Marvin Humphrey

Rosemary Petersen, 2nd Lt. A. N. C., and Marvin A. Humphrey, 1st Lt. M. C. were married on July 2nd in the Chapel at Northington General Hospital by Major Percy Freeman, Post Chaplain. The bride was given away by Brig. Gen. William R. Dear. Lt. Maxine E. Nelson was the maid of honor and the best man was Capt. Floyd Thompson. The bride wore a biege uniform and carried a white prayer book with a white orchid.

Lt. Petersen is the daugher of Mr. and Mrs. Otto Petersen of Palatine. She attended Elmhurst College, was graduated from St. Luke's Hospital Nursing School in Chicago in 1944, and entered the Army Nurse Corps in March, 1945.

Lt. Humphrey is the son of Mr. and Mrs. Chester J. Humphrey of Schenectady, N. Y. He attended the public schools in Schenectady and was graduated from Union College in 1939. In 1943 he received his M. D. degree from New York Medical College and later served his interneship at Ellis hospital. He entered the army in January, 1944, and at the present time both he and Lt. Petersen are stationed at Northington Gen. Hospital.

Lt. Col. William Nachlas and the orthopedic staff gave an informal party for the bride and groom at the officers club on Sunday night.

# Alice Neitz bride of Cpl. Richard Walsh

Miss Alice Neitz, daughter of Mr. and Mrs. William Neitz, Palatine, became the bride of Cpl. Richard M. Walsh of Chicago Saturday afternoon, July 14, at two o'clock. The ceremony took place in the rectory of St. Theresa church, Palatine, the Rev. Wm. Murray, officiating.

The bride chose for her wedding a two piece dusty pink street length dress, with white accessories and a white gardenia corsage.

Miss Olive Neitz, sister of the bride, served as maid of honor. She wore a turquoise blue dress with black accessories and a corsage of talisman roses.

John Walsh, brother of the groom, served as best man.

The mother of the bride and the sister of the groom were attired in navy blue dresses and wore corsages of white carnations.

Following the wedding a reception was held at the home of the bride's parents for the immediate relatives and friends. Out of town guests were Mrs. Marjorie Stasch, Miss Eleanor Urbanek of Chicago and Mrs. Howard Harrington of Skokie.

The bride and groom left Saturday for a short honeymoon in Wisconsin.

The groom, now home on a thirty day furlough, will report for service in Texas August 1. He has served seventeen months overseas.

Mrs. Walsh will continue with her duties as nurse in Chicago.

## American Legion auxiliary notes

Merle Guild unit of the American Legion auxiliary met at Legion hall on Tuesday, July 17. The session was a busy one as delegates to the ninth district and Cook county council were elected, and much planning done and preparation for the Legion festival in August.

The auxiliary will be in charge of the refreshment booth as in former years, and as everyone knows it requires planning to feed a hungry crowd. Prices will of necessity be higher than last year, but with Merle Holtz and Fannie May engineering the affair, the auxiliary hope to be able to meet the demand.

Camille Peroutka will be in charge of the quilt booth the same as last year. Auxiliary members should be busy getting their books filled.

After adjournment Etta Fitzpatrick and Merle Holtz served refreshments.

## 'Bundles' take a vacation

The Arlington Heights Unit Bundles For America have discontinued their meetings during the summer. The next meeting will be held Wednesday, September 5, at the Arlington Heights Field House. Those wishing material for various articles may phone Mrs. W. E. Tack, Arlington Heights 245-M.

## Eleanor Bake Shop to be closed three days next week

Eleanor's Bake Shop, Campbell street, Arlington Heights, will be closed next Monday, Tuesday and Wednesday. The propietor is installing a new oven which he says has become a necessity. The old oven is a war time casualty. The new oven will be operated by gas in place of coke.

## Airline hostess now in Chicago

Miss Mariam Noyes has been selected to fill the newly created position of hostess flight instructor for Transcontinental & Western Air's central region. She will be stationed at Chicago.

Miss Noyes was formerly a hostess for TWA, stationed in Burbank. A graduate of Beloit College where she was a member of Kappa Delta, she resides with her parents, Mr. and Mrs. Burton A. Noyes, 214 W. Fremont st., Arlington Heights.

## OES host to state worthy grand matron

One of the outstanding guest nights of the year of Arlington Heights Chapter No. 992 OES, occurred last Thursday evening, July 12, when the Worthy Grand Matron of Illinois, Mrs. Ethel B. Breedlove, and her official family honored the chapter by their presence.

Many chapters were represented and an interesting and pleasant evening was enjoyed by everyone.

Generous cash donations were presented to Worthy Grand Matron for the two homes maintained by the Eastern Star organization.

The Masonic service mens center and the Illinois Masonic hospital were also remembered.

The Worthy Grand Matron commended the chapter for its generosity, also the officers for their splendid work.

Meetings will not be held now until August 23.

It is hoped that all of the members will enjoy their summer vacations and return with renewed interest and enthusiasm.

## Impressive ending program July 4

Following the publication in last week's issue of the story regarding the program on the evening of July 4th, the Herald discovered it had failed to mention the most interesting part of the entire program. Following the eulogy to the memory of those who have given their lives, the United States Flag was lowered to half staff by members of the army, navy and marine corps, when taps were sounded by Duane Schroeder and Mary Ann Eiler, accompanied by Dick Everett sang the Lord's Prayer. This was followed by two minutes of silent meditation, which was broken by the playing of the Star Spangled Banner by the Arlington Heights High School Band and sung by Misses Scamehorn and Eiler.

## Health office open two days a week

During Mrs. Paul Carroll's absence, July 9 to August 9, Mrs. Sutton of Park Ridge will be at the Arlington Heights health center on Tuesdays and Thursdays from 9 a. m. to 12 noon. Mrs. Sutton is the community nurse at Broadway and Winchester communities.

# Scout officials meet

On Wednesday evening, July 11, District 2 committeemen held their monthly meeting at Camp Baden Powell, formerly known as Taylor Woods. Byron Foote, the chairman, called the meeting to order at 8:40.

Al Baker reported everything was in readiness for the picnic to be held at Camp Baden Powell July 29 at 2 p. m. for Scouters and their families, who will bring basket lunches, while the Council will provide ice cream and pop. Games, croquet, peanut race, sack race, and tug of war are features of the program.

The Roundtable will meet July 20 at Baden Powell at 8:00 p. m. Wives are invited. If you do not play cards why not bring your darning or what have you. Al Baker promises refreshments will be served after the meeting.

**Organization and extension**

Otto Pfeifer reports cubbing at St. Marys, Wheeling and Forest River is making good progress.

Will Davis called our attention to an accident in Des Plaines to a scout who was seriously burned by fire crackers setting his clothing on fire. But due to their first aid training his two scout pals quickly extinguished the flames, rushed for help, getting the injured boy to the hospital in time to save the boys life.

**Camping and activities**

Ed Fletcher admitted it was a tough job getting those heavy logs, ties and kindling wood out to the camp and we wish to express our thanks to all who gave assistance.

Ten scouts of Troop 23 Mt. Prospect negotiated the Lincoln Trail successfully. This is an unusually large group to complete the 22 mile hike and they deserve a lot of credit for this outstanding achievement.

Stan Huntington led a discussion on some of the camping problems involved in making Camp Baden Powell a permanent all season camp.

We wish to extend our hearty thanks to the Des Plaines Villas Civic Club who donated soft balls, bats, and bases for our scouts to use.

**Advoncement**

Scouts are advancing and many will receive hard earned badges at the next Court of Honor to be held the second Friday in September.

From now on District 2 Courts of Honor will be on a permanent time basis, and will be held quarterly on the second Friday of December, March, June and September of the scout fiscal year.

## Dinner dance given employees of packing firm

The management of the Arlington Packaging Co. entertained their one hundred employees at a dinner dance Thursday, July 12, at the Mount Prospect Country Club.

The dinner climaxed the successful termination of the gigantic U. S. Signal Corps contract with the local concern. Over two hundred local girls and women answered the call for assistance in helping the company deliver the terms of the contract, which consisted of upward of seven million packages of dehydrating agent, which is being used to protect the delicate instruments of war from moisture while on their voyage from the European theatre of war to various Japanese positions.

Clarence A. Schroeder of Palatine serving as master of ceremonies, vividly portrayed the fine character of their general manager Ray Chmelik, who in a brief talk complimented not only the guests at the party, but also the numerous girls and women that had in their spare hours, so ably assisted the company during the five week period covered by the contract. He also related to the amusement of the audience how the company first organized with three women and a park bench in a local empty store building.

Paul Hacker, plant superintendent of the Northbrook branch and Henry Diederich, assistant plant superintendent were guests of honor at the dinner. Mr. Hacker complimented the employees on their noble accomplishment and praised the community at large for the manner in which the local concern was received.

The high light of the evening came when John Intravartolo, foreman of the day shift, presented, in the name of the employees, a solid walnut, Bank of England styled swivel chair.

Though the Signal Corps contract is now completed, the plant is operating at full force, with no immediate relief in sight.

## At Ravinia

Two notable artists will share the musical spotlight in a joint Ravinia debut during the fourth week of the woodland concerts. Massimo Fressia, brilliant young Italian-born conductor of the New Orleans Symphony, and Erica Morini, gifted Austrian violinist, will be the newcomers to Ravinia Park.

Freccia will be guest conductor of the Chicago Symphony Orchestra for four concerts beginning Tuesday, July 24. Erica Morini will be soloist at two of the concerts—Tuesday evening (July 24) and Saturday evening (July 28).

In addition to his own 'first' appearance at Ravinia, the young conductor will present to his North Shore audiences several musical 'firsts.' On Tuesday evening (July 24) Freccia will include in his program Giuseppe Martucci's "Notturno" from "Piccolo Pezzi" which has not previously been played at Ravinia. At his Saturday night (July 28) concert, he will present Castelnuovo-Tedesco's "Overture" to "The Taming of the Shrew" which will be the Italian composer's first Ravinia programming and a first performance of the work by the Chicago Symphony Orchestra. At the same concert, Erica Morini will add to the Ravinia repertoire Glazounow's "Concerto for Violin."

On Sunday afternoon (July 29), Freccia will conduct the first Chicago performance of the contemporary Spanish composer Joaquin Turnina's string quartet "La Oracion del Torero".

# Jr. Legion nine wins and loses

**Geo. C. Poole "Fords" 8**
**Des Plaines Croations 1**

On July 6 Big Al Stroker made his debut as a pitcher for the "Fords", winning from the Des Plaines Croations 8-1. Big Al, standing 6' 3" and weighing 230 pounds, expressed a willingness to learn to pitch at the start of the legion season and in this short span of time has shown great improvement. Al pitched 5 innings, allowed only 3 hits and issued no walks. Feeling that the game was won and knowing "Chuck" Bracke needed work to prepare for the game with the Kilbourn Park Yanks, this change was made for the last two innings.

The Arlington hitting was light. Seven hits were distributed thru the lineup with no player getting more than one hit.

The Legion games are all played under the rules and sanction of the Illinois High School Assn. and official games are 7 innings.

**Kilbourn Park "Yanks" 1**
**Geo. C. Poole "Fords" 0**

Last Saturday night at the Park Ridge playground, one of the greatest junior baseball games of all time was played. That statement is made because of two facts which developed with the progress of the game. Fact number 1 was an extra inning, no hit pitching job by Sepke of the Yanks. The second fact was "Chuck" Bracke's pitching and superb defensive play by the "Fords".

Truly great plays were made by Bob Wille, Gail Back, Al Griffith and Bill Wille. Bob Wille's play at 2nd base, especially after he was accidentally spiked in the 3rd inning, was top quality. He was middle man or started two of the four double plays which were made and had 2 putouts on runners at 2nd base.

The story of the game was all in the 8th inning. The 1st batter walked and the second batter hit to short center. The 3rd batter sacrificed these runners to 2nd and 3rd. Sepke, the pitcher, was to be intentionally walked to fill the bases and make double plays possible. With the count of two balls to the batter the runner on third broke away from the bag. Due to tension and inexperience Bracke paused after starting to throw which was a balk. The men managing and coaching the "Fords" feel that the run which scored was their fault and that the wrong play was called in view of the boys inexperience. The next two batters were disposed of quickly.

The Arlington 8th was also crowded with excitement and tension. With one out, Aldrich was safe on an error by the 1st baseman. Elmer Wille forced Aldrich at 2nd. Griffith popped a nice high which the second baseman booted and then Esp, the catcher, walked, filling the bases. Then happened the thing which is percentage play in baseball—the batter struck out.

The "Fords", while defeated for the 9th district championship, can be justly proud of the way they played the game.

The "Yanks" starting lineup had 7 regulars of last year's Carl Schurz H. S. team and 2 regulars from the Lane Tech State championship team. Beaten fairly the "Fords" hope the "Yanks" continue to the state championship. The majority of their players attended the cubs baseball school last August.

There was a might have been for Arlington in this game. In the 5th inning Vic Lesch cracked the only hard hit ball by either team. Had it been 10 feet either side of where it was hit, the tabulations would have shown a home run—but it was just another out on a beautiful catch by Brevick, the Yanks left fielder.

## Anti-saloon league man to preach at Methodist church

The Rev. Mr. G. J. Hinshaw, northern field representative of the Anti-Saloon League of Illinois, will occupy the pulpit of the Methodist Meeting House Sunday, July 22. Mr. Hinshaw will tell of the new educational program now being used in scores of high schools thruout the state.

Mr. Hinshaw had a notable ministry in the Presbyterian church before he felt led to do the work of the Anti-Saloon League. It is the opinion of the leaders of this movement that much of the delinquincy of the present day is due to the excessive use of alcoholic beverages. Bishop J. Ralph Magee recently accepted the presidency of the Illinois Anti-Saloon League.

# 2nd Lt. Rosemary Petersen weds Lt. Marvin Humphrey

Rosemary Petersen, 2nd Lt. A. N. C., and Marvin A. Humphrey, 1st Lt. M. C. were married on July 2nd in the Chapel at Northington General Hospital by Major Percy Freeman, Post Chaplain. The bride was given away by Brig. Gen. William R. Dear. Lt. Maxine E. Nelson was the maid of honor and the best man was Capt. Floyd Thompson. The bride wore a biege uniform and carried a white prayer book with a white orchid.

Lt. Petersen is the daugher of Mr. and Mrs. Otto Petersen of Palatine. She attended Elmhurst College, was graduated from St. Luke's Hospital Nursing School in Chicago in 1944, and entered the Army Nurse Corps in March, 1945.

Lt. Humphrey is the son of Mr. and Mrs. Chester J. Humphrey of Schenectady, N. Y. He attended the public schools in Schenectady and was graduated from Union College in 1939. In 1943 he received his M. D. degree from New York Medical College and later served his interneship at Ellis hospital. He entered the army in January, 1944, and at the present time both he and Lt. Petersen are stationed at Northington Gen. Hospital.

Lt. Col. William Nachlas and the orthopedic staff gave an informal party for the bride and groom at the officers club on Sunday night.

## American Legion auxiliary notes

Merle Guild unit of the American Legion auxiliary met at Legion hall on Tuesday, July 17. The session was a busy one as delegates to the ninth district and Cook county council were elected, and much planning done and preparation for the Legion festival in August.

The auxiliary will be in charge of the refreshment booth as in former years, and as everyone knows it requires planning to feed a hungry crowd. Prices will of necessity be higher than last year, but with Merle Holtz and Fannie May engineering the affair, the auxiliary hope to be able to meet the demand.

Camille Peroutka will be in charge of the quilt booth the same as last year. Auxiliary members should be busy getting their books filled.

After adjournment Etta Fitzpatrick and Merle Holtz served refreshments.

## 'Bundles' take a vacation

The Arlington Heights Unit Bundles For America have discontinued their meetings during the summer. The next meeting will be held Wednesday, September 5, at the Arlington Heights Field House. Those wishing material for various articles may phone Mrs. W. E. Tack, Arlington Heights 245-M.

## Eleanor Bake Shop to be closed three days next week

Eleanor's Bake Shop, Campbell street, Arlington Heights, will be closed next Monday, Tuesday and Wednesday. The propietor is installing a new oven which he says has become a necessity. The old oven is a war time casualty. The new oven will be operated by gas in place of coke.

# Alice Neitz bride of Cpl. Richard Walsh

Miss Alice Neitz, daughter of Mr. and Mrs. William Neitz, Palatine, became the bride of Cpl. Richard M. Walsh of Chicago Saturday afternoon, July 14, at two o'clock. The ceremony took place in the rectory of St. Theresa church, Palatine, the Rev. Wm. Murray, officiating.

The bride chose for her wedding a two piece dusty pink street length dress, with white accessories and a white gardenia corsage.

Miss Olive Neitz, sister of the bride, served as maid of honor. She wore a turquoise blue dress with black accessories and a corsage of talisman roses.

John Walsh, brother of the groom, served as best man.

The mother of the bride and the sister of the groom were attired in navy blue dresses and wore corsages of white carnations.

Following the wedding a reception was held at the home of the bride's parents for the immediate relatives and friends. Out of town guests were Mrs. Marjorie Stasch, Miss Eleanor Urbanek of Chicago and Mrs. Howard Harrington of Skokie.

The bride and groom left Saturday for a short honeymoon in Wisconsin.

The groom, now home on a thirty day furlough, will report for service in Texas August 1. He has served seventeen months overseas.

Mrs. Walsh will continue with her duties as nurse in Chicago.

## Airline hostess now in Chicago

Miss Mariam Noyes has been selected to fill the newly created position of hostess flight instructor for Transcontinental & Western Air's central region. She will be stationed at Chicago.

Miss Noyes was formerly a hostess for TWA, stationed in Burbank. A graduate of Beloit College where she was a member of Kappa Delta, she resides with her parents, Mr. and Mrs. Burton A. Noyes, 214 W. Fremont st., Arlington Heights.

Cpl. and Mrs. Leonard Ratieke are proud parents of a baby boy, Kenneth Leonard, born July 13 at the Northwestern hospital, Des Plaines. Cpl. Ratieke is stationed in Ohio.

Mrs. Herman Carr and daughter Nancy have returned home after spending a week's vacation at Beaver View Lodge, Hartland, Wis.

Mrs. Martha Bahr was a guest Sunday at the home of her sister, Mrs. W. G. Franke, in Chicago.

Juanita Meyer visited the Frank Clifford family in Park Ridge over the week end.

Mrs. Wm. Schoppmann, Mrs. Catherine Obenauf, Mrs. Andrew Horcher and Mrs. George Syoen attended the silver jubilee of Sister Mary Patricia O. S. B. of St. Scholasticas convent in Rogers Park Wednesday.

A daughter was born Sunday, July 15 at the St. Francis hospital to Mr. and Mrs. Walter Kranbeer, 632 N. State Rd.

Mr. and Mrs. F. A. Kerschke, formerly of Arlington Heights, celebrated their twenty-fifth wedding anniversary with a family reunion at their home in Kankakee Sunday. Guests were the Fred Kehe, Ray Kehe and Carl Drewes families, and Richard Kehe of Arlington Heights and the Arthur Haas and Henry Schacht families and Mrs. Henry Krohn of Chicago.

Marva Meyer visited friends at Hazelcrest last week, Tuesday.

Lt. (j. g.) and Mrs. Robert Rehling, St. Paul, are parents of a little daughter, Barbara Jean, born July 4. Lt. Rehling, formerly of Arlington Heights, is now serving in the Pacific.

Mrs. George Syoen and Mr. and Mrs. Andrew Horcher attended the memorial services Saturday for Lt. Joseph J. Syoen at St. Ignatius church, Chicago. Lt. Syoen was believed lost when his ship exploded over Germany, June 29, 1944.

Mr. and Mrs. G. M. Eakins and family returned Saturday evening from a week's vacation spent at the home of Mrs. Eakins' uncle, J. C. Davis, at Morganfield, Kentucky. Donald and Jerry Mac Blackwell of Bowling Green, Kentucky, accompanied them home and will remain here for a two weeks visit as guests of Jerry and John Eakins.

Virginia Schinkowsky entertained nine of her office associates at a lawn party and weenie roast at her home, 207 N. Belmont ave., Saturday afternoon and evening. The girls are employees of the Container Corporation, Chicago.

Mrs. Ruth Wilmoth underwent an operation Monday at the Elmhurst hospital.

Mr. and Mrs. Edwin Zanhiere and two children, Virginia Ann and George Allen, of Chicago, were Sunday afternoon and evening guests at the Elmer Crane home.

Billy Jaeger of Chicago and Jean Reimer of Reedsburg, Wisconsin, are visiting at the Arthur McElhose home.

Mr. and Mrs. Carl Stadelman accompanied by their son and family, the Charles Stadelmans, visited their daughter, Mrs. Meyer and family in South Holland, Sunday. Phyllis Meyer returned with them to spend a week's vacation at the home of her grandparents.

Sunday guests at the J. M. McElhose home were Mrs. McElhose' brother, Mr. R. D. Moyers and family of Oak Lawn, her sister, Miss Lois Moyers of Chicago and niece, Marguerite Wahl, who is spending the summer in Chicago.

Mr. and Mrs. Melvin Kurtz and Mr. and Mrs. Irving Tesch attended their card club at the Fred Wilton home in Skokie on Saturday evening.

Mr. and Mrs. Earl McNeely entertained on Sunday, July 8, Mr. and Mrs. John Dobbins and son, Curtis and daughter, Marcella, of Batavia, Mrs. Donald Zoellner and baby.

Mr. and Mrs. Fay Elliott and daughter, Dorothy and baby, Mrs. Ruth Wilmoth, S1c and Mrs. James Trevorrow, Mrs. Lester Dobbins and son, Lowell, of Arlington Heights and Mrs. Donald Dobbins, Winnetka.

Mrs. Marie Hein of Chicago spent Sunday with her mother, Mrs. Marie McNeil.

Mr. Klopp, S. Highland ave., has purchased the property at 503 N. State rd. from Mr. Robert McDonald, who has moved to New York.

Mrs. Edward Allison has returned from southern Illinois, where she has been with her father, who is ill. He is now making his home with a daughter in Elgin.

## Lutheran home residents are guests at picnic

The Ladies Auxiliary of the Evangelical Lutheran Old Folks Home, Arlington Heights, sponsored a picnic at the home on Friday, July 13. There were some five hundred people present, all representing the various Ladies Aids of the Lutheran churches in Chicago and its vicinity. St. Peters Ladies Aid of Arlington Heights alone was represented by about sixty ladies.

Lunches were spread on the tables on the home's lawn. The residents of the Home were all asked as guests and those too feeble to get outside were served in their rooms. Each resident received a carnation, the men a white one and the ladies a red one. There was also a grab bag from which each resident received a gift.

In the afternoon the picnickers were entertained by two accordion players on the lawn, and musical numbers were also rendered in the dining room of the Home. It was a beautiful day and a real treat for every one to visit with their many friends gathered here. The residents and all those present thoroughly enjoyed the day.

Rev. Kempf hopes there will be many more picnics of this kind.

Mrs. LaVerne Levine has returned from Florida where she has been with her husband. She is now at home with Mrs. Harry Levine.

Mrs. Clara Decker and son, Theodore, visited friends in Plymouth Friday.

The little daughter of Mr. and Mrs. Lawrence Sebastian was christened Susan Loren, by the Rev. G. J. Stier, Sunday afternoon.

Mrs. Laura Buerkin has returned to her home in Anita, Iowa, where she will teach school this fall.

Fred Broeske, who was here to attend the funeral of his brother-in-law, August Greinke, has returned to his home in Minnesota.

Members of the VFW auxiliary distributed confections and cigarettes to their comrades at Elgin Thursday. They were accompanied by Mr. and Mrs. Lambert Wagner.

Mrs. Ella Boeger visited her brother, Mrs. Fred Traub, in Chicago unday.

Mrs. Katherine Schaeffer, North State rd., visited friends in Spring Grove, last week.

Mrs. A. V. Crisler and daughters, the Misses Frances and Amy Crisler of Glen Ellyn visited Arlington Heights friends Monday.

Mr. and Mrs. Walter Voss are making a business trip to the west coast.

Mr. and Mrs. George E. Petersen, daughter, Leeann, and Shirley Helfers spent last week Thursday with Mr. and Mrs. Al. Fisher, at Twin Lakes.

Mrs. Verne Wayman, W. Wing st., is ill and receiving treatment in the Elgin hospital.

Misses Eunice and Lydia Eich are enjoying a vacation.

Mr. and Mrs. Gordon Buell, who have been visiting the J. C. Boeger family, have returned to their home in New York.

Mr. and Mrs. C. W. Peter's guests Sunday were Mrs. Elsie Miller, Mr. and Mrs. Jack Magnes of Chicago, Mr. and Mrs. F. Richard, son and Howard Richardson of Des Plaines.

Mr. and Mrs. Clarence Schuette, S. Evergreen ave., are entertaining their son and wife, Mr. and Mrs. Wallace Schuette. Mr. Schuette has a twenty days leave from Boise, Idaho.

Mr. and Mrs. Edw. H. Niemeyer and family are spending their vacation with relatives in Ontario, Canada.

Mrs. Martha Wagner is spending her vacation with her parents, the E. Andersons, on Kensington rd.

Mrs. Ella Boeger visited her brother, Mr. Fred Traub, in Chicago Sunday.

Corrine and Delores Martin attended the funeral of their grandfather, Mr. John E. Martin, in Chicago Tuesday afternoon.

Mrs. George Orth and children arrived home Sunday from Milwaukee where they had been visiting Mrs. Orth's parents, Mr. and Mrs. Ernest Hoermlin and Mr. Orth's father, George Orth, Sr., since July 4th. Mr. Orth spent the week-end in Milwaukee, his family returning with him on Sunday.

# Just Around the Corner

Dear Jane:

Have you ever had the rare experience of entertaining children for a day when everything went according to plan, and not even the slightest mishap occurred?

George and Edward made me promise I would take them this summer to the zoo where I went as a young child. The occasion of little Paula's visit to her Aunt Dorothy gave us a good reason for using some of our precious gas for a trip to Lincoln Park last Tuesday.

The day was perfect. The three children were in a gay mood as they plied me with myriad questions on our leisurely drive to the city. "Will this zoo look differently than the one at Brookfield? Will there be as many animals? Will there be flowers," asked Paula, who, though not quite six, can recognize an amazing number of flowers, naming them correctly.

It used to be that I became confused in the labyrinth ways of the Outer Drive and Lincoln Park, but on this day I had no difficulty in making the proper turn that brought us directly to a fine parking space at the south end of the Grandmother's Garden. We decided to make a tour of this delightful place before going anywhere else.

Every imaginable old-fasioned flower is displayed here with perhaps the exception of the dear little mignonette, for which we spent some time searching. My mother always said an old-fashioned garden wasn't complete without this fragrant flower.

The plants for the most part are set out in a definite design, though here and there we came across a tall clump of geraniums, their wayward stalks recaptured and tied to sticks, just as we see them in our combination vegetable and flower gardens here in the country.

I suppose, because flowers and music were meant to go together, we discovered a small bust of Beethoven at the south end of the garden. And a fine statue of a sitting Shakespeare in a contemplative attitude divides the garden in two sections. Truly, a trip to Lincoln Park would not be complete without a visit to Grandmother's garden.

Leaving this spot of beauty, we walked across the road and entered the old conservatory. I have always loved this idyllic place with its tropical plants. It is cool and restful, and one is constantly aware of the pungent smell of damp, black soil. We saw that aristocrat of all flowers, the orchid, and its various kinds of cousins. The children were enchanted with the tinkling sounds of the miniature water-falls in the rocks. Coming out, we stopped to drop our coins in the shallow well for the benefit of the Service Men's Center, and of course, made silent wishes.

I hardly believe we missed an animal or bird housed in the park. Somehow, we didn't seem to tire—at least, no one complained. I think this is because, there are so many beautiful old trees in Lincoln Park under which to rest occasionally; and because the exhibits are in close proximity.

I had told the children I would take them to lunch at the refectory overlooking the lagoon, but when we reached its doors, we were told it had been closed—"war conditions"—but a small cafeteria is serving in its place. We selected our food and ate unhurriedly, for we timed ourselves so as to be there before the "rush" began.

Immediately after luncheon, we walked to the pier and rented a boat for a row on the lagoon. I must admit, I am not proficient in the art of rowing, but I managed to take us around the entire lagoon without capsizing! (How amused my sailor son would have been at such a picture.) My! how the children did enjoy this part of the day. They wanted to stay out on the water for an hour—hadn't we paid for a full hour? they asked. But my arms began to rebel, so we "docked" early, and went immediately to see the world famous lions and tigers. What magnificent animals. Even the European zoos have never been able to boast of better.

Both George and Edward agreed at the end of the day, that even though the new Brookfield Zoo is quite fine, the one that mother visited when she was a little girl, is the best. I think so, too.

Love, Mary.

Low gross went to Til Foy with a 37, low net went to Pete Kelly with a 46 and a 15 handicap which gave him 31. Henceforth we will be equipped with plasma as standard equipment for such shot cases as Pete Kelly. He nearly collapsed from the unexpected pleasure of winning his first match of the season and also walking off with low gross.

## Engaged

Mr. and Mrs. William Holt of Tooele, Utah, announce the engagement of their daughter, Josephine, to Cpl. Harold Framberg, son of Mrs. Ethel Framberg of Arlington Heights.

Cpl. Framberg was stationed at Tooele for some time before going overseas. He is now stationed in LeMons, France.

## Flashes of '45 4-H

The Flashes of 45, the 4-H group visited the Meyer dairy and watched the process of pasteurization of milk. They were all given samples of chocolate milk as compliments of the dairy.

The club went to the home of our leader where Joan Lingren and Elaine Duenn gave a demonstration of white sauce and made a creamed dish. The girls all took part in a group demonstration of five fresh vegetables for a relish tray. Lunch was served under the trees, followed by outdoor games.

Talks were given by Gloria Haemker on foot care and Elaine Duenn on milk prices. We sang solos, duets and rounds. We are happy to have two members back with us, Peggy Sieburg, who was in quarantine, and Gloria Haemker, who has returned from her vacation. We closed with the pledge to the flag. Our next meeting will be July 19.

## Happy Progress 4-H

The Happy Progress Workers held their meeting on July 12 at the home of Mrs. Frank Havranek, at which seven attended. A demonstration was given on the correct way to wash hands by Gloria Morphew. A talk on grooming by Mary Lee Natelson, and one on introduction by Marilyn Franke, and a demonstration on bias making by Ruth Havranek were also presented.

Refreshments were served by Ruth Havranek and Gloria Morphew.

The next meeting will be held at the home of Mrs. Herbert Morphew on July 20.

By Marilyn Franke.

## Future homes 4-H

The Future Homes 4-H club held its fifth meeting Monday July 16, at the home of Mrs. Johnston.

We decided to have a picnic Sunday, August 19.

Mrs. Johnston told us about Achievement Day and that we are to go to Palatine on August 17.

Irene Scharringhausen gave a talk on foot exercises, Irene Rodewald on Sewing Hints to Beginners, and Betty Jane Robison on How Different Bleaches Harm Material.

After the meeting we practised dancing for Achievement day.

We had cake and pop for refreshments. Refreshments for the next meeting are to be from Lois Scharringhausen, Irene Rodewald, Shirley and Betty Jane Robison.

Our next meeting will be held on Wednesday, July 25.

Lois Scharringhausen,
Club Reporter.

## Alpha Theta 4-H

July 12, 1945, the Alpha Theta 4-H group held their fifth meeting in the north school home economics room.

After the pledges, roll call and minutes, the reports of the committees were given. Old and new business was discussed.

Talks were given by Dolores Goldthwaite, on "Diets," and Verdell Duenn on "West End Nurse."

A demonstration by Shirley Dodge was subjected to Buttons, Hooks and Eyes, Snaps. Also a demonstration by Nancy Jane Baumann assisted by Ila Miller on "Care of the Shoes" was given in the form of a play. Nancy McCarty led the game "Names."

Hostesses Ila Miller, Dolores Goldthwaite and Nancy McCarty served ice cream and cookies.

The next meeting will be held July 19, at 7 p. m.

## Flashes of '45 4-H

The Flashes of 45, the 4-H group visited the Meyer dairy and watched the process of pasteurization of milk. They were all given samples of chocolate milk as compliments of the dairy.

The club went to the home of our leader where Joan Lingren and Elaine Duenn gave a demonstration of white sauce and made a creamed dish. The girls all took part in a group demonstration of five fresh vegetables for a relish tray. Lunch was served under the trees, followed by outdoor games.

Talks were given by Gloria Haemker on foot care and Elaine Duenn on milk prices. We sang solos, duets and rounds. We are happy to have two members back with us, Peggy Sieburg, who was in quarantine, and Gloria Haemker, who has returned from her vacation. We closed with the pledge to the flag. Our next meeting will be July 19.

## Happy Progress 4-H

The Happy Progress Workers held their meeting on July 12 at the home of Mrs. Frank Havranek, at which seven attended. A demonstration was given on the correct way to wash hands by Gloria Morphew. A talk on grooming by Mary Lee Natelson, and one on introduction by Marilyn Franke, and a demonstration on bias making by Ruth Havranek were also presented.

Refreshments were served by Ruth Havranek and Gloria Morphew.

The next meeting will be held at the home of Mrs. Herbert Morphew on July 20.

By Marilyn Franke.

## Future homes 4-H

The Future Homes 4-H club held its fifth meeting Monday July 16, at the home of Mrs. Johnston.

We decided to have a picnic Sunday, August 19.

Mrs. Johnston told us about Achievement Day and that we are to go to Palatine on August 17.

Irene Scharringhausen gave a talk on foot exercises. Irene Rodewald on Sewing Hints to Beginners, and Betty Jane Robison on How Different Bleaches Harm Material.

After the meeting we practised dancing for Achievement day.

We had cake and pop for refreshments. Refreshments for the next meeting are to be from Lois Scharringhausen, Irene Rodewald, Shirley and Betty Jane Robison.

Our next meeting will be held on Wednesday, July 25.

Lois Scharringhausen,
Club Reporter.

## Alpha Theta 4-H

July 12, 1945, the Alpha Theta 4-H group held their fifth meeting in the north school home economics room.

After the pledges, roll call and minutes, the reports of the committees were given. Old and new business was discussed.

Talks were given by Dolores Goldthwaite, on "Diets," and Verdell Duenn on "West End Nurse."

A demonstration by Shirley Dodge was subjected to Buttons, Hooks and Eyes, Snaps. Also a demonstration by Nancy Jane Baumann assisted by Ila Miller on "Care of the Shoes" was given in the form of a play. Nancy McCarty led the game "Names."

Hostesses Ila Miller, Dolores Goldthwaite and Nancy McCarty served ice cream and cookies.

The next meeting will be held July 19, at 7 p. m.

Bonnie Peterson,
Club Reporter.

# Way back when

**20 YEARS AGO—JULY 10, 1925**

**Itasca**

Carrie Benninger celebrated her eighth birthday June 25 by entertaining fourteen of her little friends. The afternoon was spent in playing games and partaking of delightful refreshments.

Wednesday evening the congregation met at the First Evangelical church to surprise and celebrate their pastor's thirtieth pearl wedding anniversary. Rev. and Mrs. Gronewald were presented with a pearl handled carving set.

Little Eldred Korning is the proud possessor of a fine little auto given to him in honor of his third birthday which occurred July 4. A large number of Chicago relatives helped him celebrate.

**Bensenville**

Little Lorraine Boldebuck enjoyed her birthday July 2.

Miss Myrtle Franzen entertained a few girl friends Tuesday evening in honor of her sixteenth birthday.

**Palatine**

Louis Keller and Miss Marie Willman were united in marriage by Rev. Voeks July 7.

Born to Mr. and Mrs. Wm. Hartman of Lake Zurich a son July 4 at the Palatine hospital.

Mr. and Mrs. Skibbe of Chicago were visitors at the Shermer home Wednesday evening. They are enthusiastic over Palatine and will build the new home here either this fall or early in the spring.

Palatine is 300 acres larger today than it was a week ago. At a special election held Tuesday the annexation proposition was carried over four to one.

**Arlington Heights**

With the purchase and occupancy of the Beyer and Boeger building by Herman H. Redeker, the firm of Boeger and Redeker retires from active business. It has been in existence since 1907 and both partners in good health. Mr. Boeger was 78 years old February 13, 1925 and his partner is about three years younger.

Over 500 citizens make a guess as to the exact size of Arlington Heights, the guesses ranging from 2250 to 6,000. The answer is 3141 and the five dollar gold piece awarded by the business mens association was won by Mrs. Irving Tesch. Her guess was 3148, just seven too many. The contest was part of the Fourth of July celebration. Honorable mention went to Lois Hausam, Bernice Perrin, Mrs. John Clark, Frank Sullivan, Rev. Peter Goll and Wm. Hausam.

**30 YEARS AGO—JULY 9, 1915**

**Arlington Heights**

Fourth of July was Miss Lucile Sahs birthday and three of her former classmates from the Luther Institute, Chicago, helped her celebrate.

Miss Lillian Russell, an experienced and successful teacher like her mother and father, Prof. and Mrs. W. H. Russell, has been engaged to teach the sixth grade.

The fifth world convention of the Christian Endeavor Society at the Coliseum, Chicago, opened Wednesday. Huldah Lorenzen, Henry Lorenzen, Persis Elfeld, Jessie Beardsley, Elroy Wheeler and Edith Jenkinson took part in the chorus of 2,000 voices.

**Mount Prospect**

Erna Scharringhausen gave her friends a party in honor of her 9th birthday.

John Alex and Fritz Carrots went fishing at Lake Zurich Sunday.

**Roselle**

The T. E. C. girls met with Miss Adelia Hattendorf this week.

A baby boy arrived at the home of Mr. and Mrs. Emil Quindel July 2.

**40 YEARS AGO—JULY 7, 1905**

**Palatine**

Miss Annie W. Devermann and Mr. Chas. W. Wessel were joined in wedlock by Rev. Lewerenz of Des Plaines at Immanuel Lutheran church, Palatine, at 11:30 a. m. Thursday, June 29.

Miss Grace VanHorn entertained her schoolmates and Sunday school class in honor of her cousin, Nellie VanHorn of Oak Park Tuesday evening.

**Arlington Heights**

Charles McElhose, wife and daughter of St. Louis are visiting relatives here.

St. Peters Lutheran church picnic in J. F. Kastnings woods at Plum Grove Saturday was a big success. The crowd present was estimated at 2,000 people with plenty of amusement for all. The long procession was led by the Arlington Heights military band, the children loaded into ten wagons waving flags. 30 gallons of ice cream received at noon was sold out by 3 o'clock.

## Five students at NU summer school

Summer enrollment at Northwestern University showed an increase at the close of registration day of more than 12% with a total attendance of 5,147 as compared with 4,589 for last summer.

The School of Law showed an increase over last year of 33%, the highest in the University. The School of Commerce was next with an increase of 28%, the School of Speech third with an increase of 22%.

Included among those who registered for summer work were approximately 400 returned veterans.

The Summer Session, which began June 26, is offering more than 370 courses in 58 fields of study. The program is being augmented by a number of conferences, lectures, institutes, dramatic events, and concerts.

Those enrolled from this area are:

**Arlington Heights**

Jean Marie Mors, 200 N. Dunton Ave., Graduate School.

Frances Pepin, 210 N. Evergreen, College of Liberal Arts.

**Palatine**

Mae Morris Gibbs, 320 N. Benton, Graduate School.

Gerald Arthur McElroy, 254 N. Hale, School of Education.

**Wheeling**

Bessie A. Pavliny, Graduate School.

## Ladies in Retirement at playhouse this week-end

"Ladies in Retirement", the thrilling Broadway success by Edward Percy and Reginald Denham, will be the fourth offering of the summer play season at The New Lake Zurich Summer Playhouse. This show that had a long and successful run on Broadway will star Bella Itkin in the role of Ellen, one of the "ladies" that deemed it necessary to take matters into her own hands. The play will be directed by Emily Upton, assistant director with The New Lake Zurich Players. Playing dates for the show are Friday, July 20, Saturday, July 21, and Sunday, July 22.

"Candlelight", the gay and frothy comedy by Siegfried Geyser, will play the following week end, Friday, July 27, Saturday, July 28, and Sunday, July 29.

## Civil service examinations

Government hospitals are in need of an army of civilian attendants to provide care for sick and wounded service personnel in this area. Laborers are also needed to take care of the hospital grounds and maintenance of hospital buildings.

Approximately 150 attendants are needed at Hines Veterans Administration hispital, just west of Chicago. Nearly the same number are being sought for Downey V. A. hospital located near Great Lakes.

Barbers, laborers, laundry helpers are needed to care for wounded or ill war veterans, and the quarters in which they live, at the Veterans Administration Facility, Downey.

The salaries for these positions are: barber, $1824 a year, laborer, $1500 a year, laundry helper $1500 a year. There is no written examination.

Laborers and laundry workers (miscellaneous) are needed at the Vaughn General Hospital. The salaries for these positions are: laborer 76c an hour plus overtime, and laundry work (miscellaneous) 54c to 85c an hour plus overtime.

Carpenters are wanted for government service, at the U. S. Naval Training Center, Great Lakes. The salary is $1.26 an hour plus overtime.

Food technologists are needed at once at the Chicago Quartermaster Depot. Qualifications also govern whether the salary is to be $4,428 or $3,828 a year.

Appraisers and sales officers are needed at once to appraise and dispose of motor vehicles, including motorcycles and all kinds of automotive parts, accessories, tires and tubes. Other commodities for public use are household furniture, office equipment and floor coverings. Appraisers are wanted to handle photographic and optical equipment, electrical appliances and radio receiving sets.

The wage scale for appraisers and sales officers is $3163 to $3,828 a year including overtime.

## Gems of thought

**UNIVERSALITY**

There is need for realization of the existing fact of the universal brotherhood of man.

—Dr. T. Z. Koo.

Our gifts and attainments are not only to be light and warmth in our own dwellings, but are also to shine through the windows into the dark night, to guide and cheer bewildered travelers on the road.

—H. W. Beecher.

True prayer is not asking God for love; it is learning to love, and to include all mankind in one affection.

—Mary Baker Eddy.

The task and triumph of Christianity is to make men and nations true and just and upright in all their dealings, and to bring all law, as well as all conduct, into subjection and conformity to the law of God.

—H. J. Van Dyke.

Nothing but Christianity can eventually secure the world's peace.

—Lord Bryce.

# With Uncle Sam

## Pacific

From the Pacific comes word of Lawrence Hodges of Mt. Prospect.

"Just a few lines to tell you of the good fortune I had about a month ago at Pearl Harbor. I was at work aboard ship when a signalman came and told me a friend of mine was aboard a sub tender which was at anchor near us.

"Well in the afternoon I went over and the good friend turned out to be Bob Kohler of Arlington Heights. We had a nice visit and we both went over his ship from bow to stern. And then we talked about home and all the good times we had in high school together.

"He is a radio man third class now and by coincidence we both received our rate the same day, mine being coxswain. The next day we both had to leave for other places and that's the last we could be together. All in all it is really swell to meet someone from home again and talk of the day we can all go home.

"How about the rest of you fellows out this way watching for Bob's ship AS 15 and mine KA 86 and we may see some of you. And if any of you have a little extra time how about dropping me a line.

"I am anxiously waiting for the Herald and all the news from home."

His address is Cox. Lawrence Hodges, % FPO, San Francisco, Calif.

From the Pacific comes word of Melvin Vogt of Palatine.

"I read in an old Enterprise that I had to request the paper in order to continue receiving it. Certainly don't want to miss it. Please see that I get it."

His address is Flc Melvin E. Vogt, % FPO, San Francisco, Calif.

Now changing his address in the Pacific is William Wilton of Arlington Heights. His address is SKV2c William J. Wilton, 854-89-00, % FPO, San Francisco, Calif.

## Air Medal

Sergeant Merwin W. Glassner, Rt. 2, Box 340, Schiller Park, flying in B-26 Marauders of the First Tactical Air Force in France, has been awarded the Air Medal for "meritorious achievement" in aerial combat.

Credited with more than 30 combat missions, the 27-year-old aerial gunner has participated with his veteran Marauder squadron in attacks against major enemy targets in both Italy and Germany. His Air Medal was awarded for his part in a mission directed against Siegfried Line positions at Non-Otterbach, Germany, last December. The mission, the citation reads, was a "brilliantly executed bombardment attack on enemy defensive installations"; the combat crews "exhibited courage, skill, and devotion to duty."

Before entering the Army in February, 1942, Sergeant Glassner was a machinist with the Soo Line Railroad, Schiller Park. His wife, Mrs. Ann Glassner, and their two daughters, Sue Ann and Diana, live at 6124 Addison street, Chicago, while his parents, Mr. and Mrs. Walter Glassner, live at Rt. 2, Box 340, Schiller Park.

## England

Staff Sergeant Chester R. Steil of East Maine is home on a 33-day furlough visiting with his mother, Mrs. Rose Steil, of Washington st. Chester came home from Europe last week on the Queen Mary after serving in England as part of the medical unit of the 704th Bomber Squadron for more than a year and a half. Previous to that he had served seven months in the Panama Canal Zone and Ecuador.

Changing his address in England is Elmer Heide of Palatine. His address is Cpl. Elmer Heide, 36360336 687 Genl Hosp Comp. Detail, APO 519, % PM, New York, N. Y.

## TO DATE

**7744 — letters from men — 2175**

## Write yours today!

**Write With Uncle Sam, c-o this paper, Arlington Heights, Ill.**

## Marianas

From the Marianas comes word of Kenneth Sherman from Roselle. Ken is in a PhM replacement pool, awaiting assignment.

July 10, 1945.

"Received my first edition of your swell home town paper since leaving the states May 22, 1945. Stopped off at the Hawaiian Islands as well as the Marshall Islands before reaching my destination safely.

"Been on this island a month already. Have very good hot chow and lots of fruits and farm products like butter, eggs, cheese, bacon, and meats every day.

"The climate is about like Chicago only more sticky due to the frequent rains I guess. Rains several times each day. Things are really beautiful when the moon is up our way, otherwise it is really dark.

"Haven't been assigned any outfit as yet. Live in tents with five occupants and use helmets for cooking and cleaning up. The frequent rains are nice for taking showers, or catching water for washing clothes, face and hands.

"Really is the life of camping out, but you don't have the same enjoyment. I've gone swimming in the ocean along the coral beaches. Lots of shell hunters here. Boys make bracelets from the shells they collect."

His address is PhM2c Kenneth L. Sherman, c-o FPO, San Francisco, Calif.

## Texas

Word comes from Texas that Olaf Anderson of Palatine will arrive home this week. He has been hospitalized there after having been wounded three times on Okinawa.

Now at Laredo, Texas, is Orville Kurtz of Arlington Heights, having moved from Kingman, Arizona. His address is Cpl. O. I. Kurtz, Laredo AAF, Texas.

## California

Cpl. John Gieseke of Wheeling writes from California that he is feeling fine. On his days off he is relieving the labor shortage by helping pack figs in a factory near by.

## Great Lakes

Now stationed at Great Lakes is Bill Miller of Prospect Heights. In addition to boot training, Bill has participated in a track meet, winning his event.

## Oregon

Now at Fort Adair, Oregon, is Elmer Meyer of Arlington Heights. He was formerly stationed at Ft. George Meade, Maryland. His addess is Pfc. Elmer J. Meyer, Hq Det 4th Regt., AGF RD 4, Camp Adair, Oregon.

## Florida

Lester Tesch of Wheeling came from Florida with his wife and son to spend part of his 30 day leave here. Lester is with the Navy Air Corps and will return to Pensacola to report for duty.

## Georgia

Pvt. William D. Stockdale, son of Mr. and Mrs. Don B. Stockdale of 610 S. State road, Arlington Heights, upon completion of nine weeks of intensive training has graduated from the basic and advanced courses of the Communications School at Fort Benning, Ga. This is one of the four Specialist Schools offered to the Parachutist at Fort Benning. Included are Communications, Riggers, Demolition and Machine Maintenance. Only qualified jumpers may apply and only the better men from each qualifying class will receive this instruction.

Home on "work furlough" are Charles Merlotti and M. M. Volpicelli of Bensenville. Transportation crisis has necessitated many army men to be given such furlough to work on the railroads, aiding them in transporting millions of soldiers to the Pacific. S. Sgt. Merlotti and S. Sgt. Volpicelli have both been stationed at Atlanta, Ga.

## Maryland

From Edgewood, Maryland, comes word of Earl Schinkowsky of Palatine.

"I am dropping you a few lines to let you know that I have changed addresses again. And also to tell the person in charge of sending me the Palatine Enterprise, thanks a lot. I have only missed one edition since I have been in service and that was when I transferred from Ellis out here. If any of the old gang read this I certainly would appreciate hearing from them."

His address is Pvt. Earl W. Schinkowsky, 36943709, Hq 3, Edgewood, Md.

## Rhode Island

Changing his address in Rhode Island is Bob Stewart of Palatine. His address is AS R. J. Stewart, USNR, Brks E-5L, NCTC, Camp Endicott, Davisville, Rhode Island.

## France

From LeMons, France, comes word of Harold "Bud" Framberg of Arlington Heights.

"I'm driving a jeep now and like it a great deal. I take the captain around at present and enjoy it. Was just promoted to T-5."

"Dieppe is a large city in France, in fact we're located about two blocks from the beach where they made that big raid. Everything is quiet now, and you'd never ever realize there could have been so many lives lost along the ocean front.

"We are doing M. P. duty out here, and it's really rough. Twelve hours a day from noon until midnight allowing one hour for supper. When this war ends I wouldn't be a policeman for all the money in the world. My feet are getting so big and spread out now that I look like a cop (no fooling,. As the old saying goes, 'I'm going back to the wagon.' These shoes are killing me."

His address is T-5 Harold Framberg, 36377480, Co. C 381 MP Bn, APO 562, % PM, New York, N. Y.

Francis Muehlfeldt of Palatine was stationed in France and though he changed outfits we're going to keep him there. His address is Pfc. Francis K. Muehlfeldt, 36712140, Co. C, 120th Med Bn, APO 45, % PM, New York, N. Y.

Chaplain Donald C. Morrison of Wheeling, received a captain's commission early in May. Chaplain Morrison is with the 199th General hospital and at present they are located in southern France near Marseille.

Changing his address in France is Erwin Leiseberg of Roselle. His address is T-5 Erwin E. Leiseberg, 36322564, Hq Co. 97 Sig Bn, APO 436, % PM, New York, N. Y.

Changing his address in France is Harry Kowalski of Palatine. His address is Pfc. Harry Kowalski, 36612547, Hq GFRC, APO 887, % PM, New York, N. Y.

## Michigan

Changing his address to Ann Arbor, Michigan, is Ralph Stoeckel of Arlington Heights. His address is AS Ralph Stoeckel, USNR, 111 Lloyd House - West Quad, U. of Mich., Ann Arbor, Mich.

## Burma

Changing his address in Burma is Kenneth Richter of Roselle. His address is Pfc. Kenneth Richter, 36619880, APO 218, % PM, New York, N. Y.

## New York

Now stationed in New York City is E. H. Behrens of Arlington Heights. His address is D.C.G.O. 42 Broadway, New York, N. Y.

## Idaho

Home on furlough from Gowen Field, Idaho, is Cpl. Lloyd Wilson of Bensenville, who was called home because of the death of his father. He reports back to Gowen July 23.

## Chicago

Changing his address in Chicago is Wilfred Buesching of Palatine. His address is Wilfred Buesching, USCGR, Coast Guard Operating Base, 610 S. Canal St., Chicago, Ill.

## Kentucky

Now at Fort Knox, Kentucky, is Albert Parkhurst of Palatine. His address is Pvt. Albert Parkhurst, Co A 16th Bn ARTC, Fort Knox, Ky.

# The Mailman's Corner

*by Leland Ellis Truxell*

Some people moved on my route a year ago, nice people with fine personalities, yet they never got acquainted.

One day the lady stopped me as I was placing her mail in the box, and said:

"I thought you told me this was a friendly neighborhood. We have been here a year now and no one has noticed us yet!"

Well — there are people who get acquainted, and there are people who do not. Sometimes folks moving into a new neighborhood, think that the old timers should meet them at the station with a band, welcome speeches, and a parade. They forget that the old timers have made their friends in the neighborhood long ago, and are so busy with church socials, parties, and personal affairs that they have little time nor inclination to cultivate new acquaintances. So it is up to the newcomer to be his own publicity agent.

There are many ways to make friends. If you are a good cook, take your neighbors a cake. Tell her you want to meet the other neighbors — find out their names, and their work. She'll invite you over for the evening, or be back in a few days with some cookies she made — and tell her how lovely they are. Don't be afraid to say nice things about her, if you can do it with sincerity. If she has pretty eyes, tell her. If you enjoy listening to her because she has a beautiful voice, tell her.

When it snows, why not shovel past the lot line and do your neighbor's walk, too? He will thank you, and tell his friends what a swell neighbor Bill Brown is. Next time it snows, he will beat you to it and shovel your walk. Soon you will be bowling, or playing golf with him.

If you have any kind of personality at all, and are sincere and friendly, you can get acquainted. Keeping up on world events, playing good golf, taking an active interest in community events, going out of your way to be a little friendly, all helps.

So if you have no friends in the community in which you live, rest assured that it is mostly your own fault. And if you have lived there so long that people have "typed" you as one who doesn't want friends, then you will have to move out and start over. And remember, there is only one way to have a friend, and that is to be a friend.

## July tire quota raised because of hot weather

Borrowing 833,334 tires from inventories to meet hot weather replacement needs, WPB allocated 2,500,00 passenger car tires to OPA for civilian motorists during July, OPA announced. "The 2,500,000 tires allocated to OPA for rationing should meet the immediate requirements of the most essential drivers," Max McCullough, Deputy Administrator for Rationing, said. "Only B and C ration holders are eligible for new tires."

**TIME'S LOAN SERVICE is ideal for your needs**

Every man and woman with an income is eligible for a TIME Loan. Bring your financial problem to TIME'S Friendly Manager. He has a plan that will exactly fit your need. # Way back when

**20 YEARS AGO—JULY 10, 1925**

**Itasca**

Carrie Benninger celebrated her eighth birthday June 25 by entertaining fourteen of her little friends. The afternoon was spent in playing games and partaking of delightful refreshments.

Wednesday evening the congregation met at the First Evangelical church to surprise and celebrate their pastor's thirtieth pearl wedding anniversary. Rev. and Mrs. Gronewald were presented with a pearl handled carving set.

Little Eldred Korning is the proud possessor of a fine little auto given to him in honor of his third birthday which occurred July 4. A large number of Chicago relatives helped him celebrate.

**Bensenville**

Little Lorraine Boldebuck enjoyed her birthday July 2.

Miss Myrtle Franzen entertained a few girl friends Tuesday evening in honor of her sixteenth birthday.

**Palatine**

Louis Keller and Miss Marie Willman were united in marriage by Rev. Voeks July 7.

Born to Mr. and Mrs. Wm. Hartman of Lake Zurich a son July 4 at the Palatine hospital.

Mr. and Mrs. Skibbe of Chicago were visitors at the Shermer home Wednesday evening. They are enthusiastic over Palatine and will build the new home here either this fall or early in the spring.

Palatine is 300 acres larger today than it was a week ago. At a special election held Tuesday the annexation proposition was carried over four to one.

**Arlington Heights**

With the purchase and occupancy of the Beyer and Boeger building by Herman H. Redeker, the firm of Boeger and Redeker retires from active business. It has been in existence since 1907 and both partners in good health. Mr. Boeger was 78 years old February 13, 1925 and his partner is about three years younger.

Over 500 citizens make a guess as to the exact size of Arlington Heights, the guesses ranging from 2250 to 6,000. The answer is 3141 and the five dollar gold piece awarded by the business mens association was won by Mrs. Irving Tesch. Her guess was 3148, just seven too many. The contest was part of the Fourth of July celebration. Honorable mention went to Lois Hausam, Bernice Perrin, Mrs. John Clark, Frank Sullivan, Rev. Peter Goll and Wm. Hausam.

**30 YEARS AGO—JULY 9, 1915**

**Arlington Heights**

Fourth of July was Miss Lucile Sahs birthday and three of her former classmates from the Luther Institute, Chicago, helped her celebrate.

Miss Lillian Russell, an experienced and successful teacher like her mother and father, Prof. and Mrs. W. H. Russell, has been engaged to teach the sixth grade.

The fifth world convention of the Christian Endeavor Society at the Coliseum, Chicago, opened Wednesday. Huldah Lorenzen, Henry Lorenzen, Persis Elfeld, Jessie Beardsley, Elroy Wheeler and Edith Jenkinson took part in the chorus of 2,000 voices.

**Mount Prospect**

Erna Scharringhausen gave her friends a party in honor of her 9th birthday.

John Alex and Fritz Carrots went fishing at Lake Zurich Sunday.

**Roselle**

The T. E. C. girls met with Miss Adelia Hattendorf this week.

A baby boy arrived at the home of Mr. and Mrs. Emil Quindel July 2.

**40 YEARS AGO—JULY 7, 1905**

**Palatine**

Miss Annie W. Devermann and Mr. Chas. W. Wessel were joined in wedlock by Rev. Lewerenz of Des Plaines at Immanuel Lutheran church, Palatine, at 11:30 a. m. Thursday, June 29.

Miss Grace VanHorn entertained her schoolmates and Sunday school class in honor of her cousin, Nellie VanHorn of Oak Park Tuesday evening.

**Arlington Heights**

Charles McElhose, wife and daughter of St. Louis are visiting relatives here.

St. Peters Lutheran church picnic in J. F. Kastnings woods at Plum Grove Saturday was a big success. The crowd present was estimated at 2,000 people with plenty of amusement for all. The long procession was led by the Arlington Heights military band, the children loaded into ten wagons waving flags. 30 gallons of ice cream received at noon was sold out by 3 o'clock.

## Five students at NU summer school

Summer enrollment at Northwestern University showed an increase at the close of registration day of more than 12% with a total attendance of 5,147 as compared with 4,589 for last summer.

The School of Law showed an increase over last year of 33%, the highest in the University. The School of Commerce was next with an increase of 28%, the School of Speech third with an increase of 22%.

Included among those who registered for summer work were approximately 400 returned veterans.

The Summer Session, which began June 26, is offering more than 370 courses in 58 fields of study. The program is being augmented by a number of conferences, lectures, institutes, dramatic events, and concerts.

Those enrolled from this area are:

**Arlington Heights**

Jean Marie Mors, 200 N. Dunton Ave., Graduate School.

Frances Pepin, 210 N. Evergreen, College of Liberal Arts.

**Palatine**

Mae Morris Gibbs, 320 N. Benton, Graduate School.

Gerald Arthur McElroy, 254 N. Hale, School of Education.

**Wheeling**

Bessie A. Pavliny, Graduate School.

## Ladies in Retirement at playhouse this week-end

"Ladies in Retirement", the thrilling Broadway success by Edward Percy and Reginald Denham, will be the fourth offering of the summer play season at The New Lake Zurich Summer Playhouse. This show that had a long and successful run on Broadway will star Bella Itkin in the role of Ellen, one of the "ladies" that deemed it necessary to take matters into her own hands. The play will be directed by Emily Upton, assistant director with The New Lake Zurich Players. Playing dates for the show are Friday, July 20, Saturday, July 21, and Sunday, July 22.

"Candlelight", the gay and frothy comedy by Siegfried Geyser, will play the following week end, Friday, July 27, Saturday, July 28, and Sunday, July 29.

## Civil service examinations

Government hospitals are in need of an army of civilian attendants to provide care for sick and wounded service personnel in this area. Laborers are also needed to take care of the hospital grounds and maintenance of hospital buildings.

Approximately 150 attendants are needed at Hines Veterans Administration hispital, just west of Chicago. Nearly the same number are being sought for Downey V. A. hospital located near Great Lakes.

Barbers, laborers, laundry helpers are needed to care for wounded or ill war veterans, and the quarters in which they live, at the Veterans Administration Facility, Downey.

The salaries for these positions are: barber, $1824 a year, laborer, $1500 a year, laundry helper $1500 a year. There is no written examination.

Laborers and laundry workers (miscellaneous) are needed at the Vaughn General Hospital. The salaries for these positions are: laborer 76c an hour plus overtime, and laundry work (miscellaneous) 54c to 85c an hour plus overtime.

Carpenters are wanted for government service, at the U. S. Naval Training Center, Great Lakes. The salary is $1.26 an hour plus overtime.

Food technologists are needed at once at the Chicago Quartermaster Depot. Qualifications also govern whether the salary is to be $4,428 or $3,828 a year.

Appraisers and sales officers are needed at once to appraise and dispose of motor vehicles, including motorcycles and all kinds of automotive parts, accessories, tires and tubes. Other commodities for public use are household furniture, office equipment and floor coverings. Appraisers are wanted to handle photographic and optical equipment, electrical appliances and radio receiving sets.

The wage scale for appraisers and sales officers is $3163 to $3,828 a year including overtime.

## Gems of thought

UNIVERSALITY

There is need for realization of the existing fact of the universal brotherhood of man.

—Dr. T. Z. Koo.

Our gifts and attainments are not only to be light and warmth in our own dwellings, but are also to shine through the windows into the dark night, to guide and cheer bewildered travelers on the road.

—H. W. Beecher.

True prayer is not asking God for love; it is learning to love, and to include all mankind in one affection.

—Mary Baker Eddy.

The task and triumph of Christianity is to make men and nations true and just and upright in all their dealings, and to bring all law, as well as all conduct, into subjection and conformity to the law of God.

—H. J. Van Dyke.

Nothing but Christianity can eventually secure the world's peace.

—Lord Bryce.

# With Uncle Sam

## Pacific

From the Pacific comes word of Lawrence Hodges of Mt. Prospect.

"Just a few lines to tell you of the good fortune I had about a month ago at Pearl Harbor. I was at work aboard ship when a signalman came and told me a friend of mine was aboard a sub tender which was at anchor near us.

"Well in the afternoon I went over and the good friend turned out to be Bob Kohler of Arlington Heights. We had a nice visit and we both went over his ship from bow to stern. And then we talked about home and all the good times we had in high school together.

"He is a radio man third class now and by coincidence we both received our rate the same day, mine being coxswain. The next day we both had to leave for other places and that's the last we could be together. All in all it is really swell to meet someone from home again and talk of the day we can all go home.

"How about the rest of you fellows out this way watching for Bob's ship AS 15 and mine KA 86 and we may see some of you. And if any of you have a little extra time how about dropping me a line.

"I am anxiously waiting for the Herald and all the news from home."

His address is Cox. Lawrence Hodges, % FPO, San Francisco, Calif.

From the Pacific comes word of Melvin Vogt of Palatine.

"I read in an old Enterprise that I had to request the paper in order to continue receiving it. Certainly don't want to miss it. Please see that I get it."

His address is Flc Melvin E. Vogt, % FPO, San Francisco, Calif.

Now changing his address in the Pacific is William Wilton of Arlington Heights. His address is SKV2c William J. Wilton, 854-89-00, % FPO, San Francisco, Calif.

## Air Medal

Sergeant Merwin W. Glassner, Rt. 2, Box 340, Schiller Park, flying in B-26 Marauders of the First Tactical Air Force in France, has been awarded the Air Medal for "meritorious achievement" in aerial combat.

Credited with more than 30 combat missions, the 27-year-old aerial gunner has participated with his veteran Marauder squadron in attacks against major enemy targets in both Italy and Germany. His Air Medal was awarded for his part in a mission directed against Siegfried Line positions at Non-Otterbach, Germany, last December. The mission, the citation reads, was a "brilliantly executed bombardment attack on enemy defensive installations"; the combat crews "exhibited courage, skill, and devotion to duty."

Before entering the Army in February, 1942, Sergeant Glassner was a machinist with the Soo Line Railroad, Schiller Park. His wife, Mrs. Ann Glassner, and their two daughters, Sue Ann and Diana, live at 6124 Addison street, Chicago, while his parents, Mr. and Mrs. Walter Glassner, live at Rt. 2, Box 340, Schiller Park.

## England

Staff Sergeant Chester R. Steil of East Maine is home on a 33-day furlough visiting with his mother, Mrs. Rose Steil, of Washington st. Chester came home from Europe last week on the Queen Mary after serving in England as part of the medical unit of the 704th Bomber Squadron for more than a year and a half. Previous to that he had served seven months in the Panama Canal Zone and Ecuador.

Changing his address in England is Elmer Heide of Palatine. His address is Cpl. Elmer Heide, 36360336 687 Genl Hosp Comp. Detail, APO 519, % PM, New York, N. Y.

## France

From LeMons, France, comes word of Harold "Bud" Framberg of Arlington Heights.

"I'm driving a jeep now and like it a great deal. I take the captain around at present and enjoy it. Was just promoted to T-5."

"Dieppe is a large city in France, in fact we're located about two blocks from the beach where they made that big raid. Everything is quiet now, and you'd never ever realize there could have been so many lives lost along the ocean front.

"We are doing M. P. duty out here, and it's really rough. Twelve hours a day from noon until midnight allowing one hour for supper. When this war ends I wouldn't be a policeman for all the money in the world. My feet are getting so big and spread out now that I look like a cop (no fooling,. As the old saying goes, 'I'm going back to the wagon.' These shoes are killing me."

His address is T-5 Harold Framberg, 36377480, Co. C 381 MP Bn, APO 562, % PM, New York, N. Y.

Francis Muehlfeldt of Palatine was stationed in France and though he changed outfits we're going to keep him there. His address is Pfc. Francis K. Muehlfeldt, 36712140, Co. C, 120th Med Bn, APO 45, % PM, New York, N. Y.

Chaplain Donald C. Morrison of Wheeling, received a captain's commission early in May. Chaplain Morrison is with the 199th General hospital and at present they are located in southern France near Marseille.

Changing his address in France is Erwin Leiseberg of Roselle. His address is T-5 Erwin E. Leiseberg, 36322564, Hq Co. 97 Sig Bn, APO 436, % PM, New York, N. Y.

Changing his address in France is Harry Kowalski of Palatine. His address is Pfc. Harry Kowalski, 36612547, Hq GFRC, APO 887, % PM, New York, N. Y.

## Michigan

Changing his address to Ann Arbor, Michigan, is Ralph Stoeckel of Arlington Heights. His address is AS Ralph Stoeckel, USNR, 111 Lloyd House - West Quad, U. of Mich., Ann Arbor, Mich.

## Burma

Changing his address in Burma is Kenneth Richter of Roselle. His address is Pfc. Kenneth Richter, 36619880, APO 218, % PM, New York, N. Y.

## New York

Now stationed in New York City is E. H. Behrens of Arlington Heights. His address is D.C.G.O. 42 Broadway, New York, N. Y.

## Idaho

Home on furlough from Gowen Field, Idaho, is Cpl. Lloyd Wilson of Bensenville, who was called home because of the death of his father. He reports back to Gowen July 23.

## Chicago

Changing his address in Chicago is Wilfred Buesching of Palatine. His address is Wilfred Buesching, USCGR, Coast Guard Operating Base, 610 S. Canal St., Chicago, Ill.

## Kentucky

Now at Fort Knox, Kentucky, is Albert Parkhurst of Palatine. His address is Pvt. Albert Parkhurst, Co A 16th Bn ARTC, Fort Knox, Ky.

## Marianas

From the Marianas comes word of Kenneth Sherman from Roselle. Ken is in a PhM replacement pool, awaiting assignment.

July 10, 1945.

"Received my first edition of your swell home town paper since leaving the states May 22, 1945. Stopped off at the Hawaiian Islands as well as the Marshall Islands before reaching my destination safely.

"Been on this island a month already. Have very good hot chow and lots of fruits and farm products like butter, eggs, cheese, bacon, and meats every day.

"The climate is about like Chicago only more sticky due to the frequent rains I guess. Rains several times each day. Things are really beautiful when the moon is up our way, otherwise it is really dark.

"Haven't been assigned any outfit as yet. Live in tents with five occupants and use helmets for cooking and cleaning up. The frequent rains are nice for taking showers, or catching water for washing clothes, face and hands.

"Really is the life of camping out, but you don't have the same enjoyment. I've gone swimming in the ocean along the coral beaches. Lots of shell hunters here. Boys make bracelets from the shells they collect."

His address is PhM2c Kenneth L. Sherman, c-o FPO, San Francisco, Cailf.

## Texas

Word comes from Texas that Olaf Anderson of Palatine will arrive home this week. He has been hospitalized there after having been wounded three times on Okinawa.

Now at Laredo, Texas, is Orville Kurtz of Arlington Heights, having moved from Kingman, Arizona. His address is Cpl. O. I. Kurtz, Laredo AAF, Texas.

## California

Cpl. John Gieseke of Wheeling writes from California that he is feeling fine. On his days off he is relieving the labor shortage by helping pack figs in a factory near by.

## Great Lakes

Now stationed at Great Lakes is Bill Miller of Prospect Heights. In addition to boot training, Bill has participated in a track meet, winning his event.

## Oregon

Now at Fort Adair, Oregon, is Elmer Meyer of Arlington Heights. He was formerly stationed at Ft. George Meade, Maryland. His addess is Pfc. Elmer J. Meyer, Hq Det 4th Regt., AGF RD 4, Camp Adair, Oregon.

## Florida

Lester Tesch of Wheeling came from Florida with his wife and son to spend part of his 30 day leave here. Lester is with the Navy Air Corps and will return to Pensacola to report for duty.

## Georgia

Pvt. William D. Stockdale, son of Mr. and Mrs. Don B. Stockdale of 610 S. State road, Arlington Heights, upon completion of nine weeks of intensive training has graduated from the basic and advanced courses of the Communications School at Fort Benning, Ga. This is one of the four Specialist Schools offered to the Parachutist at Fort Benning. Included are Communications, Riggers, Demolition and Machine Maintenance. Only qualified jumpers may apply and only the better men from each qualifying class will receive this instruction.

Home on "work furlough" are Charles Merlotti and M. M. Volpicelli of Bensenville. Transportation crisis has necessitated many army men to be given such furlough to work on the railroads, aiding them in transporting millions of soldiers to the Pacific. S. Sgt. Merlotti and S. Sgt. Volpicelli have both been stationed at Atlanta, Ga.

## Maryland

From Edgewood, Maryland, comes word of Earl Schinkowsky of Palatine.

"I am dropping you a few lines to let you know that I have changed addresses again. And also to tell the person in charge of sending me the Palatine Enterprise, thanks a lot. I have only missed one edition since I have been in service and that was when I transferred from Ellis out here. If any of the old gang read this I certainly would appreciate hearing from them."

His address is Pvt. Earl W. Schinkowsky, 36943709, Hq 3, Edgewood, Md.

## Rhode Island

Changing his address in Rhode Island is Bob Stewart of Palatine. His address is AS R. J. Stewart, USNR, Brks E-5L, NCTC, Camp Endicott, Davisville, Rhode Island.

# The Mailman's Corner

*by Leland Ellis Truxell*

Some people moved on my route a year ago, nice people with fine personalities, yet they never got acquainted.

One day the lady stopped me as I was placing her mail in the box, and said:

"I thought you told me this was a friendly neighborhood. We have been here a year now and no one has noticed us yet!"

Well — there are people who get acquainted, and there are people who do not. Sometimes folks moving into a new neighborhood, think that the old timers should meet them at the station with a band, welcome speeches, and a parade. They forget that the old timers have made their friends in the neighborhood long ago, and are so busy with church socials, parties, and personal affairs that they have little time nor inclination to cultivate new acquaintances. So it is up to the newcomer to be his own publicity agent.

There are many ways to make friends. If you are a good cook, take your neighbors a cake. Tell her you want to meet the other neighbors — find out their names, and their work. She'll invite you over for the evening, or be back in a few days with some cookies she made — and tell her how lovely they are. Don't be afraid to say nice things about her, if you can do it with sincerity. If she has pretty eyes, tell her. If you enjoy listening to her because she has a beautiful voice, tell her.

When it snows, why not shovel past the lot line and do your neighbor's walk, too? He will thank you, and tell his friends what a swell neighbor Bill Brown is. Next time it snows, he will beat you to it and shovel your walk. Soon you will be bowling, or playing golf with him.

If you have any kind of personality at all, and are sincere and friendly, you can get acquainted. Keeping up on world events, playing good golf, taking an active interest in community events, going out of your way to be a little friendly, all helps.

So if you have no friends in the community in which you live, rest assured that it is mostly your own fault. And if you have lived there so long that people have "typed" you as one who doesn't want friends, then you will have to move out and start over. And remember, there is only one way to have a friend, and that is to be a friend.

## July tire quota raised because of hot weather

Borrowing 833,334 tires from inventories to meet hot weather replacement needs, WPB allocated 2,500,00 passenger car tires to OPA for civilian motorists during July, OPA announced. "The 2,500,000 tires allocated to OPA for rationing should meet the immediate requirements of the most essential drivers," Max McCullough, Deputy Administrator for Rationing, said. "Only B and C ration holders are eligible for new tires."

# Combat engineer home on way to the Pacific

## Ted Decker has 30 days

Now home on 30 day furlough is Pfc. Ted Decker of Arlington Heights, holder of the Silver Star and a veteran of almost a year overseas. Ted is home for the present, but will soon report to California for shipment to the Pacific.

"We were stationed with the Canadian 1st army when we first went into the line October 23 of last year, spearheading the Canad-

ian drive. Our outfit was the first division to go across as a unit, and after just two weeks with the Canadians we were transferred to the American First Army.

"We joined Hodges' men at Aachen and stepped right into a job. Our 329th combat engineers were a good outfit. Our job was particularly hot at times—laying mines, cleaning out minefields, building bridges under fire, destroying pill boxes, etc. One of our jobs was escorting infantry across rivers. Where the doughfeet would make one trip across the water, we'd make 10 and 15 going back and forth with more men.

"One of the worst crossings was made over the Roer river. The Germans had mined the river but they had also blown up several dams, raising the water level above the mines. But the current was so strong several boats capsized, drowning many men. And the artillery seemed even worse afterwards when we discovered it was our own by mistake."

**Silver Star**

Ted was awarded the Silver Star for capturing 36 prisoners. He doesn't say much about it but government notice received 3 months ago gives the entire story, as follows:

"Crossing a river with the leading assault groups, Pfc. Decker captured an enemy soldier and learned from him the location of other soldiers. Advancing alone, he persuaded 16 enemy to surrender, and then proceeded to a house and single-handedly captured 20 additional prisoners."

Ted speaks of it thusly: "It wasn't much. I met one German soldier who led us to one group of injured men. Then he led me on to another group in the basement of a house. Halfway there I realized I had no gun, but it was too late, so I just went on. When we arrived at the house I had my one prisoner tell the others to come out and be captured by an American. Out they came and that's all there was to it.

"My knowledge of German was a great help to me. This non-fraternization idea was a failure as far as we were concerned, and wasn't enforced. Everyone talked to the civilians, especially the kids, who asked for candy. They always picked me because of my German. And the girls were plentiful to anyone who even looked as if they wanted to be friends."

Ted's outfit, the 104th division, was also present at the Remagen bridgehead, going all the way to Delitch, Germany, when V-E day arrived. The last few days were spent in just holding ground, laying down artillery, and waiting for the Russians. He has a snapshot of the meeting with the Russians, prior to the official meeting of the 69th division and Joe's boys.

There are souvenirs aplenty in the Decker household at 1429 N. Dunton. They include field glasses, camera, German rifle and bayonet, belt and cartridges, flag and pictures. "I could have brought home a lot of other things, but we had been warned not to bring them," stated Ted. "And when we went through customs, they didn't inspect a thing. I had a whole case of film, but sold it on the way home. If only I had known of the shortage here at home!"

Ted entered service April 4, 1943, taking basic at Atlantic City, New Jersey. He was then transferred to ASTP course at Fordham university. When the ASTP was given up, he was transferred to the 104th division where he joined the engineers. He arrived July 2 at Camp Kilmer, New Jersey, and reports to Camp Grant August 8. Then on to San Luis Obispo for reassignment and shipment to the Pacific.

Ted wears the ETO ribbon with 3 battle stars, the Good Conduct ribbon, and the Silver Star ribbon.

## Pacific

Paul R. Aleckson, fireman, first class, of 5409 Reba St., Morton Grove, Ill., fights aboard the destroyer USS Fletcher which has piled up a great war record while battling Japanese ships, planes and submarines over 200,000 miles of the Western Pacific.

Her guns have downed 11 Jap planes and helped destroy eight others. The Fletcher has sunk a cruiser, assisted in sinking another and heavily damaged two destroyers. She has sunk one submarine and is credited with the probable sinking of another. She has rescued more than 1,000 survivors from five stricken ships, five planes and a submarine.

In the bitterly fought naval battle off Savo Island during the dark days of November, 1942, she emerged as the only undamaged American warship. Her guns caused heavy damage to the enemy, however. She downed five attacking Jap planes, helped blast three others to destruction, sank a heavy Jap cruiser and assisted in sinking a light cruiser.

Throughout her 11 star campaigns, the Fletcher has taken part in three surface engagements with the Japs, been in 31 separate anti-aircraft actions, five anti-submarine attacks and 16 major shore bombardments.

---

From somewhere in the Pacific comes word of William Mueller of Arlington Heights.

"Since it is necessary that I forward a letter requesting that I want to receive the Arlington Herald I am sending this letter off to you.

"I have been reading the paper for quite some time and I wouldn't want you to stop sending it now. Even if I'm far away from Arlington Heights the paper brings home the things I want to remember right to me."

## Marine corps photog home on furlough

Cpl. Eddy Grabowski, son of Mr. and Mrs. J. Grabowski, 132 N. Mason, Bensenville, who is a Marine corps photographer, is at home after 25 months overseas.

He served with the 1st Marine Amphibious corps on Guadalcanal, was in the invasion of Guam with the 3rd Amph. Corps and the invasion of Iwo Jima with the 5th. He was also on seven other south Pacific islands and considers the

sweltering jungles of Guadalcanal, where he spent 11 months, the worst in the Pacific. He states that the bloodiest fighting was on Iwo Jima, which has been called the best defended island in the world.

He wears the Asiatic Pacific ribbon with 3 battle stars, the American theater ribbon, Navy unit citation ribbon with one star and has a letter of commendation ribbon with one star. He has also received three personal commendations from commanding generals and admirals for his devotion to duty along photographic lines.

A former student at Bensenville high school, he is enjoying his thirty day furlough with his family and friends.

## Italy

Florida looked even better than in the travel advertisements to a group of Illinois fighting men flown to Miami from far-flung battle fronts in ATC planes, they agreed as they landed at Air Transport Command's Miami Army Air Field.

They were among the first 50,000 returnees ATC is flying to the states from overseas each month under the Army's redeployment plan. From here they will go by rail to Camp Blanding, Fla. Then they will be sent to reception centers nearer home for separation from the service or furloughs prior to reassignment.

Included in the group returning to the States was T3 John Weber, 112 Prospect Manor, Mt. Prospect. He served thirty-seven months overseas with the 1st armored division, wears the Bronze Star, 5 battle stars, plus the Distinguished Unit citation.

---

First Lieutenant Robert H. Geils, 24, of Bensenville, pilot of a heavy bomber crew with the 15th Army Air Force in Italy, arrived at Charleston, S. C., recently by transport plane enroute home for 30 days. He is now home on furlough.

Lieutenant Geils was inducted into the Army in January, 1943, and went overseas to a base in Italy in April, 1944. He has been awarded the following decorations: Air Medal with two Oak Leaf Clusters, Presidential Unit Citation, and five Bronze Battle Stars for his European Theater Ribbon.

He lives with his parents, Mr. and Mrs. Irving O. Geils, in Bensenville, at 180 Mason street.

## California

Hard at work at the Naval Supply Annex, one of the largest naval supply depots in the world—dedicated entirely to the tremendous ever-increasing task of supplying the fighting Navy fleets in the wide-ranging Pacific war against the Japs—is Lloyd Bryer, Arlington Heights. His mother, Mrs. Ruby Ketchum, lives at 646 Shendan Rd., Chicago. He has been at the annex five months and is a yardmaster.

Mrs. Bryer taught school in Chicago and is now employed by the City of Stockton's school department. She teaches in a local grade school. Bryer worked in the circulation department of the Herald-American in Chicago twenty years.

The Naval Supply Annex at Stockton, covering 1500 acres of filled-in land, employs 2000 civilian workers, and nearly 60 Navy officers. Also, Bluejackets and WAVES are assigned to this growing activity — which has sprung into existence since Pearl Harbor. Thousands of Navy supply items, ranging from paper clips to new wings for airplanes, from screwdrivers to multi-ton steel girders, pour into the depot on a multitude of spur tracks, and are stored in 200'x600' long steel and concrete warehouses until shipping orders send them forth aboard Navy fighting ships and cargo carriers.

---

Changing his address at Shoemaker, California, is Fred Mueller of Arlington Heights. His address is S2c Fred C. W. Mueller, CD 2740, Camp Parks, Shoemaker, Calif.

RT2c Robert Smeby of Mt. Prospect left Monday for San Francisco, Calif.

## Bronze star to Ralph Roesner

Award of the Bronze Star medal to Ralph Roesner of Palatine was made this week. The citation reads:

"Ralph W. Roesner, 36343164, Sergeant, Troop A, 33rd Cavalry Reconnaissance Squadron Mechanized, for heroic achievement in action near Kammenthdorf, Germany, on 25 April 1945. Sergeant Roesner organized dismounted parties and directed the fire of his vehicle's weapons in such a manner

as to keep the enemy pinned down and make his fire ineffective. He pointed out targets to supporting vehicles and weapons which caused the enemy to be destroyed. By the quick action and organization of Sergeant oResner the enemy was denied the ambush he had set. The situation was quickly cleared and advanced continued.

Ralph has been in the service 38 months, training at Fort Knox and Camp Campbell, Kentucky, 2 years and 7 months before going overseas in January of this year. He landed in LeHavre, France, February 18. His first mission was on the Rhine river near Dusseldorf, and later saw action in Holland, Belgium, Munich and Strassburg.

Ralph made his home with his aunt, Mrs. W. Wiehrdt, before going into service.

## Home on furlough

**Cooperation of the folks at home is sought in bringing forth a bigger and better With Uncle Sam. Phone, write or bring news of local servicemen direct to publication office, Arlington Heights.**

*346th FA Bn.*

## B'ville man given award

Sergeant Steven A. Swierkowski, 28, of Bensenville, recently was awarded a Division Citation for outstanding performance of duty on the Fifth Army front during the Italian Campaign.

He is a section chief with the 346th Field Artillery, 91st "Powder River" Division.

In spite of all the difficulties accompanying a campaign through mountains in adverse weather conditions, Swierkowski surmounted all obstacles, and under his fine leadership, accurate and prompt fire was delivered at all times, the citation stated.

His courage under fire was an example to his section. On one occasion he left a covered position while under heavy German artillery fire to assist a wounded man.

A farmer in civilian life, Swierkowski entered service in October, 1942. His mother, Mrs. Victoria Swierkowski, lives on Rt. 2, Thorp, Wisconsin.

*106th infantry*

## Grace Moore, Nino Martini thrill GIs in Germany

### Norman Thune hears singers

From Major General Donald A. Stroh down to the newest private, men of the 106th Division thrilled to a full evening of entertainment by golden-voiced Grace Moore and the famous Metropolitan Opera Tenor, Nino Martini. Violinist Joseph Habauquist, pianist Warner Bass added to the illustrious musical entertainment. The huge crowds attracted to the show, 8,000 men for two performances, show what the doughboys think of such entertainment, and, incidentally, provided a terrific job for the military police. They had to escort the stars to furnish protection from over-enthusiastic fans and autograph hounds.

With headquarters in Bad Ems, a scenic health resort on the Lahn River, the 106th Division's 40,000 men are extended over a very large area in the Rhineland, engaged in controlling many prisoner of war enclosures.

The Division recently emerged from a news black-out which had covered its operations since the middle of December last year. Among the U. S. Divisions that halted Rundstedt's armor smash in the Ardennes last December, the 106th followed through with an attack on the Siegfried Line and after that operation was pulled out of the line and refitted for future missions on the vast European front. Before ending up its campaign against the Germans, the 106th was among the containing forces that held the Lorient-St. Nazzaire pocket in southern France.

The Moore-Martini show is the finest of many entertainment features already brought to the combat infantrymen in Germany. Other recreational and educational facilities are available in quantity to assure worth-while use of the longer off duty hours now enjoyed by most troops of the division.

A roster of the men who heard the first performance of this show in the division area, includes Pfc. Norman Thune of Arlington Heights.

# Combat engineer home on way to the Pacific

## Ted Decker has 30 days

Now home on 30 day furlough is Pfc. Ted Decker of Arlington Heights, holder of the Silver Star and a veteran of almost a year overseas. Ted is home for the present, but will soon report to California for shipment to the Pacific.

"We were stationed with the Canadian 1st army when we first went into the line October 23 of last year, spearheading the Canad-

ian drive. Our outfit was the first division to go across as a unit, and after just two weeks with the Canadians we were transferred to the American First Army.

"We joined Hodges' men at Aachen and stepped right into a job. Our 329th combat engineers were a good outfit. Our job was particularly hot at times—laying mines, cleaning out minefields, building bridges under fire, destroying pill boxes, etc. One of our jobs was escorting infantry across rivers. Where the doughfeet would make one trip across the water, we'd make 10 and 15 going back and forth with more men.

"One of the worst crossings was made over the Roer river. The Germans had mined the river but they had also blown up several dams, raising the water level above the mines. But the current was so strong several boats capsized, drowning many men. And the artillery seemed even worse afterwards when we discovered it was our own by mistake."

**Silver Star**

Ted was awarded the Silver Star for capturing 36 prisoners. He doesn't say much about it but government notice received 3 months ago gives the entire story, as follows:

"Crossing a river with the leading assault groups, Pfc. Decker captured an enemy soldier and learned from him the location of other soldiers. Advancing alone, he persuaded 16 enemy to surrender, and then proceeded to a house and single-handedly captured 20 additional prisoners."

Ted speaks of it thusly: "It wasn't much. I met one German soldier who led us to one group of injured men. Then he led me on to another group in the basement of a house. Halfway there I realized I had no gun, but it was too late, so I just went on. When we arrived at the house I had my one prisoner tell the others to come out and be captured by an American. Out they came and that's all there was to it.

"My knowledge of German was a great help to me. This non-fraternization idea was a failure as far as we were concerned, and wasn't enforced. Everyone talked to the civilians, especially the kids, who asked for candy. They always picked me because of my German. And the girls were plentiful to anyone who even looked as if they wanted to be friends."

Ted's outfit, the 104th division, was also present at the Remagen bridgehead, going all the way to Delitch, Germany, when V-E day arrived. The last few days were spent in just holding ground, laying down artillery, and waiting for the Russians. He has a snapshot of the meeting with the Russians, prior to the official meeting of the 69th division and Joe's boys.

There are souvenirs aplenty in the Decker household at 1429 N. Dunton. They include field glasses, camera, German rifle and bayonet, belt and cartridges, flag and pictures. "I could have brought home a lot of other things, but we had been warned not to bring them," stated Ted. "And when we went through customs, they didn't inspect a thing. I had a whole case of film, but sold it on the way home. If only I had known of the shortage here at home!"

Ted entered service April 4, 1943, taking basic at Atlantic City, New Jersey. He was then transferred to ASTP course at Fordham university. When the ASTP was given up, he was transferred to the 104th division where he joined the engineers. He arrived July 2 at Camp Kilmer, New Jersey, and reports to Camp Grant August 8. Then on to San Luis Obispo for reassignment and shipment to the Pacific.

Ted wears the ETO ribbon with 3 battle stars, the Good Conduct ribbon, and the Silver Star ribbon.

## Grace Moore, Nino Martini thrill GIs in Germany

### Norman Thune hears singers

From Major General Donald A. Stroh down to the newest private, men of the 106th Division thrilled to a full evening of entertainment by golden-voiced Grace Moore and the famous Metropolitan Opera Tenor, Nino Martini. Violinist Joseph Habauquist, pianist Warner Bass added to the illustrious musical entertainment. The huge crowds attracted to the show, 8,000 men for two performances, show what the doughboys think of such entertainment, and, incidentally, provided a terrific job for the military police. They had to escort the stars to furnish protection from over-enthusiastic fans and autograph hounds.

With headquarters in Bad Ems, a scenic health resort on the Lahn River, the 106th Division's 40,000 men are extended over a very large area in the Rhineland, engaged in controlling many prisoner of war enclosures.

The Division recently emerged from a news black-out which had covered its operations since the middle of December last year. Among the U. S. Divisions that halted Runstedt's armor smash in the Ardennes last December, the 106th followed through with an attack on the Siegfried Line and after that operation was pulled out of the line and refitted for future missions on the vast European front. Before ending up its campaign against the Germans, the 106th was among the containing forces that held the Lorient-St. Nazzaire pocket in southern France.

The Moore-Martini show is the finest of many entertainment features already brought to the combat infantrymen in Germany. Other recreational and educational facilities are available in quantity to assure worth-while use of the longer off duty hours now enjoyed by most troops of the division.

A roster of the men who heard the first performance of this show in the division area, includes Pfc. Norman Thune of Arlington Heights.

## B'ville man given award

Sergeant Steven A. Swierkowski, 28, of Bensenville, recently was awarded a Division Citation for outstanding performance of duty on the Fifth Army front during the Italian Campaign.

He is a section chief with the 346th Field Artillery, 91st "Powder River" Division.

In spite of all the difficulties accompanying a campaign through mountains in adverse weather conditions, Swierkowski surmounted all obstacles, and under his fine leadership, accurate and prompt fire was delivered at all times, the citation stated.

His courage under fire was an example to his section. On one occasion he left a covered position while under heavy German artillery fire to assist a wounded man.

A farmer in civilian life, Swierkowski entered service in October, 1942. His mother, Mrs. Victoria Swierkowski, lives on Rt. 2, Thorp, Wisconsin.

# Combine trouble chart prepared by engineer

A guide to the causes of poor combine operation has been prepared by R. C. Hay, extension agricultural engineer, University of Illinois College of Agriculture, as an aid to farmers in finding the causes of unsatisfactory combine operation and excessive losses of grain.

The frequent sources of grain losses from the combine, with the common causes, are given in the chart. The combine operator can well afford to take a few minutes to brush up on this information as he starts into the 1945 harvest.

Hay pointed out also that an important factor in good combining without breakdowns and delays is a machine in first class condition. Checking the machine a few weeks in advance of harvest to make necessary repairs and adjustments pays big dividends in time and crop saved.

**Combine trouble chart**

1. Loss of grain at cutter bar.
   - A. Cutting too high.
   - B. Improper reel adjustment.
     1. Set to throw cut grain too far back.
     2. Set too high to pick up lodged grain.
     3. Slots too narrow.
   - C. Sickle and guards in poor condition.
   - D. Divider not working properly.
2. Unthreshed heads in straw.
   - A. Cylinder speed too low.
   - B. Too much clearance between concaves and cylinder.
   - C. Insufficient concaves.
   - D. Grain too damp.
   - E. Too rapid feeding resulting from a high rate of travel.
3. Threshed grain in straw carried over the rear of the straw rack.
   - A. Rack speed too low or too high.
   - B. Material chopped up too finely by cylinder.
   - C. Openings in straw rack partially clogged with beards or green material.
   - D. Too rapid feeding resulting from a high rate of travel, thus overloading the rack.
4. Threshed grain in chaff carried over the rear of the top sieve.
   - A. Improper amount or direction of wind blast.
   - B. Material chopped up too finely by cylinder, overloading sieves.
   - C. Openings in sieves plugged up with beards or green material.
   - D. Sieves not open enough.
   - E. Rear of sieves too low.
   - F. Too much threshed grain in tailings.
5. Poor cleaning.
   - A. Sieve openings too large.
   - B. Sieves overloaded.
     1. Feed too heavy.
     2. Speed too slow.
     3. Straw chopped too fine.
   - C. Wind insufficient or improperly directed.
   - D. Weeds.
   - E. Elevators clogged.
6. Cracked grain.
   - A. Cylinder speed too high.
   - B. Threshed grain returned in tailings.
   - C. Insufficient concave and cylinder clearance.
7. Grain too high in moisture.
   - A. Grain itself too damp.
   - B. Straw too green or damp.
   - C. Green weeds in grain.

**Living Matter**

The bulk of living matter may, in general, be said to be composed of representatives of the following three groups: (1) proteins; (2) fats and related substances; (3) carbohydrates.

# *Illinois 4-H clubs pick state camp as war memorial*

One of the most ambitious programs 4-H Club members have ever attempted—the establishment of a war memorial 4-H club camp—is getting under way throughout the state this month.

This special wartime project was decided upon after various proposals for the memorial were considered by the joint 4-H advisory committee made up of state 4-H staff members and farm and home advisers representing all areas of the state. Following letters sent out last fall, every county 4-H organization in the state has been discussing the form they wished the memorial to take. Basing their decision for a 4-H club camp on the returns from those discussions, the advisory committee has now set up the machinery for the memorial.

"By thy rivers gently flowing . . o'er thy meadows verdant growing" . . . this will be the setting for the proposed camp, dedicated to clean, healthful living for Illinois youth. It will be centrally located in the state—a great monument to the services and sacrifices of former 4-H club members who have served in World War 2. The camp will be the kind of memorial they would have wanted — these honored dead and victorious living—activated by and devoted to the achievements of youth.

War memorial 4-H club camp will be financed by funds raised through 4-H club organizations, and many counties throughout the state already have set their goals. It is expected that all counties will have indicated amounts they expect to contribute by mid-July.

The initial amount to be raised over a two-year period is $100,000, with $50,000 of that during 1945. Over $1,300 remaining from the radio school fund will be applied to the memorial fund as a substantial step toward meeting the quota.

Rock Island county has set its goal at $1.50 per member; Menard county's 22 clubs will raise $300; Lake county promises $1.00 for each of its 600 4-H'ers; Kankakee set its goal at the Federation meeting early in July; Whiteside county will contribute around $500 and set their figure at an interested Federation meeting; Bond county—new in organization—is contributing $150.

State 4-H club camps are not a new thing. Eleven other states have preceded Illinois in the establishment of such camps. They cover a wide range in development; but all have the common purpose of training young people for active, healthful living.

West Virginia's state 4-H camp at Jackson's Mill was established in 1921 and has grown until it now represents an approximate inventory value of $400,000. The camp proper occupies about 100 acres and will accommodate a group of 300 campers. Camp leaders say the development has gone far beyond what anyone thought it would when it was started. This is a year-round camp, prepared to hold programs at any season.

Camping for 4-H club members had started in Ohio in the early 20's, at one of the centrally located YMCA sites. By 1929, 4-H clubs had acquired a 71-acre tract as the camp tenting ground, and in 1932 the building program was begun. At present Camp Ohio occupies 100 acres with buildings and swimming and recreational facilities and has accumulated a financial backlog of several thousand dollars to start improvement as soon as the war is over.

# *Congress acts* 65% of normal value new basis for loans

Miss Lois M. Anderson, secretary-treasurer of the Tri-County National Farm Loan Association, said that the new farm credit legislation, recently enacted by Congress and signed by President Truman on June 30, authorizes Federal land bank loans up to 65 per cent of the normal value of the farm; simplifies and speeds up procedures for handling loan applications; and provides for several other improvements in the local association and land bank operations.

This change in the maximum limits of land bank loans to 65 per cent of normal value retains the policy of basing loans on normal values which the bank has followed since 1933. The bank's normal agricultural value appraisals are based on the normal earning capacity of the farm, using average production and normal prices of farm products over a long period of years. Normal values are not influenced by the sale prices of farm land. Previously, land bank loans have been limited to 50 per cent of the value of the land plus 20 per cent of the value of permanent insured improvements. This change will permit land bank loans of amounts that will meet more adequately the reasonable credit needs of farmers.

"The new law also places more of the lending processes with the local association, and this will make it possible to speed up the handling of loan applications," Miss Anderson said.

Authority to make Land Bank Commissioner loans is extended to June 30, 1946, by the new act. These loans, as in the past, may be made for amounts up to 75 per cent of the normal agricultural value of the farm. However, the contract interest rate on these loans will be 5 per cent except to veterans who may borrow at 4 per cent if their Commissioner loans are guaranteed under the G. I. Bill of Rights. The contract rate for land bank loans is not changed, and remains at its present all-time low rate of 4 per cent.

Miss Anderson said that many Land Bank Commissioner loans have been paid down to accounts which can now be easily refinanced with 4 per cent land bank loans through the associations. The new act will be advantageous to many such Commissioner borrowers, for it provides a way to reduce their contract interest rate and to give them the benefit of just one loan through their own cooperative associations.

The Tri-County National Farm Loan Association of Geneva, also recently received an announcement from Walter H. Droste, president of the Federal Land Bank of St. Louis, that the bank on June 27 made a payment of $2,800,000 to the United States Treasury, representing full payment of all federal funds in the St. Louis bank. "There are no federal funds whatever in this land bank now," Droste said. "The bank is owned entirely by the 337 farmer-owned, cooperative national farm loan associations of Arkansas, Illinois, and Missouri. The full cooperative ownership of this bank is an achievement in which all the local association members may take real pride."

## Lists pointers to avoid bloat in dairy cows

Dairymen this week were given several precautions to follow in order to reduce or avoid losses from bloat. J. G. Cash, assistant professor of dairy husbandry extension, University of Illinois College of Agriculture, suggested four points that have proved helpful according to the experience of many Illinois dairy cattle owners.

1. Give cows a feeding of hay and grain before turning them onto legume pasture for the first time.
2. Keep a supply of hay or straw in a rack located near the watering or resting place. This precaution is important because small amounts of roughage enable cows to get rid of gas.
3. Keep fresh water readily accessible. Keep salt or salt and lime before them.
4. When cows are pasturing legumes, check carefully several times a day to detect any cases of bloat.

# Combine trouble chart prepared by engineer

A guide to the causes of poor combine operation has been prepared by R. C. Hay, extension agricultural engineer, University of Illinois College of Agriculture, as an aid to farmers in finding the causes of unsatisfactory combine operation and excessive losses of grain.

The frequent sources of grain losses from the combine, with the common causes, are given in the chart. The combine operator can well afford to take a few minutes to brush up on this information as he starts into the 1945 harvest.

Hay pointed out also that an important factor in good combining without breakdowns and delays is a machine in first class condition. Checking the machine a few weeks in advance of harvest to make necessary repairs and adjustments pays big dividends in time and crop saved.

**Combine trouble chart**

1. Loss of grain at cutter bar.
   - A. Cutting too high.
   - B. Improper reel adjustment.
     1. Set to throw cut grain too far back.
     2. Set too high to pick up lodged grain.
     3. Slots too narrow.
   - C. Sickle and guards in poor condition.
   - D. Divider not working properly.
2. Unthreshed heads in straw.
   - A. Cylinder speed too low.
   - B. Too much clearance between concaves and cylinder.
   - C. Insufficient concaves.
   - D. Grain too damp.
   - E. Too rapid feeding resulting from a high rate of travel.
3. Threshed grain in straw carried over the rear of the straw rack.
   - A. Rack speed too low or too high.
   - B. Material chopped up too finely by cylinder.
   - C. Openings in straw rack partially clogged with beards or green material.
   - D. Too rapid feeding resulting from a high rate of travel, thus overloading the rack.
4. Threshed grain in chaff carried over the rear of the top sieve.
   - A. Improper amount or direction of wind blast.
   - B. Material chopped up too finely by cylinder, overloading sieves.
   - C. Openings in sieves plugged up with beards or green material.
   - D. Sieves not open enough.
   - E. Rear of sieves too low.
   - F. Too much threshed grain in tailings.
5. Poor cleaning.
   - A. Sieve openings too large.
   - B. Sieves overloaded.
     1. Feed too heavy.
     2. Speed too slow.
     3. Straw chopped too fine.
   - C. Wind insufficient or improperly directed.
   - D. Weeds.
   - E. Elevators clogged.
6. Cracked grain.
   - A. Cylinder speed too high.
   - B. Threshed grain returned in tailings.
   - C. Insufficient concave and cylinder clearance.
7. Grain too high in moisture.
   - A. Grain itself too damp.
   - B. Straw too green or damp.
   - C. Green weeds in grain.

## *Illinois 4-H clubs pick state camp as war memorial*

One of the most ambitious programs 4-H Club members have ever attempted—the establishment of a war memorial 4-H club camp—is getting under way throughout the state this month.

This special wartime project was decided upon after various proposals for the memorial were considered by the joint 4-H advisory committee made up of state 4-H staff members and farm and home advisers representing all areas of the state. Following letters sent out last fall, every county 4-H organization in the state has been discussing the form they wished the memorial to take. Basing their decision for a 4-H club camp on the returns from those discussions, the advisory committee has now set up the machinery for the memorial.

"By thy rivers gently flowing . . o'er thy meadows verdant growing" . . . this will be the setting for the proposed camp, dedicated to clean, healthful living for Illinois youth. It will be centrally located in the state—a great monument to the services and sacrifices of former 4-H club members who have served in World War 2. The camp will be the kind of memorial they would have wanted — these honored dead and victorious living—activated by and devoted to the achievements of youth.

War memorial 4-H club camp will be financed by funds raised through 4-H club organizations, and many counties throughout the state already have set their goals. It is expected that all counties will have indicated amounts they expect to contribute by mid-July.

The initial amount to be raised over a two-year period is $100,000, with $50,000 of that during 1945. Over $1,300 remaining from the radio school fund will be applied to the memorial fund as a substantial step toward meeting the quota.

Rock Island county has set its goal at $1.50 per member; Menard county's 22 clubs will raise $300; Lake county promises $1.00 for each of its 600 4-H'ers; Kankakee set its goal at the Federation meeting early in July; Whiteside county will contribute around $500 and set their figure at an interested Federation meeting; Bond county—new in organization—is contributing $150.

State 4-H club camps are not a new thing. Eleven other states have preceded Illinois in the establishment of such camps. They cover a wide range in development; but all have the common purpose of training young people for active, healthful living.

West Virginia's state 4-H camp at Jackson's Mill was established in 1921 and has grown until it now represents an approximate inventory value of $400,000. The camp proper occupies about 100 acres and will accommodate a group of 300 campers. Camp leaders say the development has gone far beyond what anyone thought it would when it was started. This is a year-round camp, prepared to hold programs at any season.

Camping for 4-H club members had started in Ohio in the early 20's, at one of the centrally located YMCA sites. By 1929, 4-H clubs had acquired a 71-acre tract as the camp tenting ground, and in 1932 the building program was begun. At present Camp Ohio occupies 100 acres with buildings and swimming and recreational facilities and has accumulated a financial backlog of several thousand dollars to start improvement as soon as the war is over.

*Congress acts*

# 65% of normal value new basis for loans

Miss Lois M. Anderson, secretary-treasurer of the Tri-County National Farm Loan Association, said that the new farm credit legislation, recently enacted by Congress and signed by President Truman on June 30, authorizes Federal land bank loans up to 65 per cent of the normal value of the farm; simplifies and speeds up procedures for handling loan applications; and provides for several other improvements in the local association and land bank operations.

This change in the maximum limits of land bank loans to 65 per cent of normal value retains the policy of basing loans on normal values which the bank has followed since 1933. The bank's normal agricultural value appraisals are based on the normal earning capacity of the farm, using average production and normal prices of farm products over a long period of years. Normal values are not influenced by the sale prices of farm land. Previously, land bank loans have been limited to 50 per cent of the value of the land plus 20 per cent of the value of permanent insured improvements. This change will permit land bank loans of amounts that will meet more adequately the reasonable credit needs of farmers.

"The new law also places more of the lending processes with the local association, and this will make it possible to speed up the handling of loan applications," Miss Anderson said.

Authority to make Land Bank Commissioner loans is extended to June 30, 1946, by the new act. These loans, as in the past, may be made for amounts up to 75 per cent of the normal agricultural value of the farm. However, the contract interest rate on these loans will be 5 per cent except to veterans who may borrow at 4 per cent if their Commissioner loans are guaranteed under the G. I. Bill of Rights. The contract rate for land bank loans is not changed, and remains at its present all-time low rate of 4 per cent.

Miss Anderson said that many Land Bank Commissioner loans have been paid down to accounts which can now be easily refinanced with 4 per cent land bank loans through the associations. The new act will be advantageous to many such Commissioner borrowers, for it provides a way to reduce their contract interest rate and to give them the benefit of just one loan through their own cooperative associations.

The Tri-County National Farm Loan Association of Geneva, also recently received an announcement from Walter H. Droste, president of the Federal Land Bank of St. Louis, that the bank on June 27 made a payment of $2,800,000 to the United States Treasury, representing full payment of all Federal funds in the St. Louis bank. "There are no federal funds whatever in this land bank now," Droste said. "The bank is owned entirely by the 337 farmer-owned, cooperative national farm loan associations of Arkansas, Illinois, and Missouri. The full cooperative ownership of this bank is an achievement in which all the local association members may take real pride."

## Lists pointers to avoid bloat in dairy cows

Dairymen this week were given several precautions to follow in order to reduce or avoid losses from bloat. J. G. Cash, assistant professor of dairy husbandry extension, University of Illinois College of Agriculture, suggested four points that have proved helpful according to the experience of many Illinois dairy cattle owners.

1. Give cows a feeding of hay and grain before turning them onto legume pasture for the first time.
2. Keep a supply of hay or straw in a rack located near the watering or resting place. This precaution is important because small amounts of roughage enable cows to get rid of gas.
3. Keep fresh water readily accessible. Keep salt or salt and lime before them.
4. When cows are pasturing legumes, check carefully several times a day to detect any cases of bloat.

## Silver star

By direction of the President and under the provisions of Army regulations 600-45, dated 22 September 1943, as amended, the Silver Star is awarded to First Lt. Matthew J. Wiersema (Army serial number 0-1171834) Field Artillery (Armored) United States Army, of Bensenville for gallantry in action in the vicinity of Belgium, during the period 31 December 1944 to 16 January 1945.

"As a forward observer, he was constantly on the line with infantry and tank outpost positions. His skillful and superior adjustment of artillery fire was responsible for repulsing enemy attacks against thinly held positions. When not observing or adjusting fire, he often volunteered to take his tank forward and eliminate enemy harassing positions. On one such mission his tank was hit and he was severely wounded. His gallantry was a constant inspiration to infantry and tankers and effected a firm esprit de corps."

## Roselle man home 30 days from Manila

S-Sgt. Clarence Kruse of Roselle, a squad leader in the 32nd division is back on 30 days furlough, due to his father's sudden death, whom he was associated with in business as distributor for Fox DeLuxe Brewing Co. of Chicago.

He has been over seas for more than two years. Sgt. Kruse flew back from Manila by plane. He wears campaign stars for New Guinea and Leyte and the Philippines Liberation ribbon and combat infantryman's badge.

After his 30 days furlough Clarence reports to Ft. Sheridan for further assignment. He is the son of Bertha Evelyn Kruse with whom he is staying now.

## Hawaii

Lt. (j. g.) Marjorie Mohr, R. N., of Wheeling, arrived home last Wednesday after spending almost two years in the naval hospital at Pearl Harbor. Lt. Mohr saw many casualties of the Pacific campaign in the hospital which served 7,000 men at its peak, although built for about 5,000. She speaks highly of the Air Transport Command which has saved many lives by making prompt hospitalization possible.

Lt. Mohr expects to be stationed in the States upon the expiration of her 30 day leave. Marjorie was given a warm welcome by her four sisters, Miss Evelyn Mohr, Mrs. Edw. Waterstrat, Mrs. George Gould and Mrs. Frank Utpadel, all of whom spent several days at the latter's home in a happy family reunion last week.

## Germany

Enroute to the United States from the European continent, Cpl. Robert Tegtmeier of 244 W. Wilson st., Palatine, is now being processed at Camp Atlanta in northeastern France, as a member of the first ETO armored division to be ordered to the Pacific.

Cpl. Tegtmeier is a member of Co. A 24th Tank Bn., and served with the 13th Armored Djvision in the Battle of the Ruhr Pocket and in the drive through Bavaria into Austria. He holds the ETO ribbon with one battle star, good conduct ribbon.

The 13th, popularly known as the Black Cat Division, captured more than 20,000 German prisoners in the fighting in the Ruhr and took an additional 19,000 in Bavaria. In the closing days of the war in Europe, it captured Hitler's birthplace city of Braunau, Austria, and liberated 14,000 Allied prisoners of war.

Cpl. Tegtmeier is the son of William Tegtmeier, 244 W. Wilson st., Palatine. He will be given a furlough before the division begins its training for action in the Pacific.

---

Mr. and Mrs. Earl McDougall's son, Albert of Arlington Heights, is home on furlough. He served in Germany. His brother, Robert, also in Germany, is expected soon. The brothers have not met for two years, and hope to have a reunion at home.

---

Now stationed in the Herman Goering building about 100 miles from Berlin is Pfc. Clarence Zuelsdorf of Palatine. Clarence recently sent home a picture of Hitler and other Nazi bigwigs taken from a deserted building near the Goering building.

## Writes from Italy

From Pisa, Italy, comes word of Melvin Beese of Mt. Prospect.

"Receiving the Enterprise very regularly and want to thank you for it. Everything here in Pisa, Italy, is going pretty smooth. I'm in excellent health. I really don't know about the happiness.

"My arm is still bothering me and I guess it doesn't pay to get wounded, cause ever since I was wounded my arm bothers me. I've been hospitalized three times and

yesterday it hurt pretty bad so I told the old Doc. All he said was, 'Sorry, soldier, there isn't anything we can do for it.'

"Sooooo, I guess all I can do is let it hurt and hope some day I can go to a civilian doctor and get fixed up.

"Right now I'm in an M.P. outfit in Pisa. It's OK, but I'm pretty new in this kind of work. With V-E Day past and boys coming back home and all other news from this side sounds good. I have only 66 points and they're working to get 10 extra points for me. When I got wounded the second time it was a slight wound and I didn't go to the medics. My old officer said he'd try to get it on my record to give me a cluster for my purple heart.

"He's also trying to get my Distinguished Service Cross through that was rejected by a higher command. So far they can't find anyone who rejected it, so it's believed that it was never rejected but lost and a cover up was put into effect. That will give me 5 extra points. I get a kick out of some guys here who do not refer to their children by calling them 'children,' but call them '12' points apiece.

"I don't expect to get home for quite some time yet. So far I've been here over 21 months. We're hearing rumors 'Rangoon in June' or 'Golden Gate in '48.' So wish me luck, eh?

"To Wallace Granzin: If you read this article, drop a few lines. I lost your address and would like to get in touch with you. Sorry to hear you didn't duck like I told you to in my last letter. Keep after them and get home. See you in Arlington.'

"Wish I could see all the guys. Looks like the boys from Arlington are doing OK. Glad to hear Ted Decker got the Silver Star and Roy Beese the Bronze Star."

His address is Pfc. Melvin W. Beese, ASN 36642798, 56 Military Police Co., APO 782, % PM, New York, N. Y.

---

Arriving home this week is Lt. Ralph Hauptly of Arlington Heights. Ralph served in the 15th air force and landed behind Russian lines on one occasion. He returned to U. S. lines and arrived in the States Thursday. Lt. Hauptly arrived home Monday on 30 to 60 days furlough.

## Virginia

Received this week from Fort Monroe, Virginia, was word of Marvin Plate of Palatine. The letter, written by Brig. Gen. L. B. Weeks, head of the Coast Artillery school at Fort Monroe, tells of the work of Capt. Plate. The letter was addressed to Palatine high school, Plate's alma mater, and one of the schools at which he was an instructor.

"It may interest you to know that one of your former teachers, Captain Martin M. Plate, has made an excellent record as an instructor in the Dept. of Submarine Mining at The Coast Artillery School.

"For the past year and a half, Captain Plate has served as a Chief Instructor in his department and has gained considerable administrative experience as assistant director of the department. In addition to his duties as an instructor he has been responsible for the preparation of instructional aids such as visual aids, training films, and manuals. His energy and thoroughness in this field have been most commendable.

"During his service under my command, he has conscientiously improved himself, as well as our courses of instruction, by his studious attitude and the application of sound teaching principles to his position.

"Captain Plate will be leaving this command soon for another field where his ability as a teacher will be of great value to the service, but The Coast Artillery School will have lost one of its best instructors."

## 755th FA Bn.

## Given award for action at Bastogne

Battle honors were given to the 755th FA battalion, of which Pfc. Edwin Schmale of Bensenville is a member, for their work in defense of Bastogne in the now-famous Belgian push. General Patton of the Third army issued the award in the name of the President of the United States.

"These units distinguished themselves in combat against powerful and aggressive enemy forces composed of elements of eight German divisions during the period from 18 to 27 December 1944 by extraordinary heroism and gallantry in the defense of the key communication center of Bastogne, Belgium. Essential to a large scale exploitation of the break thru into Belgium and Northern Luxembourg, the enemy attempted to acquire Bastogne by attacking constantly and savagely with the best of his armour and infantry without benefit of prepared defenses facing almost overwhelming odds and with very limited and fast dwindling supplies. These units maintained a high combat morale and an inpenetrable defense, despite extremely heavy bombing and intense artillery fire and constant attacks from infantry and armor on all sides of their completely cut off and encircled position.

"This masterful and grimly determined defense denied the enemy even momentary success in an operation for which he paid dearly in men, material and eventually morale. The outstanding courage and resourcefulness and undaunted determination of this gallant force is in keeping with the highest traditions of the service."

His address is Pfc. Edwin Schmale, 36752448, Serv. Btry., 755 F.A. Bn. APO 403, % PM, New York, N. Y.

## Germany

S-Sgt. Edward Wesolek, Jr., of Wheeling, is home from the European theatre on a 30 day leave, having arrived home Saturday evening. S-Sgt. Wesolek is with the 373rd Engineers Regt., and wears stars of three campaigns which carried them into Germany where they met the Russian forces. Edward says that after the wanton destruction and widespread privation which he witnessed over there, the people of the U. S. A. have much to be thankful for.

## Silver star

By direction of the President and under the provisions of Army regulations 600-45, dated 22 September 1943, as amended, the Silver Star is awarded to First Lt. Matthew J. Wiersema (Army serial number 0-1171834) Field Artillery (Armored) United States Army, of Bensenville for gallantry in action in the vicinity of Belgium, during the period 31 December 1944 to 16 January 1945.

"As a forward observer, he was constantly on the line with infantry and tank outpost positions. His skillful and superior adjustment of artillery fire was responsible for repulsing enemy attacks against thinly held positions. When not observing or adjusting fire, he often volunteered to take his tank forward and eliminate enemy harassing positions. On one such mission his tank was hit and he was severely wounded. His gallantry was a constant inspiration to infantry and tankers and effected a firm esprit de corps."

## Roselle man home 30 days from Manila

S-Sgt. Clarence Kruse of Roselle, a squad leader in the 32nd division is back on 30 days furlough, due to his father's sudden death, whom he was associated with in business as distributor for Fox DeLuxe Brewing Co. of Chicago.

He has been over seas for more than two years. Sgt. Kruse flew back from Manila by plane. He wears campaign stars for New Guinea and Leyte and the Philippines Liberation ribbon and combat infantryman's badge.

After his 30 days furlough Clarence reports to Ft. Sheridan for further assignment. He is the son of Bertha Evelyn Kruse with whom he is staying now.

## Hawaii

Lt. (j. g.) Marjorie Mohr, R. N., of Wheeling, arrived home last Wednesday after spending almost two years in the naval hospital at Pearl Harbor. Lt. Mohr saw many casualties of the Pacific campaign in the hospital which served 7,000 men at its peak, although built for about 5,000. She speaks highly of the Air Transport Command which has saved many lives by making prompt hospitalization possible.

Lt. Mohr expects to be stationed in the States upon the expiration of her 30 day leave. Marjorie was given a warm welcome by her four sisters, Miss Evelyn Mohr, Mrs. Edw. Waterstrat, Mrs. George Gould and Mrs. Frank Utpadel, all of whom spent several days at the latter's home in a happy family reunion last week.

## Germany

Enroute to the United States from the European continent, Cpl. Robert Tegtmeier of 244 W. Wilson st., Palatine, is now being processed at Camp Atlanta in northeastern France, as a member of the first ETO armored division to be ordered to the Pacific.

Cpl. Tegtmeier is a member of Co. A 24th Tank Bn., and served with the 13th Armored Division in the Battle of the Ruhr Pocket and in the drive through Bavaria into Austria. He holds the ETO ribbon with one battle star, good conduct ribbon.

The 13th, popularly known as the Black Cat Division, captured more than 20,000 German prisoners in the fighting in the Ruhr and took an additional 19,000 in Bavaria. In the closing days of the war in Europe, it captured Hitler's birthplace city of Braunau, Austria, and liberated 14,000 Allied prisoners of war.

Cpl. Tegtmeier is the son of William Tegtmeier, 244 W. Wilson st., Palatine. He will be given a furlough before the division begins its training for action in the Pacific.

---

Mr. and Mrs. Earl McDougall's son, Albert of Arlington Heights, is home on furlough. He served in Germany. His brother, Robert, also in Germany, is expected soon. The brothers have not met for two years, and hope to have a reunion at home.

---

Now stationed in the Herman Goering building about 100 miles from Berlin is Pfc. Clarence Zuelsdorf of Palatine. Clarence recently sent home a picture of Hitler and other Nazi bigwigs taken from a deserted building near the Goering building.

## Writes from Italy

From Pisa, Italy, comes word of Melvin Beese of Mt. Prospect.

"Receiving the Enterprise very regularly and want to thank you for it. Everything here in Pisa, Italy, is going pretty smooth. I'm in excellent health. I really don't know about the happiness.

"My arm is still bothering me and I guess it doesn't pay to get wounded, cause ever since I was wounded my arm bothers me. I've been hospitalized three times and

yesterday it hurt pretty bad so I told the old Doc. All he said was, 'Sorry, soldier, there isn't anything we can do for it.'

"Sooooo, I guess all I can do is let it hurt and hope some day I can go to a civilian doctor and get fixed up.

"Right now I'm in an M.P. outfit in Pisa. It's OK, but I'm pretty new in this kind of work. With V-E Day past and boys coming back home and all other news from this side sounds good. I have only 66 points and they're working to get 10 extra points for me. When I got wounded the second time it was a slight wound and I didn't go to the medics. My old officer said he'd try to get it on my record to give me a cluster for my purple heart.

"He's also trying to get my Distinguished Service Cross through that was rejected by a higher command. So far they can't find anyone who rejected it, so it's believed that it was never rejected but lost and a cover up was put into effect. That will give me 5 extra points. I get a kick out of some guys here who do not refer to their children by calling them 'children,' but call them '12' points apiece.

"I don't expect to get home for quite some time yet. So far I've been here over 21 months. We're hearing rumors 'Rangoon in June' or 'Golden Gate in '48.' So wish me luck, eh?

"To Wallace Granzin: If you read this article, drop a few lines. I lost your address and would like to get in touch with you. Sorry to hear you didn't duck like I told you to in my last letter. Keep after them and get home. See you in Arlington.'

"Wish I could see all the guys. Looks like the boys from Arlington are doing OK. Glad to hear Ted Decker got the Silver Star and Roy Beese the Bronze Star."

His address is Pfc. Melvin W. Beese, ASN 36642798, 56 Military Police Co., APO 782, % PM, New York, N. Y.

---

Arriving home this week is Lt. Ralph Hauptly of Arlington Heights. Ralph served in the 15th air force and landed behind Russian lines on one occasion. He returned to U. S. lines and arrived in the States Thursday. Lt. Hauptly arrived home Monday on 30 to 60 days furlough.

## Virginia

Received this week from Fort Monroe, Virginia, was word of Marvin Plate of Palatine. The letter, written by Brig. Gen. L. B. Weeks, head of the Coast Artillery school at Fort Monroe, tells of the work of Capt. Plate. The letter was addressed to Palatine high school, Plate's alma mater, and one of the schools at which he was an instructor.

"It may interest you to know that one of your former teachers, Captain Martin M. Plate, has made an excellent record as an instructor in the Dept. of Submarine Mining at The Coast Artillery School.

"For the past year and a half, Captain Plate has served as a Chief Instructor in his department and has gained considerable administrative experience as assistant director of the department. In addition to his duties as an instructor he has been responsible for the preparation of instructional aids such as visual aids, training films, and manuals. His energy and thoroughness in this field have been most commendable.

"During his service under my command, he has conscientiously improved himself, as well as our courses of instruction, by his studious attitude and the application of sound teaching principles to his position.

"Captain Plate will be leaving this command soon for another field where his ability as a teacher will be of great value to the service, but The Coast Artillery School will have lost one of its best instructors."

## 755th FA Bn.

## Given award for action at Bastogne

Battle honors were given to the 755th FA battalion, of which Pfc. Edwin Schmale of Bensenville is a member, for their work in defense of Bastogne in the now-famous Belgian push. General Patton of the Third army issued the award in the name of the President of the United States.

"These units distinguished themselves in combat against powerful and aggressive enemy forces composed of elements of eight German divisions during the period from 18 to 27 December 1944 by extraordinary heroism and gallantry in the defense of the key communication center of Bastogne, Belgium. Essential to a large scale exploitation of the break thru into Belgium and Northern Luxembourg, the enemy attempted to acquire Bastogne by attacking constantly and savagely with the best of his armour and infantry without benefit of prepared defenses facing almost overwhelming odds and with very limited and fast dwindling supplies. These units maintained a high combat morale and an inpenetrable defense, despite extremely heavy bombing and intense artillery fire and constant attacks from infantry and armor on all sides of their completely cut off and encircled position.

"This masterful and grimly determined defense denied the enemy even momentary success in an operation for which he paid dearly in men, material and eventually morale. The outstanding courage and resourcefulness and undaunted determination of this gallant force is in keeping with the highest traditions of the service."

His address is Pfc. Edwin Schmale, 36752448, Serv. Btry., 755 F.A. Bn. APO 403, % PM, New York, N. Y.

## Germany

S-Sgt. Edward Wesolek, Jr., of Wheeling, is home from the European theatre on a 30 day leave, having arrived home Saturday evening. S-Sgt. Wesolek is with the 373rd Engineers Regt., and wears stars of three campaigns which carried them into Germany where they met the Russian forces. Edward says that after the wanton destruction and widespread privation which he witnessed over there, the people of the U. S. A. have much to be thankful for.

## Czechoslovakia

Tech. 5 Mathew Helsper, Wood Dale, is being processed at Camp Norfolk Assembly Area preparatory to return to the United States following overseas service in Europe.

A member of Bat. "B" 12 FA Bn, Second Infantry Division, he has been overseas 21 months.

The Division, which came ashore on Omaha Beach, France on D plus one, 7 June 1944, fought five campaigns in France, Belgium, Germany and Czechoslovakia and won fame when it held its position in the path of the Nazis' winter counteroffensive and refused to be driven back.

Called the Indianhead Division because of its colorful shoulder patch, the Second had a major role in the Normandy breakthrough, accepted the surrender of Brest, took part in encirclement of the Ruhr and was the first division to enter Leipzig.

The Second fought most of its campaigns with the First Army, which now has its headquarters at Fort Jackson, S. C.

## Austria

Writing from Austria this week is George Cramer of Palatine.

"I wish to notify you of a slight change in my address which concerns the new APO number 411 replacing our original Task Force number 17779. I also apologize for not having written during my seven months period in the ETO, but I know a good number of the doggies will take sides with me and agree that we don't always have the time.

"Now that the censorship restrictions have been lifted somewhat, I am able to tell a little of what has happened since the time I left Camp Gruber, Oklahoma 15 November 1944 for POE, Camp Kilmer, New Jersey. After one week in 'Joisey' I climbed that old gangplank that thousands of others had done before me and became a gob for 14 hectic days.

"After landing in Marseille, France, ten days were spent in a staging area receiving our equipment, cleaning weapons, and just thinking of what might be ahead.

"Task Force Linden as we were called them went on line Christmas Eve, 24 December 44, relieving the old battle-scarred 36th Division. I had a good idea back in Oklahoma where I might be for Christmas, but little did I know that that day would live in my mind for so long.

"After LaWanzenau, Sessenheim, Sufflenheim, and many other sectors around Strasbourg during the great German drive in January we lost count of the days and weeks.

"Jumping off in March in the big drive across the Rhine we were on the move constantly until the war ended in May. Since that time we have occupied various sectors of Germany and are now in the mountains of Austria near the Italian border where it rains and the sun shines at the same time. Now that the Rainbow is in the 3rd Army instead of the 7th, our occupation is only temporary and in time—— Of course, like everyone else, I'm hoping to get back to the States before joining several of my relatives in the Pacific, but time will tell.

"A few weeks ago I had the pleasure of finally tracking down Cpl. Eddy Wiehrdt of the 103rd Division in Innsbruck, Austria and we spent an hour talking over our experiences and our home town of Palatine. Eddy has been the only person I've met from home although I did run across S-Sgt. Bill Bender's name in an ARC guest book while visiting Paris in March.

"I know that there are many others writing to 'With Uncle Sam' so I'll not take up further space, but just close with 'many thanks' for the opportunity to receive such a fine paper permitting me to keep in touch with many of my friends and former classmates."

His address is Pfc. George Cramer, 16174425, Co K 232d Inf., APO 411, % PM, New York, N. Y.

Now in Austria is Roy Anderson of Palatine. Roy went overseas in February, spent two days in England, seven in France, two in Holland, seven in Belgium, and then went to the Elbe river with the 9th army. At present he is stationed with the 3rd division in Austria, and is driving a kitchen truck. "At least I get first choice on the food," writes Roy.

His address is Pvt. Roy Anderson, 36989952, Hq Co. 802 TD Bn, APO 403, % PM, New York, N. Y.

## Louisiana

Now at Camp Claiborne, Louisiana, is Charles Williams of Prospect Heights. He was just recently inducted.

*313th field artillery*

# Given award for action along Moselle river

### Bob Bingham member of 80th division

Capt. Robert M. Bingham, of Wheeling, is a staff officer in the 80th "Blue Ridge" Infantry Division's 313 Field Artillery Battalion, which recently received the coveted War Department Distinguished Unit Citation in the name of the late President Franklin D. Roosevelt, as announced in orders of the War Department, Washington, D. C., signed by Chief of Staff General of the Armies George C. Marshall. The decoration accompanying the citation is a gold framed blue ribbon, worn on the right chest, the only American decoration so worn.

The 313th Field Artillery Battalion, then under the command of Lt. Colonel Frederick W. Ellery, Riverside, Cal., crossed the Moselle River in France September 12, 1944 over the first assault bridge to give close support to the Infantry and in four days battling against incessant German attempts to overrun its positions wrote one of the most gallant epics of American artillery annals. The battalion's official citation, dated April 10, 1945, reads in part:

"On 12 September 1944, the 313th Field Artillery Battalion crossed the Moselle River to positions in the vicinity of Bezaumont. That night and the following four days the forces that crossed the river were repeatedly attacked by tanks and infantry supported by artillery, mortars, and machine guns. These attacks were in all cases repulsed, on two occasions only after penetration of the firing positions of the 313th Field Artillery Battalion.

"On 14 September the situation became critical. An attack by enemy infantry and tanks, supported by heavy concentrations of mortar and artillery, was directed against our lines. The attack succeeded in penetrating deep into our positions.

"Without hestitation and based upon sound plan, all men of the 313th Field Artillery Battalion, including Service Battery and Headquarters personnel, except the minimum necessary to serve the pieces, were deployed as infantry. Making use of bazookas, machine guns, carbines, and their primary weapons, the 313th Field Artillery Battalion, from their defensive positions, repulsed the attack without the loss of material. Two enemy tanks were destroyed in this action.

"The 313th Field Artillery Battalion was the only artillery unit east of the Moselle River during the period 12-16 September 1944. During these four days the battery positions were repeatedly subjected to small arms, machine gun, mortar and artillery fire. During the early morning hours of 16 September 1944 an attack by tanks and infantry, directed principally against the left (north) of the front lines, was repulsed by the infantry supported by the 313th Field Artillery Battalion and other artillery with the Division (from positions west of the Moselle), but only after the enemy had infiltrated to the rear of the 313th Field Artillery Battalion and some infantry elements had been forced back across the river."

After compiling a brilliant record in pre-embarkation maneuvers the 313th Field Artillery Battalion unlimbered its guns for the first time on the Continent in support of the 317th Infantry's advance into the French city of Argentan to close the Argentan-Falaise Gap. Day and night, the battalion's 105th hurled destruction into the ever-thinning ranks of the battered German Seventh Army.

Dashing across France with other 80th "Blue Ridge" units in the vanguard of General George S. Patton's Third Army, the battalion followed up the bloody Moselle fighting by blasting the way out of the bridgehead and supporting the infantry's attack in the campaign to outflank Metz. Sweeping across the Lorraine plain the Artillerymen set up their howitzers to smash through the "invincible" Maginot Line into the mineral rich Saar Basin and assist in the seizure of St. Avold.

When von Runstedt's winter offensive broke through Luxembourg into Belgium the Artillerymen roared northward 150 miles to support the 80th Division's attacks against the southern flank of the Bulge after successfully shielding Luxembourg City. Upholding their battle-coined Division motto, "The 80th Only Moves Forward," the honored battalion went on to support the assault crossings of the Our and Sauer Rivers, twice threw its destructive fire into the siegfried Line, and added its weight to the fall to the 80th Division and the Third Army of such key German cities as Bitburg, St. Wendel, Kaiserslautern, Weisbaden, Kassel, Erfurt, Weimar, Jena and Gera. V-E Day found the battalion south of the Danube after the Third Army's southeastward shift and across the Inn River at Braunau, Hitler's birthplace, deep in the heart of the Austrian Alpine region.

*USS New York*

# Fires 5 million lbs. shells but suffers no Jap hits

### Ladislav Balek aboard mighty dradnaught

Ladislav Balek, coxswain, State and Palatine Road, Arlington Heights, came through the battle for Okinawa aboard the battleship New York without a scratch, helping fire more than five million pounds of shells at enemy targets. This tonnage exceeds that fired by all ships combined during the invasion bombardments of Tarawa or Makin, Roi-Namur or Eniwetok.

One of the grand old ladies of the fleet, the New York celebrated her 31st birthday during the battle. The only capital ship to stay on the job without relief, she kept her 14-inch and 5-inch guns firing salvos at island targets steadily.

The men spent the equivalent of two solid weeks at their air defense stations during more than 200 air raid alerts. One Jap plane made an unsuccessful suicide run thru a hail of antiaircraft fire, but crashed harmlessly into the sea. Not one Jap bomb, torpedo or artillery shell found its mark on the ship, although all were tried. Credit for much of the effectiveness of the ship's firing goes to the ship's spotting planes which flew an estimated 50,000 miles on missions over the island, searching out targets.

The history of the New York dates from her commissioning on April 15, 1914 and spans two world wars. In World War I she served as the flagship of a battleship squadron sent to reinforce the British Grand Fleet in the North Sea in the fall of 1917, and she remained there until the German fleet surrendered.

During the present war she participated in the invasion of North Africa, saw convoy duty in the Atlantic, and took part in the Iwo Jima campaign.

## Guam

From Guam comes word of Wilfred Ladd of Itasca.

"To enable you to send me my home town paper without delay I am sending you my new address. I would appreciate it very much if you would note the change and address the future copies to the above address."

His address is Sgt. W. A. Ladd, 36643454, APO 234, % PM, San Francisco, Calif.

Heard Monday night over the "Meet Your Navy" radio program was EM2c Donald Meyer of Arlington Heights, who talked to his wife, Marian. Don is stationed on Guam and talked to his wife, who had gone to Great Lakes for the program.

## Austria

From the borders of Italy, Austria and Yugoslavia comes word of Merle Hartmann of Palatine.

"During the past week I've been on a slight rest and vacation. Was up to Austria and had a place on the lake. It was no large resort or anything of the sort — just a humble little cottage that looked slightly faded and out of shape. But the inside was very cozy and warm.

"We sat by the fireplace evenings and mixed high balls, and talked of home. We do get a fifth of that good American whiskey now and then. The people here are very clean and neat in their dress. The women, very beautiful, even wear silk hose. Don't get me wrong, I'm not a wolf. But I certainly do have my eyes open. It's hard not to fraternize with them, but orders are orders.

"One thing I've gotten out of this thing is the skiing. You would have laughed if you had seen me at first. First time I went zooming down the hills here I was all arms and legs. I took many a spill but liked it. We received all the equipment we needed—skis, ski boots, pants, ski hats and goggles, poles, parkas, etc. At times we had to go zooming across country with 55 pound packs.

"Would like to go to the Riviera but don't think I'll get the chance, because I expect to be going home in August. A group of us have planned on a 10 day tour of the battlefields. We'd go in a jeep and take off for wherever we pleased.

"I've been to so many swell places since the end of the war that it's hard to remember them. I've been to Udine, Venice, Milan (where Mussolini was killed,), Rome, Naples, Genoa and others. Trieste and Venice are the prettiest."

Merle was recently awarded the Bronze Star, though he doesn't speak of it. His address is T-Sgt. Merle E. Hartmann, 36005361, 86th Mt Inf., Co C, 10th Mt Div., APO 345, % PM, New York, N. Y.

## Germany

Pfc. Allen F. Busse of Higgins rd., Arlington Heights, is now being processed at Camp Atlanta in northeastern France, as a member of the first ETO armored division to be ordered to the Pacific.

Pfc. Busse is a member of Co. C 59AIB and served with the 13th Armored Division in the Battle of the Ruhr Pocket and in the drive through Bavaria into Austria. He holds the combat infantry and good conduct medals.

The 13th, popularly known as the Black Cat Division captured more than 20,000 German prisoners in the fighting in the Ruhr and took an additional 19,000 in Bavaria. In the closing days of the war in Europe, it captured Hitler's birthplace city of Braunau, Austria, and liberated 14,000 Allied prisoners of war.

Pfc. Busse is the son of Mr. and Mrs. Rudolph Busse, RR1, Arlington Heights. He will be given a furlough before the Division begins its training for action in the Pacific.

Now home on furlough from service in Europe is Bob Gathman of Palatine. Bob was stationed in the 86th division, serving with the 15th, 1st, 3rd and 7th armies. They had fought to Salzburg, Austria, when fighting ceased. He visited Hitler's home at Berchtesgaden and reports it was in ruins.

The 86th division did a commendable job, enough to warrant a special letter from General Patton starting their work had shortened the war by 3 to 4 weeks. German prisoners called the 86th the U. S. SS troops, for they alway advanced, no matter what opposition was encountered.

Cpl. Gathman is one of the first five slated to transfer to the Pacific after an all too short furlough at home.

Private Warren Sessous of Wheeling walked in unannounced on Sunday evening just as his family were completing chores. Warren is home on a thirty day leave and will report at Camp Grant on August 17.

Private Sessous served overseas for one year with the 22nd infantry and wears four battle stars for campaigns in France and Germany, and has the good conduct medal and the presidential citation of his unit.

Home on furlough for 30 days is Pfc. John Schellenberg of Roselle. John arrived home July 4 after serving in the ETO for 10 months. He expects to then be transferred to the Pacific.

Changing his address in Germany is Howard Hasz of Mt. Prospect. His address is T-Sgt. Howard M. Hasz, 16141054, 236 SRMU, APO 758, % PM, New York, N. Y.

Now home on 30 days furlough from Germany is Ted Decker of Arlington Heights.

## Wisconsin

Pvt. Joe Staudenbaur of Mt. Prospect returned to Truax Field, Madison, Wisconsin, after spending a 15 day furlough at home.

## Philippines

Pfc. Raymond Doerrler, son of Mr. and Mrs. W. G. Doerrler of Palatine, has completed two years overseas with the 1881st Engineer Aviation Battalion. During this time he has earned the Good Conduct Medal and three battle combat stars to be worn on the Asiatic Pacific and Philippine Liberation Ribbons. In addition he may wear the laurel wreath emblem of the Meritorious Service Unit Plaque. This honor was recently conferred upon the battalion for its superior efficiency and devotion to duty in the Philippines.

Inducted in January, 1943, at Camp Grant, Pfc. Doerrler received his basic training at Jefferson Barracks and then joined his present unit at Geiger Field. He is a graduate of Foreman High School and was employed by Mojoiner Bros. as a welder.

He is now stationed on Luzon.

S-Sgt. Roger Rockenbach of Wheeling is glad to be living back in tents after the foxholes of Mindanao. Roger is the veteran of numerous campaigns of the South Pacific Islands and the Philippines.

He was enjoying a well deserved rest at the time of his last letter, and also better food. Having had fresh oranges, toast, bananas and cream for breakfast, he was looking forward to ice cream with dinner, the first in a year and a half. An Abbott and Costello movie had helped them forget some of the nightmares of the past.

He enclosed a small autographed flag in his letter to his sister Ruth and asked her to say "hello" to everyone for him.

Changing his address in the Philippines is Jack Parish of Bensenville. "Have been receiving the Register but it has been quite late most of the time. Please change my address. Am on Luzon."

His address is Sgt. Jack Parish, APO 74, % PM, San Francisco, Calif.

Changing his address in the Philippines is Bob Peters of Arlington Heights. His address is Pfc. Robert Peters, 16128584, APO 33, % PM, San Francisco, Calif.

Changing his address in the Philippines is Dan Callow, formerly of Bensenville. His address is Pfc. Daniel Callow, 36611657, APO 75, % PM, San Francisco, Calif.

## Solomons

From the Solomons comes word of Roger Erber of Arlington Heights.

"Received a letter from home and enclosed was a clipping stating that in order for me to get the paper that I must send in a request for it. So I hereby request that the paper be sent to the following address: Cpl. Roger Erber. % FPO, San Francisco, Calif.

"I haven't received the paper in the last few months due to the fact I was on the move. Now that I'm here I hope to receive the paper regularly. I enjoyed reading the paper very much and now that I haven't received it I miss it more than ever."

## Discharged

T-5 Eric Johnson, 736 N. Mitchell, Arlington Heights, has received an honorable discharge from the army. He reports he is looking forward to coming home and renewing acquaintances about Arlington.

## Czechoslovakia

Tech. 5 Mathew Helsper, Wood Dale, is being processed at Camp Norfolk Assembly Area preparatory to return to the United States following overseas service in Europe.

A member of Bat. "B" 12 FA Bn, Second Infantry Division, he has been overseas 21 months.

The Division, which came ashore on Omaha Beach, France on D plus one, 7 June 1944, fought five campaigns in France, Belgium, Germany and Czechoslovakia and won fame when it held its position in the path of the Nazis' winter counteroffensive and refused to be driven back.

Called the Indianhead Division because of its colorful shoulder patch, the Second had a major role in the Normandy breakthrough, accepted the surrender of Brest, took part in encirclement of the Ruhr and was the first division to enter Leipzig.

The Second fought most of its campaigns with the First Army, which now has its headquarters at Fort Jackson, S. C.

## Austria

Writing from Austria this week is George Cramer of Palatine.

"I wish to notify you of a slight change in my address which concerns the new APO number 411 replacing our original Task Force number 17779. I also apologize for not having written during my seven months period in the ETO, but I know a good number of the doggies will take sides with me and agree that we don't always have the time.

"Now that the censorship restrictions have been lifted somewhat, I am able to tell a little of what has happened since the time I left Camp Gruber, Oklahoma 15 November 1944 for POE, Camp Kilmer, New Jersey. After one week in 'Joisey' I climbed that old gangplank that thousands of others had done before me and became a gob for 14 hectic days.

"After landing in Marseille, France, ten days were spent in a staging area receiving our equipment, cleaning weapons, and just thinking of what might be ahead.

"Task Force Linden as we were called them went on line Christmas Eve, 24 December 44, relieving the old battle-scarred 36th Division. I had a good idea back in Oklahoma where I might be for Christmas, but little did I know that that day would live in my mind for so long.

"After LaWanzenau, Sessenheim, Sufflenheim, and many other sectors around Strasbourg during the great German drive in January we lost count of the days and weeks.

"Jumping off in March in the big drive across the Rhine we were on the move constantly until the war ended in May. Since that time we have occupied various sectors of Germany and are now in the mountains of Austria near the Italian border where it rains and the sun shines at the same time. Now that the Rainbow is in the 3rd Army instead of the 7th, our occupation is only temporary and in time—— Of course, like everyone else, I'm hoping to get back to the States before joining several of my relatives in the Pacific, but time will tell.

"A few weeks ago I had the pleasure of finally tracking down Cpl. Eddy Wiehrdt of the 103rd Division in Innsbruck, Austria and we spent an hour talking over our experiences and our home town of Palatine. Eddy has been the only person I've met from home although I did run across S-Sgt. Bill Bender's name in an ARC guest book while visiting Paris in March.

"I know that there are many others writing to 'With Uncle Sam' so I'll not take up further space, but just close with 'many thanks' for the opportunity to receive such a fine paper permitting me to keep in touch with many of my friends and former classmates."

His address is Pfc. George Cramer, 16174425, Co K 232d Inf., APO 411, % PM, New York, N. Y.

Now in Austria is Roy Anderson of Palatine. Roy went overseas in February, spent two days in England, seven in France, two in Holland, seven in Belgium, and then went to the Elbe river with the 9th army. At present he is stationed with the 3rd division in Austria, and is driving a kitchen truck. "At least I get first choice on the food," writes Roy.

His address is Pvt. Roy Anderson, 36989952, Hq Co. 802 TD Bn, APO 403, % PM, New York, N. Y.

## Louisiana

Now at Camp Claiborne, Louisiana, is Charles Williams of Prospect Heights. He was just recently inducted.

*313th field artillery*

# Given award for action along Moselle river

### Bob Bingham member of 80th division

Capt. Robert M. Bingham, of Wheeling, is a staff officer in the 80th "Blue Ridge" Infantry Division's 313 Field Artillery Battalion, which recently received the coveted War Department Distinguished Unit Citation in the name of the late President Franklin D. Roosevelt, as announced in orders of the War Department, Washington, D. C., signed by Chief of Staff General of the Armies George C. Marshall. The decoration accompanying the citation is a gold framed blue ribbon, worn on the right chest, the only American decoration so worn.

The 313th Field Artillery Battalion, then under the command of Lt. Colonel Frederick W. Ellery, Riverside, Cal., crossed the Moselle River in France September 12, 1944 over the first assault bridge to give close support to the Infantry and in four days battling against incessant German attempts to overrun its positions wrote one of the most gallant epics of American artillery annals. The battalion's official citation, dated April 10, 1945, reads in part:

"On 12 September 1944, the 313th Field Artillery Battalion crossed the Moselle River to positions in the vicinity of Bezaumont. That night and the following four days the forces that crossed the river were repeatedly attacked by tanks and infantry supported by artillery, mortars, and machine guns. These attacks were in all cases repulsed, on two occasions only after penetration of the firing positions of the 313th Field Artillery Battalion.

"On 14 September the situation became critical. An attack by enemy infantry and tanks, supported by heavy concentrations of mortar and artillery, was directed against our lines. The attack succeeded in penetrating deep into our positions.

"Without hesitation and based upon sound plan, all men of the 313th Field Artillery Battalion, including Service Battery and Headquarters personnel, except the minimum necessary to serve the pieces, were deployed as infantry. Making use of bazookas, machine guns, carbines, and their primary weapons, the 313th Field Artillery Battalion, from their defensive positions, repulsed the attack without the loss of material. Two enemy tanks were destroyed in this action.

"The 313th Field Artillery Battalion was the only artillery unit east of the Moselle River during the period 12-16 September 1944. During these four days the battery positions were repeatedly subjected to small arms, machine gun, mortar and artillery fire. During the early morning hours of 16 September 1944 an attack by tanks and infantry, directed principally against the left (north) of the front lines, was repulsed by the infantry supported by the 313th Field Artillery Battalion and other artillery with the Division (from positions west of the Moselle), but only after the enemy had infiltrated to the rear of the 313th Field Artillery Battalion and some infantry elements had been forced back across the river."

After compiling a brilliant record in pre-embarkation maneuvers the 313th Field Artillery Battalion unlimbered its guns for the first time on the Continent in support of the 317th Infantry's advance into the French city of Argentan to close the Argentan-Falaise Gap. Day and night, the battalion's 105th hurled destruction into the ever-thinning ranks of the battered German Seventh Army.

Dashing across France with other 80th "Blue Ridge" units in the vanguard of General George S. Patton's Third Army, the battalion followed up the bloody Moselle fighting by blasting the way out of the bridgehead and supporting the infantry's attack in the campaign to outflank Metz. Sweeping across the Lorraine plain the Artillerymen set up their howitzers to smash through the "invincible" Maginot Line into the mineral rich Saar Basin and assist in the seizure of St. Avold.

When von Runstedt's winter offensive broke through Luxembourg into Belgium the Artillerymen roared northward 150 miles to support the 80th Division's attacks against the southern flank of the Bulge after successfully shielding Luxembourg City. Upholding their battle-coined Division motto, "The 80th Only Moves Forward," the honored battalion went on to support the assault crossings of the Our and Sauer Rivers, twice threw its destructive fire into the siegfried Line, and added its weight to the fall to the 80th Division and the Third Army of such key German cities as Bitburg, St. Wendel, Kaiserslautern, Weisbaden, Kassel, Erfurt, Weimar, Jena and Gera. V-E Day found the battalion south of the Danube after the Third Army's southeastward shift and across the Inn River at Braunau, Hitler's birthplace, deep in the heart of the Austrian Alpine region.

*USS New York*

# Fires 5 million lbs. shells but suffers no Jap hits

### Ladislav Balek aboard mighty dradnaught

Ladislav Balek, coxswain, State and Palatine Road, Arlington Heights, came through the battle for Okinawa aboard the battleship New York without a scratch, helping fire more than five million pounds of shells at enemy targets. This tonnage exceeds that fired by all ships combined during the invasion bombardments of Tarawa or Makin, Roi-Namur or Eniwetok.

One of the grand old ladies of the fleet, the New York celebrated her 31st birthday during the battle. The only capital ship to stay on the job without relief, she kept her 14-inch and 5-inch guns firing salvos at island targets steadily.

The men spent the equivalent of two solid weeks at their air defense stations during more than 200 air raid alerts. One Jap plane made an unsuccessful suicide run thru a hail of antiaircraft fire, but crashed harmlessly into the sea. Not one Jap bomb, torpedo or artillery shell found its mark on the ship, although all were tried. Credit for much of the effectiveness of the ship's firing goes to the ship's spotting planes which flew an estimated 50,000 miles on missions over the island, searching out targets.

The history of the New York dates from her commissioning on April 15, 1914 and spans two world wars. In World War I she served as the flagship of a battleship squadron sent to reinforce the British Grand Fleet in the North Sea in the fall of 1917, and she remained there until the German fleet surrendered.

During the present war she participated in the invasion of North Africa, saw convoy duty in the Atlantic, and took part in the Iwo Jima campaign.

## Guam

From Guam comes word of Wilfred Ladd of Itasca.

"To enable you to send me my home town paper without delay I am sending you my new address. I would appreciate it very much if you would note the change and address the future copies to the above address."

His address is Sgt. W. A. Ladd, 36643454, APO 234, % PM, San Francisco, Calif.

Heard Monday night over the "Meet Your Navy" radio program was EM2c Donald Meyer of Arlington Heights, who talked to his wife, Marian. Don is stationed on Guam and talked to his wife, who had gone to Great Lakes for the program.

## Austria

From the borders of Italy, Austria and Yugoslavia comes word of Merle Hartmann of Palatine.

"During the past week I've been on a slight rest and vacation. Was up to Austria and had a place on the lake. It was no large resort or anything of the sort — just a humble little cottage that looked slightly faded and out of shape. But the inside was very cozy and warm.

"We sat by the fireplace evenings and mixed high balls, and talked of home. We do get a fifth of that good American whiskey now and then. The people here are very clean and neat in their dress. The women, very beautiful, even wear silk hose. Don't get me wrong, I'm not a wolf. But I certainly do have my eyes open. It's hard not to fraternize with them, but orders are orders.

"One thing I've gotten out of this thing is the skiing. You would have laughed if you had seen me at first. First time I went zooming down the hills here I was all arms and legs. I took many a spill but liked it. We received all the equipment we needed—skis, ski boots, pants, ski hats and goggles, poles, parkas, etc. At times we had to go zooming across country with 55 pound packs.

"Would like to go to the Riviera but don't think I'll get the chance, because I expect to be going home in August. A group of us have planned on a 10 day tour of the battlefields. We'd go in a jeep and take off for wherever we pleased.

"I've been to so many swell places since the end of the war that it's hard to remember them. I've been to Udine, Venice, Milan (where Mussolini was killed,), Rome, Naples, Genoa and others. Trieste and Venice are the prettiest."

Merle was recently awarded the Bronze Star, though he doesn't speak of it. His address is T-Sgt. Merle E. Hartmann, 36005361, 86th Mt Inf., Co C, 10th Mt Div., APO 345, % PM, New York, N. Y.

## Germany

Pfc. Allen F. Busse of Higgins rd., Arlington Heights, is now being processed at Camp Atlanta in northeastern France, as a member of the first ETO armored division to be ordered to the Pacific.

Pfc. Busse is a member of Co. C 59AIB and served with the 13th Armored Division in the Battle of the Ruhr Pocket and in the drive through Bavaria into Austria. He holds the combat infantry and good conduct medals.

The 13th, popularly known as the Black Cat Division captured more than 20,000 German prisoners in the fighting in the Ruhr and took an additional 19,000 in Bavaria. In the closing days of the war in Europe, it captured Hitler's birthplace city of Braunau, Austria, and liberated 14,000 Allied prisoners of war.

Pfc. Busse is the son of Mr. and Mrs. Rudolph Busse, RR1, Arlington Heights. He will be given a furlough before the Division begins its training for action in the Pacific.

Now home on furlough from service in Europe is Bob Gathman of Palatine. Bob was stationed in the 86th division, serving with the 15th, 1st, 3rd and 7th armies. They had fought to Salzburg, Austria, when fighting ceased. He visited Hitler's home at Berchtesgaden and reports it was in ruins.

The 86th division did a commendable job, enough to warrant a special letter from General Patton starting their work had shortened the war by 3 to 4 weeks. German prisoners called the 86th the U. S. SS troops, for they alway advanced, no matter what opposition was encountered.

Cpl. Gathman is one of the first five slated to transfer to the Pacific after an all too short furlough at home.

Private Warren Sessous of Wheeling walked in unannounced on Sunday evening just as his family were completing chores. Warren is home on a thirty day leave and will report at Camp Grant on August 17.

Private Sessous served overseas for one year with the 22nd infantry and wears four battle stars for campaigns in France and Germany, and has the good conduct medal and the presidential citation of his unit.

Home on furlough for 30 days is Pfc. John Schellenberg of Roselle. John arrived home July 4 after serving in the ETO for 10 months. He expects to then be transferred to the Pacific.

Changing his address in Germany is Howard Hasz of Mt. Prospect. His address is T-Sgt. Howard M. Hasz, 16141054, 236 SRMU, APO 758, % PM, New York, N. Y.

Now home on 30 days furlough from Germany is Ted Decker of Arlington Heights.

## Wisconsin

Pvt. Joe Staudenbaur of Mt. Prospect returned to Truax Field, Madison, Wisconsin, after spending a 15 day furlough at home.

## Philippines

Pfc. Raymond Doerrler, son of Mr. and Mrs. W. G. Doerrler of Palatine, has completed two years overseas with the 1881st Engineer Aviation Battalion. During this time he has earned the Good Conduct Medal and three battle combat stars to be worn on the Asiatic Pacific and Philippine Liberation Ribbons. In addition he may wear the laurel wreath emblem of the Meritorious Service Unit Plaque. This honor was recently conferred upon the battalion for its superior efficiency and devotion to duty in the Philippines.

Inducted in January, 1943, at Camp Grant, Pfc. Doerrler received his basic training at Jefferson Barracks and then joined his present unit at Geiger Field. He is a graduate of Foreman High School and was employed by Mojoiner Bros. as a welder.

He is now stationed on Luzon.

S-Sgt. Roger Rockenbach of Wheeling is glad to be living back in tents after the foxholes of Mindanao. Roger is the veteran of numerous campaigns of the South Pacific Islands and the Philippines.

He was enjoying a well deserved rest at the time of his last letter, and also better food. Having had fresh oranges, toast, bananas and cream for breakfast, he was looking forward to ice cream with dinner, the first in a year and a half. An Abbott and Costello movie had helped them forget some of the nightmares of the past.

He enclosed a small autographed flag in his letter to his sister Ruth and asked her to say "hello" to everyone for him.

Changing his address in the Philippines is Jack Parish of Bensenville. "Have been receiving the Register but it has been quite late most of the time. Please change my address. Am on Luzon."

His address is Sgt. Jack Parish, APO 74, % PM, San Francisco, Calif.

Changing his address in the Philippines is Bob Peters of Arlington Heights. His address is Pfc. Robert Peters, 16128584, APO 33, % PM, San Francisco, Calif.

Changing his address in the Philippines is Dan Callow, formerly of Bensenville. His address is Pfc. Daniel Callow, 36611657, APO 75, % PM, San Francisco, Calif.

## Solomons

From the Solomons comes word of Roger Erber of Arlington Heights.

"Received a letter from home and enclosed was a clipping stating that in order for me to get the paper that I must send in a request for it. So I hereby request that the paper be sent to the following address: Cpl. Roger Erber. % FPO, San Francisco, Calif.

"I haven't received the paper in the last few months due to the fact I was on the move. Now that I'm here I hope to receive the paper regularly. I enjoyed reading the paper very much and now that I haven't received it I miss it more than ever."

## Discharged

T-5 Eric Johnson, 736 N. Mitchell, Arlington Heights, has received an honorable discharge from the army. He reports he is looking forward to coming home and renewing acquaintances about Arlington.

## No. Carolina

Pvt. Lawrence W. Knaack, son of Mr. and Mrs. Harry H. Knaack, 315 N. Dunton ave., Arlington Heights, has been assigned to the AAF redistribution station and convalescent hospital at Camp Davis, N. C.

He has previously been stationed at Camp Barkeley, Camp Crowder, Camp Lee, Camp Ellis and Miami Beach.

Pvt. Knaack entered the service November 19, 1943.

Camp Davis is one of the newest installations of the AAF Personnel Distribution Command which controls all air force redistribution stations, convalescent hospitals and overseas replacement depots.

---

Now at Fort Bragg, North Carolina, is Edward Landauer of Mt. Prospect. "I have arrived in the Field Artillery Repl. Trng Ctr at Fort Bragg for basic training. I have been assigned to Battery C, 12th Bn., 4th FA Tng Regt."

## Removes mines under noses of the enemy

How George Tagge of Arlington Heights removed 24 land mines under direct fire of the Nazis is told this week in a bulletin from Germany. George is now stationed in Austria.

"While his squad was sweeping mines for C troop of the 117th Recon. Squadron, Cpl. Tagge, Co. B., 142nd Engrs Combat Bn., ran into a mined area of roadway, just around a hairpin turn, in one of those typical twisting village streets. The Krauts at once opened up on the squad.

"Having ascertained that there were three rows of eight mines each in the road round the bend, Cpl. Tagge volunteered to remove them.

"While he was pulling out the first row of mines at the turn, the Recons round the corner were unable to give him any covering fire, so Cpl. Tagge sweated the Jerries fire unassisted. After clearing the first row the Recons were then able to come round the turn and open up on the Krauts.

"They let go with 18 rounds right over Tagge's head but it was music to his ears as he pulled the remaining 16 mines to clear the road for the advance of the Recon troop in record time. Cpl. George Tagge has been awarded the Silver Star, the Bronze Medal, and the highest award from the French army, the 'Croix de Guerre."

Cpl. Tagge is now on a furlough in England. After his furlough he will be stationed in Austria until his transfer to the South Pacific. His wife lives on North State road, Arlington Heights.

Cpl. Tagge's address is Cpl. Geo. C. Tagge, 142d Engr C. Bn., APO 411, ASN 36688979, % PM, New York, N. Y.

*Solomons to Borneo*

# Liberator and crew unscathed in 8 months bombing of Japs

## Edward Anderson now discharged

In his teens, S-Sgt. Edward S. Anderson toyed with the thought of going places, seeing things and doing it quick. This strange urge led the hobby of building planes, gas motored planes that actually flew through the air. In imagination these planes skirted oceans and seas and roared over uninhabited lands. Then came the war, the wrecker of dreams. Anderson enlisted in the Army Air Corps within a month following the attack on Pearl Harbor. In February, 1944 he was on his way to the South Pacific. Within a year he was back in America—he had gone places, seen things and done it quick.

Yes, Sgt. Anderson had seen more water, more islands, more lands and more queer peoples than even his wildest dreams of imagination had pictured. He had flown over waters, lands and peoples that probably had never seen or heard of white men. He had seen volcanic, coralline, sand and rocky bluff islands. He had flown over misty, hot steaming jungles and thousands upon thousands of square miles of water. He had crossed and recrossed the equator so many times he had lost track of the actual number. Then came V-E Day—the point system—and July 8, Fort Sheridan. Now he's out of the army and back home, at 303 E. Circle, Prospect Heights, where he lives with his sister and brother-in-law, the F. T. Linds.

Within that short span of eleven months over seas Sgt. Anderson really did things quick. He wears numerous ribbons, has received the Air Medal and four clusters, the Presidential citation and two clusters as well as the Silver Star. To glean the information as to what he did and how he did it, in such a short time, your reporter pinned him down for a few minutes interview. Like all of these heroes who have done so much in crushing the enemy he's non-commital, tried hard to belittle his personal work and achievements, and dismissed the compliments with a shrug of his shoulders coupled with the words, "what did I do?"

Maybe he didn't realize it, but Sgt. Anderson told us plenty when he showed his papers. That information plus what was gleaned bit by bit during the interview and an off-the-record conversation over delicious coffee and cakes supplied by a loving sister enabled your reporter to piece together a most interesting story.

**Training for action**

As a raw recruit he walked into Chanute Field and began his army air life. Then came basic training at Jefferson Barracks, Mo., more corps training at Victorville, Calif., and Douglas, Ariz., before being sent to the Bomber air base, at Lincoln, Neb., to take up Mechanical engineering.

Next followed an intensified training in aerial gunnery at Ft. Myers, Fla., and Anderson was ready to be assigned for battle duty. To Salt Lake City, Utah, for assignment, stops at Tucson, Ariz., and Clovis, N. Mex., for experience, and at Pueblo, Col., for bomber training a short stop at Topeka, Kan., for orders and Ed was on his way to San Francisco and Embarkation for action.

**Action a plenty**

Within a few days he was swinging across the Pacific and into 11 months of fast traveling, fast action, fast thinking and plenty of experiences.

Once the long grind of across the Pacific was over, Ed's B-24 Liberator scouted numerous islands on training and reconnaissance missions. And in that bomber, way out in front of the wings, right in its very nose, sat the alertful Anderson eager to start shooting at Japs. Within a few days came Mission No. 1, Bougainville, in the Solomons, and Ed's B-24 and his companions who had set out from San Francisco on Feb. 1, 1944, had started their relentless task of showering bombs on the enemy.

Together with Corsair and Hellcat fighters, Hellcat bombers and Avenger torpedo planes the 424th Squadron hammered the Japs. Swarms of planes raked the airfield with bullets and the heavy aerial armada bombed and ripped landing strips, supply depots, barracks, and fortifications. Throughout this strike which terrified both Japanese soldiers and civilians the big Liberator moved in and out of the target zone without a scratch. Jap planes attempted to knock it down but with each attempt another enemy plane disappeared from the skys.

**Truk is neutralized**

This initial strike brought the Air Medal to the breast of Sgt. Anderson. Then came the initial strike and highly successful bombing of Truk, one of the most strongly fortified and heavily defended bases in the South Pacific and the key to the Japanese inner defense circle. Action there was—action aplenty.

"We lost some of our bombers, but I don't know how many. I was altogether too busy myself, and when we got back to Green Island we were so glad to get our feet on the ground that we didn't find out the number of our loss until later." That's the way Sgt. Anderson dismissed the record breaking strike.

But a Presidential citation told of the action against the enemy on Mar. 29, 1944. It said, in part, they flew 1700 miles entirely over water, without support, encountered two severe storms and delivered a devastating attack against Eten airfield, the key airdrome in the Truk Islands. Further, it told of how the 20 airplanes destroyed 49 enemy planes on the ground, how in returning following the strike, our aerial squadrons were attacked by 75 enemy fighters for 43 minutes and there ensued one of the bitterest aerial combats ever experienced in the South Pacific area, during which 31 enemy fighters were shot down, 12 probably destroyed and 10 damaged. Again Anderson's Liberator and crew came through without a loss.

Now 1700 miles doesn't sound very much, but when you twist it around and say that they were in the air 13 hours and 13 minutes—most of it just roaring along, alerted for action, with an hour of actual battle action, then 1700 miles of entirely over-water nonstop flying has a different significance. Such knowledge leads

to an understanding of the strained nervous action and reaction through which our aerial combat men must pass while on such a hazardous journey.

**Strike after strike**

With April came strike after strike—long over water non-stop bomber missions ranging from 1500 to 2500 miles. It was 13 strikes at Truk; Munda and Pira; 2 strikes at Satawan and 2 at Mokmer Airdrome; 3 at Woloai, 5 at Bosnek, 1 at Biak and Puluwat with 4 at Yap. Then followed strikes at Wakde, 2 at Palau, 3 at Halmaheira, 2 at Hawekoe and a hair-raiser at Balik-Papan, Borneo, on October 3, 1944.

The Balik-Papan strike was the forty-first mission of this charmed Liberator and its nose gunner Anderson, and for a time it seemed like its last. It was a second mass daylight raid against this heavily defended Japanese oil refinery center. The Liberator, carrying a maximum load of fuel and bomb load, and with the gunner's ammunition supply cut in half, they flew a record distance of more than 2,500 miles over water without fighter escort to bomb an area where aggressive enemy fighters pressed unrelenting attacks. The B-24 encountered intense and accurate anti-aircraft fire and had to fight off interceptor planes and enemy sucide attacks.

During the battle nose gunner Anderson knocked two enemy planes from the sky, and only the clever trick flying ability of the pilot saved the ship from suicide attacks. After making the bomb run over the target and a perfect hit with its bomb load, the Liberator's gunners helped ward off attackers and protected the crippled bombers of the fomation until they had outrun the enemy. For Anderson's gallantry in action in this daylight battle, he was awarded the silver star.

**Strange lands and waters**

During these eight full months of action—from Bougainville, in the Solomons, to Balik-Papan, Borneo, Sgt. Anderson was decorated 9 times. He saw more islands and more water than he ever wants to see again. The fact that he saw with his own eyes such strange places as the widely scattered Carolines, the Ralik and Ratak chain of the Marshalls; the Louisiade Archipelago, whose larger islands are inhabited by Melanesian tribes but scantily known to anthropologists; the Trobiand Islands whose kinky-haired natives travel from island to island in large seagoing canoes and believe in the magic of flying wiches, hardly created a ripple in his calm demeanor during the interview.

But when we talked about canibalism and man hunters it was easily discernible that he knew all about the natives of New Britain who grease their frizzly hair, which makes it stand on end in a most grotesque and terrifying manner. He knew, too, of the wild people on the D'Entrecasteax Islands and the strange Doubuans, a small dark skinned race, with big heads which give them a gnome-like appearance. Some of his pals had seen the Monotreme Echidna, one of the world's queerest mammals, which lives in New Guinea, which he described as having webbed feet, a duck-like bill and covered with a greenish fur.

He had heard of the New Guinea pygmies, how the wild natives love ornaments and wear sticks of bone inserted through the nose at the base of the lip, and was also aware of the habit the natives have of head hunting and skull collecting.

**Returning to civilian life**

Sgt. Anderson returned to America January 21, was sent to Miami Beach, Fla., for rehabilitation then to Liberal, Kansas, for assignment. While here, because of his 112 points, he was transferred to Ft. Sheridan, where he was discharged July 8.

After a rest the 41 mission war hero will go back to school and do a little more studying. He is not interested in flying nor in air transportation. Right now he is planning to take up plastic engineering. He feels that such work will keep him away from long over water hops with strange islands peopled with kinky-haired savages the only landing place. He'll take his chances hereafter in dodging automobiles in his own country.

IMPORTANT NOTICE
to wage-earners in the Chicago area

DO YOU WANT TO SERVE YOUR COUNTRY?
DO YOU WANT TO PREPARE FOR THE FUTURE?

You are needed to take a job at Douglas at once!

We are building vitally needed aircraft . . . C-54 Combat Air Transports . . . designed for the conflict against Japan. No one knows how long it will take to defeat the Japanese. In any case, we do know that the real struggle is just beginning. Iwo Jima and Okinawa have shown us how bitterly our victory will be contested and how great the price in American lives. If we are unable to turn out the planes—needed now more than ever—thousands of American boys may die unnecessarily . . . because of our failure here in Chicago.

Some may object—"The war is almost over and now is not the time to take a so-called war job." But the war is NOT over. It is apparent that the most difficult and bloody phase is just starting.

Others may feel that they'd better "get set" now in a peacetime job before the flood of demobilization starts. But no real advantage can thus be gained. When complete demobilization comes—if it ever does—ability will find its own level everywhere. Each of us will then find and hold the job for which we are fitted. It is a law of nature.

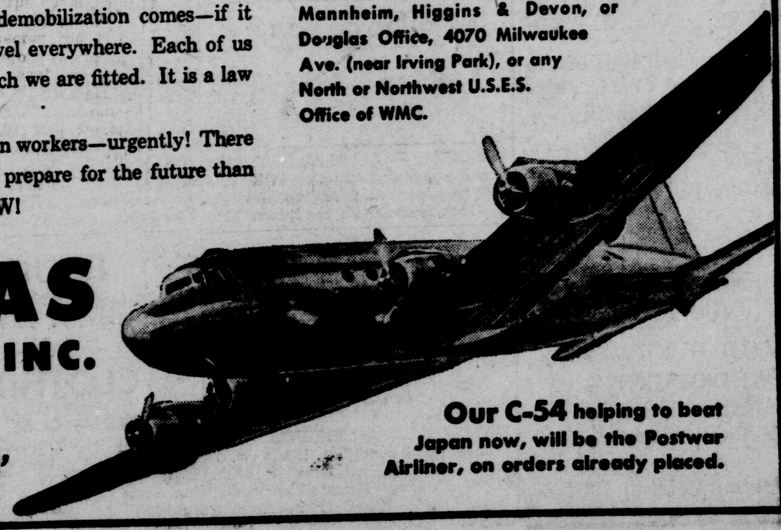
Meanwhile we need more production workers—urgently! There is no better way to serve America and prepare for the future than by coming to work at Douglas . . . NOW!

NO CUTBACKS HERE

Instead of cutting production, our schedules are actually being increased. The Army wants more and more Douglas C-54's as fast as we can build them. To help us obtain workers needed to build them War Manpower Commission has granted us a No. 2 Labor Priority, higher than any other war plant in Chicagoland. This is your opportunity to learn the aviation trade. Apply at once.

IF YOU LIVE NORTH OR NORTHWEST . . . and are not now in essential industry . . .

APPLY AT ONCE AT PLANT,
Mannheim, Higgins & Devon, or
Douglas Office, 4070 Milwaukee
Ave. (near Irving Park), or any
North or Northwest U.S.E.S.
Office of WMC.



DOUGLAS AIRCRAFT CO., INC.
"Chicago's Own Aircraft Plant"

Our C-54 helping to beat Japan now, will be the Postwar Airliner, on orders already placed.

## No. Carolina

Pvt. Lawrence W. Knaack, son of Mr. and Mrs. Harry H. Knaack, 315 N. Dunton ave., Arlington Heights, has been assigned to the AAF redistribution station and convalescent hospital at Camp Davis, N. C.

He has previously been stationed at Camp Barkeley, Camp Crowder, Camp Lee, Camp Ellis and Miami Beach.

Pvt. Knaack entered the service November 19, 1943.

Camp Davis is one of the newest installations of the AAF Personnel Distribution Command which controls all air force redistribution stations, convalescent hospitals and overseas replacement depots.

---

Now at Fort Bragg, North Carolina, is Edward Landauer of Mt. Prospect. "I have arrived in the Field Artillery Repl. Trng Ctr at Fort Bragg for basic training. I have been assigned to Battery C, 12th Bn., 4th FA Tng Regt."

## Removes mines under noses of the enemy

How George Tagge of Arlington Heights removed 24 land mines under direct fire of the Nazis is told this week in a bulletin from Germany. George is now stationed in Austria.

"While his squad was sweeping mines for C troop of the 117th Recon. Squadron, Cpl. Tagge, Co. B., 142nd Engrs Combat Bn., ran into a mined area of roadway, just around a hairpin turn, in one of those typical twisting village streets. The Krauts at once opened up on the squad.

"Having ascertained that there were three rows of eight mines each in the road round the bend, Cpl. Tagge volunteered to remove them.

"While he was pulling out the first row of mines at the turn, the Recons round the corner were unable to give him any covering fire, so Cpl. Tagge sweated the Jerries fire unassisted. After clearing the first row the Recons were then able to come round the turn and open up on the Krauts.

"They let go with 18 rounds right over Tagge's head but it was music to his ears as he pulled the remaining 16 mines to clear the road for the advance of the Recon troop in record time. Cpl. George Tagge has been awarded the Silver Star, the Bronze Medal, and the highest award from the French army, the 'Croix de Guerre."

Cpl. Tagge is now on a furlough in England. After his furlough he will be stationed in Austria until his transfer to the South Pacific. His wife lives on North State road, Arlington Heights.

Cpl. Tagge's address is Cpl. Geo. C. Tagge, 142d Engr C. Bn., APO 411, ASN 36688979, % PM, New York, N. Y.

*Solomons to Borneo*

# Liberator and crew unscathed in 8 months bombing of Japs

## Edward Anderson now discharged

In his teens, S-Sgt. Edward S. Anderson toyed with the thought of going places, seeing things and doing it quick. This strange urge led the hobby of building planes, gas motored planes that actually flew through the air. In imagination these planes skirted oceans and seas and roared over uninhabited lands. Then came the war, the wrecker of dreams. Anderson enlisted in the Army Air Corps within a month following the attack on Pearl Harbor. In February, 1944 he was on his way to the South Pacific. Within a year he was back in America—he had gone places, seen things and done it quick.

Yes, Sgt. Anderson had seen more water, more islands, more lands and more queer peoples than even his wildest dreams of imagination had pictured. He had flown over waters, lands and peoples that probably had never seen or heard of white men. He had seen volcanic, coralline, sand and rocky bluff islands. He had flown over misty, hot steaming jungles and thousands upon thousands of square miles of water. He had crossed and recrossed the equator so many times he had lost track of the actual number. Then came V-E Day—the point system—and July 8, Fort Sheridan. Now he's out of the army and back home, at 303 E. Circle, Prospect Heights, where he lives with his sister and brother-in-law, the F. T. Linds.

Within that short span of eleven months over seas Sgt. Anderson really did things quick. He wears numerous ribbons, has received the Air Medal and four clusters, the Presidential citation and two clusters as well as the Silver Star. To glean the information as to what he did and how he did it, in such a short time, your reporter pinned him down for a few minutes interview. Like all of these heroes who have done so much in crushing the enemy he's non-commital, tried hard to belittle his personal work and achievements, and dismissed the compliments with a shrug of his shoulders coupled with the words, "what did I do?"

Maybe he didn't realize it, but Sgt. Anderson told us plenty when he showed his papers. That information plus what was gleaned bit by bit during the interview and an off-the-record conversation over delicious coffee and cakes supplied by a loving sister enabled your reporter to piece together a most interesting story.

**Training for action**

As a raw recruit he walked into Chanute Field and began his army air life. Then came basic training at Jefferson Barracks, Mo., more corps training at Victorville, Calif., and Douglas, Ariz., before being sent to the Bomber air base, at Lincoln, Neb., to take up Mechanical engineering.

Next followed an intensified training in aerial gunnery at Ft. Myers, Fla., and Anderson was ready to be assigned for battle duty. To Salt Lake City, Utah, for assignment, stops at Tucson, Ariz., and Clovis, N. Mex., for experience, and at Pueblo, Col., for bomber training a short stop at Topeka, Kan., for orders and Ed was on his way to San Francisco and Embarkation for action.

**Action a plenty**

Within a few days he was swinging across the Pacific and into 11 months of fast traveling, fast action, fast thinking and plenty of experiences.

Once the long grind of across the Pacific was over, Ed's B-24 Liberator scouted numerous islands on training and reconnaissance missions. And in that bomber, way out in front of the wings, right in its very nose, sat the alertful Anderson eager to start shooting at Japs. Within a few days came Mission No. 1, Bougainville, in the Solomons, and Ed's B-24 and his companions who had set out from San Francisco on Feb. 1, 1944, had started their relentless task of showering bombs on the enemy.

Together with Corsair and Hellcat fighters, Hellcat bombers and Avenger torpedo planes the 424th Squadron hammered the Japs. Swarms of planes raked the airfield with bullets and the heavy aerial armada bombed and ripped landing strips, supply depots, barracks, and fortifications. Throughout this strike which terrified both Japanese soldiers and civilians the big Liberator moved in and out of the target zone without a scratch. Jap planes attempted to knock it down but with each attempt another enemy plane disappeared from the skys.

**Truk is neutralized**

This initial strike brought the Air Medal to the breast of Sgt. Anderson. Then came the initial strike and highly successful bombing of Truk, one of the most strongly fortified and heavily defended bases in the South Pacific and the key to the Japanese inner defense circle. Action there was—action aplenty.

"We lost some of our bombers, but I don't know how many, I was altogether too busy myself, and when we got back to Green Island we were so glad to get our feet on the ground that we didn't find out the number of our loss until later." That's the way Sgt. Anderson dismissed the record breaking strike.

But a Presidential citation told of the action against the enemy on Mar. 29, 1944. It said, in part, they flew 1700 miles entirely over water, without support, encountered two severe storms and delivered a devastating attack against Eten airfield, the key airdrome in the Truk Islands. Further, it told of how the 20 airplanes destroyed 49 enemy planes on the ground, how in returning following the strike, our aerial squadrons were attacked by 75 enemy fighters for 43 minutes and there ensued one of the bitterest aerial combats ever experienced in the South Pacific area, during which 31 enemy fighters were shot down, 12 probably destroyed and 10 damaged. Again Anderson's Liberator and crew came through without a loss.

Now 1700 miles doesn't sound very much, but when you twist it around and say that they were in the air 13 hours and 13 minutes—most of it just roaring along, alerted for action, with an hour of actual battle action, then 1700 miles of entirely over-water nonstop flying has a different significance. Such knowledge leads

to an understanding of the strained nervous action and reaction through which our aerial combat men must pass while on such a hazardous journey.

**Strike after strike**

With April came strike after strike—long over water non-stop bomber missions ranging from 1500 to 2500 miles. It was 13 strikes at Truk; Munda and Pira; 2 strikes at Satawan and 2 at Mokmer Airdrome; 3 at Woloai, 5 at Bosnek, 1 at Biak and Puluwat with 4 at Yap. Then followed strikes at Wakde, 2 at Palau, 3 at Halmaheira, 2 at Hawekoe and a hair-raiser at Balik-Papan, Borneo, on October 3, 1944.

The Balik-Papan strike was the forty-first mission of this charmed Liberator and its nose gunner Anderson, and for a time it seemed like its last. It was a second mass daylight raid against this heavily defended Japanese oil refinery center. The Liberator, carrying a maximum load of fuel and bomb load, and with the gunner's ammunition supply cut in half, they flew a record distance of more than 2,500 miles over water without fighter escort to bomb an area where aggressive enemy fighters pressed unrelenting attacks. The B-24 encountered intense and accurate anti-aircraft fire and had to fight off interceptor planes and enemy sucide attacks.

During the battle nose gunner Anderson knocked two enemy planes from the sky, and only the clever trick flying ability of the pilot saved the ship from suicide attacks. After making the bomb run over the target and a perfect hit with its bomb load, the Liberator's gunners helped ward off attackers and protected the crippled bombers of the fomation until they had outrun the enemy. For Anderson's gallantry in action in this daylight battle, he was awarded the silver star.

**Strange lands and waters**

During these eight full months of action—from Bougainville, in the Solomons, to Balik-Papan, Borneo, Sgt. Anderson was decorated 9 times. He saw more islands and more water than he ever wants to see again. The fact that he saw with his own eyes such strange places as the widely scattered Carolines, the Ralik and Ratak chain of the Marshalls; the Louisiade Archipelago, whose larger islands are inhabited by Melanesian tribes but scantily known to anthropologists; the Trobiand Islands whose kinky-haired natives travel from island to island in large seagoing canoes and believe in the magic of flying wiches, hardly created a ripple in his calm demeanor during the interview.

But when we talked about cannibalism and man hunters it was easily discernible that he knew all about the natives of New Britain who grease their frizzly hair, which makes it stand on end in a most grotesque and terrifying manner. He knew, too, of the wild people on the D'Entrecasteax Islands and the strange Doubuans, a small dark skinned race, with big heads which give them a gnome-like appearance. Some of his pals had seen the Monotreme Echidna, one of the world's queerest mammals, which lives in New Guinea, which he described as having webbed feet, a duck-like bill and covered with a greenish fur.

He had heard of the New Guinea pygmies, how the wild natives love ornaments and wear sticks of bone inserted through the nose at the base of the lip, and was also aware of the habit the natives have of head hunting and skull collecting.

**Returning to civilian life**

Sgt. Anderson returned to America January 21, was sent to Miami Beach, Fla., for rehabilitation then to Liberal, Kansas, for assignment. While here, because of his 112 points, he was transferred to Ft. Sheridan, where he was discharged July 8.

After a rest the 41 mission war hero will go back to school and do a little more studying. He is not interested in flying nor in air transportation. Right now he is planning to take up plastic engineering. He feels that such work will keep him away from long over water hops with strange islands peopled with kinky-haired savages the only landing place. He'll take his chances hereafter in dodging automobiles in his own country.

IMPORTANT NOTICE
to wage-earners in the Chicago area

DO YOU WANT TO SERVE YOUR COUNTRY?
DO YOU WANT TO PREPARE FOR THE FUTURE?
You are needed to take a job at Douglas at once!

We are building vitally needed aircraft . . . C-54 Combat Air Transports . . . designed for the conflict against Japan. No one knows how long it will take to defeat the Japanese. In any case, we do know that the real struggle is just beginning. Iwo Jima and Okinawa have shown us how bitterly our victory will be contested and how great the price in American lives. If we are unable to turn out the planes—needed now more than ever—thousands of American boys may die unnecessarily . . . because of our failure here in Chicago.

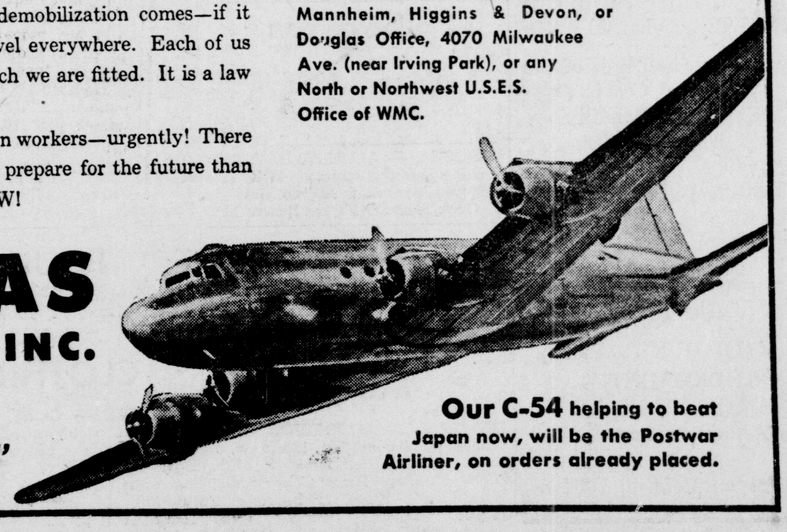
Some may object—"The war is almost over and now is not the time to take a so-called war job." But the war is NOT over. It is apparent that the most difficult and bloody phase is just starting.

Others may feel that they'd better "get set" now in a peacetime job before the flood of demobilization starts. But no real advantage can thus be gained. When complete demobilization comes—if it ever does—ability will find its own level everywhere. Each of us will then find and hold the job for which we are fitted. It is a law of nature.

Meanwhile we need more production workers—urgently! There is no better way to serve America and prepare for the future than by coming to work at Douglas . . . NOW!

NO CUTBACKS HERE
Instead of cutting production, our schedules are actually being increased. The Army wants more and more Douglas C-54's as fast as we can build them. To help us obtain workers needed to build them War Manpower Commission has granted us a No. 2 Labor Priority, higher than any other war plant in Chicagoland. This is your opportunity to learn the aviation trade. Apply at once.

IF YOU LIVE NORTH OR NORTHWEST . . . and are not now in essential industry . . .
APPLY AT ONCE AT PLANT, Mannheim, Higgins & Devon, or Douglas Office, 4070 Milwaukee Ave. (near Irving Park), or any North or Northwest U.S.E.S. Office of WMC.



DOUGLAS AIRCRAFT CO., INC.
"Chicago's Own Aircraft Plant"
Our C-54 helping to beat Japan now, will be the Postwar Airliner, on orders already placed.
